DISTINGUISHED BUDGET PRESENTATION AWARD
GOVERNMENT FINANCE OFFICERS ASSOCIATION

THE GOVERNMENT FINANCE OFFICERS ASSOCIATION OF THE UNITED STATES AND CANADA PRESENTED A DISTINGUISHED BUDGET PRESENTATION AWARD TO THE CITY OF GRAND RAPIDS, MICHIGAN, FOR ITS ANNUAL BUDGET FOR THE FISCAL YEAR BEGINNING JULY 1, 2019.

IN ORDER TO RECEIVE THIS AWARD, A GOVERNMENTAL UNIT MUST PUBLISH A BUDGET DOCUMENT THAT MEETS PROGRAM CRITERIA AS A POLICY DOCUMENT, AS A FINANCIAL PLAN, AS AN OPERATIONS GUIDE, AND AS A COMMUNICATIONS DEVICE.

THIS AWARD IS VALID FOR A PERIOD OF ONE YEAR ONLY. WE BELIEVE OUR CURRENT BUDGET CONTINUES TO CONFORM TO PROGRAM REQUIREMENTS, AND WE ARE SUBMITTING IT TO GFOA TO DETERMINE ITS ELIGIBILITY FOR ANOTHER AWARD.

THE RECEIPT OF THIS AWARD MARKS THE THIRTY-SECOND CONSECUTIVE YEAR THE CITY HAS BEEN HONORED BY THE GOVERNMENT FINANCE OFFICERS ASSOCIATION FOR DISTINGUISHED BUDGET PRESENTATION.

July 1, 2020

Mayor and City Commissioners,

Much has changed since our first discussion about the potential FY2021 Fiscal Plan in November of 2019. No one could have anticipated that our list of horizon topics would change so dramatically just weeks after our mid-year performance management update in late February 2020 and a hopeful State of the City address in the first week in March. A local, state and national economy that was powering forward at a good speed, braked to a slow roll in less than 30 days. What were solid growth projections now point to equally solid revenue reductions. It is clear to us that the economy will not recover until the pandemic is more controlled. We are still navigating through our health, safety and relief efforts and responses. Our immediate focus is to save lives and keep people safe by preventing the spread of COVID-19. Many City employees have worked fervently and bravely as part of the response efforts and I am grateful for and proud of their public service.

The impact of COVID-19 on businesses and residents can be seen and felt. Streets have fewer people and once vibrant business districts are muted. The hope for many businesses is that the economic halt is short-lived and a short-term sacrifice that has a bigger return in the future. We are doing everything we can locally to support relief and recovery, including supporting residents and businesses in the application of county, state and federal stimulus programs, creating locally funded programs, and implementing social zones and districts.

COVID-19 virus has also fully revealed something else – something we've known for some time. It has laid bare the disparities that persist for people of color in the 21st Century. Black and Latinx residents across the country have been disproportionately impacted by the virus. This can be traced back to a history of disinvestment in Black and Brown communities, where limited access to health services, healthy food and clean air have led to disparate health outcomes beyond the current crisis.

So when images of George Floyd's murder at the hands of police officers came to light, it rightfully added to the discussion of disparate life-or-death outcomes that people of color face in our country. The anger and frustration over a lack of progress spilled into the streets, and people of all backgrounds have demanded change. And justifiably so. Across the country, we must do better.

This conversation isn't new in Grand Rapids. In fact, it's why we explicitly called out equity as the foundation of the strategic plan we adopted in 2019. It's why we created the Office of Equity and Engagement and why we now have a Director of Oversight and Public Accountability. We've invested more in community policing specialists, expanding the program to evening shifts, and we've invested in body-worn cameras for our police officers. We've updated our policy on interaction with foreign nationals, adopted a human rights ordinance, increased protections against false crime reporting and published all our police policies online. And we did all of this before the most recent calls for change. We're committed to systemic changes in policing, accountability and justice.

That's further reflected in new commitments we've made to the community and to the City Commission. We've heard the concerns of our community and we've incorporated those in actions we intend to take to improve policing and address systemic and institutional racism. Police and community are not mutually exclusive but are symbiotic. The Police needs the community and the community needs Police. It is past time for the relationship to be re-examined so that we can address the historical, institutionalized problems that have created system oppression for people of color, the poor and other affected groups in this country for decades and indeed centuries. We'll continue to engage with you to design a future for public safety and public safety budgeting that can be an example for the nation. That's how we'll realize sustainable change.

This budget anticipates revenue shortfalls but minimizes the reduction to essential services in a fiscally responsible and sustainable way. We remain hopeful that we will receive more stimulus funding from county, state and federal resources that will assist in response and recovery. We will continue to monitor economic performance after budget adoption and if the economic realities are different than our initial projections, we will be able to quickly adjust and propose budget amendments.

Strategic Foundation

We were able to pivot rapidly because of the foundation of the Strategic Plan. What remains unchanged are the priorities, outcomes and objectives in our Strategic Plan and the values of accountability, collaboration, customer service, equity, innovation and sustainability. These continue to shape our work as we deal with this economic crisis and will inform how we recover. The Strategic Plan has served us well in good times and is even more valuable now.

Reliance on the Strategic Plan enabled development of a Fiscal Plan that is fiscally sustainable, remains focused on our values, continues progress toward outcomes, and emphasizes investments in community and economic recovery.

Unlike past fiscal years, the FY2021-2025 Fiscal Plan is built on projections of a reduction in revenues that required a rapid pivot in planned expenditures. This change in scope is significant. Total expenditures for FY2020 were \$553 million. This Fiscal Plan recommends total expenditures of \$531 million for FY2021, a decline of \$22 million.

In the General Operating Fund (GOF), revenues are now projected to decline 5% when compared to the adopted FY2020 revenue budget as opposed to a projected increase of 2% prior to the pandemic. This sudden net reduction in projected revenues of 7% drove a reduction in expenditures from the FY2020 adopted budget. This required a net year over year GOF expenditure decrease of \$4.94 million, a decrease of 3.3%, below the FY2020 adopted budget.

Longer term, GOF revenues are now projected to under-perform FY2020 projections through FY2025. We have begun to address this trend in the FY2021 Fiscal Plan and will continue that work during in the next fiscal year.

These dynamic changes required immediate, difficult and targeted solutions focused on maintaining continuity of services at FY2020 levels. Staffing levels are maintained at FY2020 levels as amended and no new positions are included in the FY2021 Fiscal Plan recommendation. Any new initiatives are supported by earned efficiencies. And, I have implemented a modified hiring freeze and restricted travel to limit current and future expenditures in operating departments until we reach a point of stabilization.

We have balanced FY2021, but significant work remains ahead of us to maintain reserves at policy levels in future fiscal years.

Recovery of a Resilient City

We are a resilient community and we will recover. And because we have been good stewards and have built fiscal resiliency into our financial planning, we will invest to help make that recovery happen in a way that helps community members and businesses move forward.

The General Operating Fund recommendation includes \$500,000 in investments (\$250,000 in new investments and \$232,500 in reappropriated funds) to support resiliency of community members and local business during the pandemic and to "build back better" once the pandemic subsides. This will be combined with \$2.2 million in supplemental Community Development Block Grant (CDBG-CV) and \$1.1 million in Emergency Solutions Grant (ESG-CV) funding for a total of \$3.75 million in economic stimulus identified to date for the Grand Rapids community from City sources.

We will marshal every available resource and focus them on investments that re-energize community life and stimulate business recovery. This will be led by a resource leadership team that will repurpose existing tools, guide investments through our Corridor Improvement Authorities and Downtown Development Authority, innovate with our Brownfield Redevelopment Authority and Economic Development Corporation, develop new business supports, collaborate with partners, and secure every possible dollar of State and Federal support to focus on recovery and ensure resiliency. We will identify gaps in support for residents who, due to structural inequities, are most vulnerable to economic insecurity and COVID-19 exposure, and direct investments to support their resiliency during the pandemic. Depending on federal regulations, we intend to use CDGB-CV and ESG-CV dollars for these efforts and will repurpose the Neighborhood Match Fund to expand focus to include basic needs and support for all residents, regardless of their status.

We intend to make sure our recovery efforts are inclusive by analyzing the impacts of any reductions made to ensure there are no disproportionate or unintended outcomes.

Recovery is a mission of emergency operations and will be managed through that structure. Recommendations for specific investments are under development and will be brought forward as soon as they are developed

Beginning with the FY2020 Fiscal Plan, we made direct investments in the six strategic priorities identified by the Strategic Plan with the intent to elevate quality of life through excellent City services. The FY2021 Fiscal Plan is organized in the same fashion and exemplifies our efforts to align the Fiscal Plan to our Strategic Plan.

Priorities

Governmental Excellence

A fiscally resilient government powered by high performing and knowledgeable staff equipped with the appropriate tools and resources to offer excellent, equitable and innovative public service.

Engaged and Connected Community

Residents and stakeholders have awareness of and voice in decisions that affect them, and receive culturally-responsive and proactive communication.

Mobility

Innovative, efficient and equitable mobility solutions are safe, affordable and convenient to the community.

Economic Prosperity and Affordability

Residents, employees and businesses have pathways to financial growth and security.

Health and Environment

The health of all people and the environment are advocated for, protected and enhanced.

Safe Community

All people feel safe and are safe at all times throughout our community.

Maintaining our investments at FY2020 levels will allow us to continue our progress, and we plan to find ways to build on that progress through efficiencies and innovation. That is the basis for our direction in FY2021, and the investments described in the sections that follow. Several notable accomplishments have already been achieved in the first three quarters of FY2020 and they are highlighted below under each Strategic Priority section.

Earned Savings and Improved Service Through Efficiencies

The pivot required to present a balanced FY2021 Fiscal Plan that maintains services and continues to invest in the Strategic Plan was made possible in part through a series of operating efficiencies and savings earned during FY2020 and projected in FY2021, including:

- Earning \$5.2 million in savings through restructuring and rebidding the City's health care plan
- Creating a mobile permitting pilot to experiment with on-site issuance of building and trade permits in neighborhoods and business districts
- Implementing a new "mobile assessor" tool to speed the property value assessment process in the field
- Enacting several measures expected to save approximately \$500,000 including a modified hiring freeze for non-essential services, travel limitations and other cost reductions during the remainder of FY2020 to slow spending now and may continue into FY2021
- Investing in software solutions and processes to promote more open data accessibility and customer self-service and payment options
- Saving \$500,000 in electricity costs after one full year of negotiated rate changes were implemented
- Continuing pilot interventions for system change such as the Inebriate Center, retail specialist and housing practice leader
- Implementing For The Record (FTR) court video recording technology in two additional courtrooms in the 61st District Court to improve efficiency in services
- Continuing to invest in the state land bank partnership to increase the supply of affordable housing
- Realizing \$500,000 in savings by continuing the in-house trench repair program

We will continue to search for ways to both reduce costs and improve services as we move through FY2021.

Embedding Equity and Aligning Our Investments to Our Strategic Priorities and Desired Outcomes

Our Strategic Plan has never been more important. Our mission has never been more relevant. Our values are instrumental.

This strategic foundation enabled a rapid pivot in the face of sudden change, something most organizations cannot accomplish. And our commitment to equity is more important than ever. We remain committed to advancing equitable outcomes and opportunities by leading with racial equity to address root causes of disparities.

We are able to pivot because of the quality of our staff, our preparation, earned savings in health insurance, our drive for efficiencies and the solid financial discipline of the City Commission and staff. We have exercised fiscal sustainability and built reserves for a time like this.

The balance of this budget message highlights how policy and investment recommendations will help elevate quality of life through excellent City services, advance equity and further the desired outcomes for each strategic priority.

FY2021 investments that will contribute to more equitable outcomes are presented first followed by sections on each strategic priority that include key dashboard metrics and FY2020 accomplishments to provide a status check.

Ensuring Equitable Services Across The Community

The City is dedicated to advancing equitable outcomes and opportunities by leading with racial equity to address root causes of disparities. We define equity as the condition achieved when people have the tools, resources and connections necessary to be fully engaged and prepared to benefit from the opportunities they seek. Racial equity is achieved when one's race or ethnicity does not determine, in a statistical sense, how one experiences opportunity, power and life outcomes.

This targeted approach to achieving racial equity will advance our universal goal of elevating quality of life in Grand Rapids for all. Equity is one of the City's six values and must be embedded into all of our decisions, policies, and practices. In an effort to dismantle the systemic and institutional injustice that has been prevalent throughout our history, we have made the conscious choice to invest in equity in each of our six strategic priorities.

The first objective in the Strategic Plan outlines our commitment to creating a structure within City operations to lift up racial equity throughout our organization so each department has the knowledge, skills and support to intentionally remove and prevent barriers created by systemic and institutional injustice.

Additionally, to the extent possible, all plan metrics will be disaggregated by race and ethnicity, and when needed as a proxy, by geography. Data informed decisions are important. To reach our goals, we need to use what we learn to transform government and achieve positive and sustainable community level impact.

Equity Budget Tool

We designed and piloted an equity budget tool for the first time in FY2019 to familiarize departments with using key components of the Racial Equity Toolkit created by the Government Alliance on Race and Equity (GARE) and to practice using an equity lens when developing budget requests. Each department submitted one project and progress was tracked over the fiscal year. Outcome highlights from FY2019 and FY2020 budget equity submissions include creation of the eviction prevention program, increasing participation in elections, the piloting of a code enforcement diversion program, increasing GR PAYT signups in four zip codes and offering a monthly payment option, increased rates of auto-pay options and fewer walk-ins, launch enhanced equitable data-driven hiring practices, several initiatives to increase supplier diversity, the successful launch of the Neighborhood Leadership Academy, efforts to increase attendance at civil service exam tests and expanded hours and location of income tax services.

In preparation for the FY2021 Fiscal Plan, departments were asked to assess their entire FY2021 capital, operating and supplemental requests to identify investments, that fully or in part, explicitly and directly advance the City's equity goals. The process was much more robust and integrated than in the previous years and will continue to be iterated to capture and quantify equity investments in a more streamlined and systematic manner. Departments identified location of investments to determine geographic impact by Census tract, Ward and/or citywide impact. Per the City's Strategic Plan, geography is used as a proxy when race and ethnicity data is not available. The Director of Equity and Engagement reviewed over 100 budget equity highlight submissions, sought clarity when needed and presented analysis during the departments' budget review meeting.

During this iteration of the equity budget process, we learned that equity advancement through capital projects is best captured through annual reports of actual dollars invested with Micro Local Business Enterprises (MLBEs) and the MLBE sub-category, Minority Business Enterprises (MBEs). In addition to investments, equity can be found in strategies departments implemented, such as breaking down large contracts into smaller contracts and intentional outreach in advance for MLBEs to submit project bids. Departments expressed a desire to increase MLBE utilization and equity strategies with many of the FY2021 capital project requests. Actual investments and strategies used will be tracked and reported.

Operating Investments that Advance Equitable Outcomes

The FY2021 Fiscal Plan recommends more than \$14,143,108 in operating investments that will contribute to more equitable policies, practices and/or outcomes. Some examples of those investments include, but are not limited to:

Governmental Excellence

- Creation of administrative policy to support the formation of and participation in an Employee Resource Group (ERG) that align to the City's equity and inclusion efforts to attract and retain diverse staff, while also supporting an inclusive workplace culture. Support for current ERG programming, professional development and outreach - Prism GR, West Michigan Chapter of the National Forum for Black Public Administrators (NFBPA), West Michigan Local Government Latino Network (WMLGLN) - \$25,000
- Indigent defense representation to provide legal representation to the 90% of defendants at initial criminal offense court appearances, who are disproportionately persons of color and without representation for a variety of structural inequities within the criminal justice system - \$177,125
- Embedding equity in all City practices, policies and sphere of influence regarding the Grand River Restoration Project - \$200,000
- Expand staff equity, diversity and inclusion training, strategy implementation and data collection methods - \$69,000
- Launch Master Plan scoping phase that includes leading with and embedding equity throughout - \$100,000

Economic Prosperity and Affordability

- Capacity building and systems navigation support for MLBEs - \$21,300
- LEAD Program's workforce development and job placement efforts - \$50,000
- Youth employment (Steepletown Neighborhood Services and Hispanic Center of Western MI) and economic support for refugees (Treetop Collective) - \$130,000
- Temporary water utility bill assistance - \$132,173
- Refuse service for households with low-income - \$150,000
- Continuing work to increase affordable housing, including State Land Bank partnership - \$270,000
- Affordable housing grants from Community Development - \$933,000
- Mobile Permit Center pilot - \$29,217

Engaged and Connected Community

- Neighborhood Match Fund - \$100,000
- Adoption and implementation of revised language access administrative policy, including language service contractual services - \$23,000
- Our City Academy - \$5,680
- City community engagement framework development and implementation - \$50,000
- Neighborhood and resident capacity building (Summit and Neighborhood Leadership Academy) - \$110,000
- Neighborhood association grant support - \$297,927

Health and Environment

- Lead remediation - \$1,975,000
- Environmental justice and climate change initiatives - \$12,500
- Connecting Children to Nature - \$152,682

Mobility

- Sidewalk Snow Support Pilot Program - \$100,000
- DASH (free fare) and low-cost commuter lots - \$2,220,082

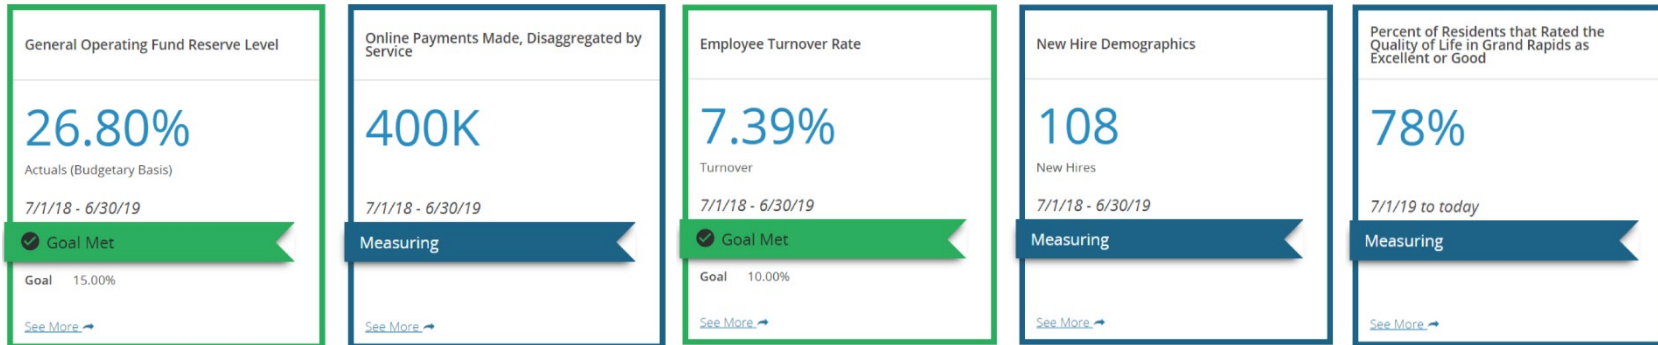

Safe Community

- Expungement program - \$15,000
- Homelessness prevention and rapid rehousing - \$324,000
- Police candidate recruit program - \$458,041
- Mel Trotter public inebriate program - \$50,000
- Michigan Prisoner Re-entry/Support program - \$227,000
- Human trafficking prevention - \$3,000
- Women's Police Summit - \$2,000

Governmental Excellence

Measuring Governmental Excellence Progress

We have tracked the progress we are making so far in FY2020 and the key metrics for Governmental Excellence show solid performance in this sector. In addition to these five metrics, the City is also working to track and report on the amount of capital investment made by Ward and Neighborhoods of Focus for inclusion in the Key Metric Dashboard. This information is included in this FY2021 Fiscal Plan in the Capital Investment section.

The 2020 National Research Center survey of Grand Rapids residents found that:

- 78% rate the overall quality of life in Grand Rapids as excellent or good – a rating similar to the national benchmark comparison
- 87% rate Grand Rapids as a place to live as excellent or good – similar to benchmark cities. The city performed above national benchmarks as a place to visit (84% excellent/good) and as a place to work (78% excellent/good).
- Residents of color report lower levels of satisfaction across most aspects of the survey, with the exception of mobility. These residents also are more likely to rank creating pathways to financial growth as a priority for the City (90%).
- 95% rate the quality of City services excellent to fair
- 92% rate the direction the City is going excellent to fair
- 94% positive rating of overall customer service by City employees

This progress has been driven by steady investment and several key accomplishments, including:

- Earning \$5.2 million in FY2021 in health care savings
- Adoption of the Human Rights Ordinance
- All employee contracts completed with improved benefits and improvements to the medical plan
- Improved organizational and wellness support
- Hire Reach pilot program initiated
- Developed scoping outline of the process for completing the next Master Plan
- Completed security reviews for City owned facilities
- Launched performance management and began revising the Performance Budgeting System to align to the Strategic Plan
- Implemented the Third Ward Equity Fund
- Restored the Calder Stable
- Continued work on data transparency and accessibility

Measuring our progress and getting direct feedback from city residents has shaped recommended investments for FY2021.

Select operating investments for FY2021 include \$3.71 million in multiple funds.

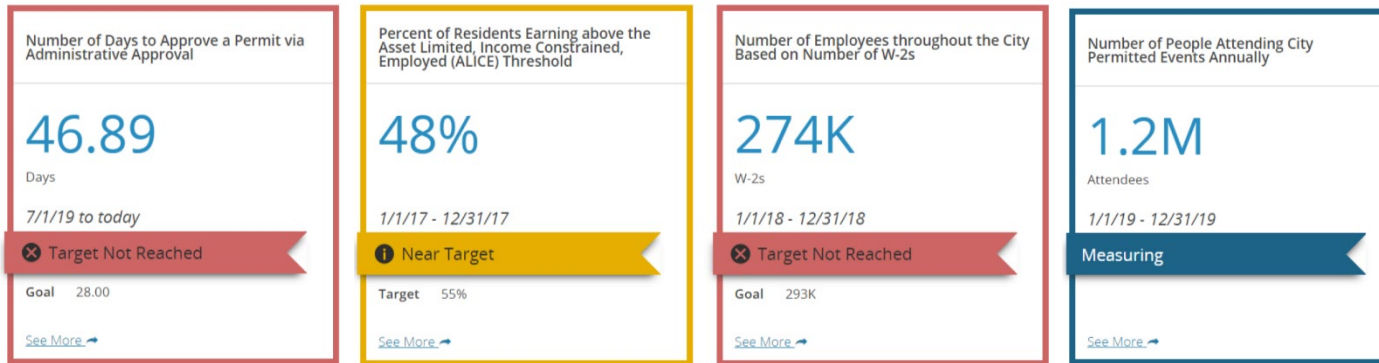

They include: \$15,000 to continue the Hire Reach pilot for employee entrance exams that uses a new system of testing to help hire for ability; \$69,000 to continue equity training for City staff; \$200,000 for equitable Grand River restoration; \$312,355 in neighborhood connections work; \$25,000 to support Employee Resource Groups; \$177,125 to continue investment in the Michigan Indigent Defense Commission transition; \$85,000 for the first full year of our wellness program; \$58,976 for organizational development and staff training; \$843,750 for ongoing analysis of building space use as well as facility asset management; \$200,000 for the Coldbrook Pump Station and Monroe Reservoir decommissioning; \$113,000 investment in community facing software enhancements; \$100,000 investment in the first phases of the Master Plan process; \$36,500 for performance management; \$108,000 in legislative affairs support; and \$1.58 million in essential software upgrades that will support many departments.

This fiscal plan continues to support reorganizing to accelerate the work of embedding equity in all levels of our organization and our community.

Recommended capital investments in the Governmental Excellence strategic priority total \$5.42 million for FY2021. The most significant investments include: \$4.27 million in facilities improvements and asset management, including enhancements to teleconferencing technology; \$150,000 in communications and IT upgrades for parking facilities; \$500,000 for improvements at the Grand Rapids Public Museum; \$500,000 in deposits for private development projects and vacating right-of-way; and continued due diligence on the feasibility of the acquisition and use of the Kent County Road Commission site.

 **Economic Prosperity and Affordability**

Measuring Economic Prosperity and Affordability Progress

The key metrics for Economic Prosperity and Affordability show progress toward targets to be achieved by the end of FY2023, and show that work remains to achieve the desired outcomes. In addition to these four metrics, the City is committed to tracking and reporting on dollars and percentages of total City contract expenses and goods and services paid to micro-local business enterprises, minority business enterprises, women business enterprises and companies providing apprenticeship opportunities. Tracking the number of net new housing units by type and price point will also be included in future versions of the Key Metric Dashboard.

The 2020 National Research Center survey of Grand Rapids residents found that:

- The City of Grand Rapids ranked above both national and population-based benchmark cities when it came to the local economy (e.g. shopping, new development, arts/culture).
- Creating pathways to financial growth for residents, employees and businesses was important to 83% of those who responded.
- 64% believe the economic development is excellent or good
- Respondents ranked the City as excellent/good and higher than national and population benchmarks in these key areas:
 - Employment opportunities – 71%
 - Place to visit – 84%
 - Place to work – 78%
 - Vibrancy of the downtown area, new development, and shopping opportunities – 3 in 4 respondents

Progress during FY2020 has been driven by steady investment and several key accomplishments, including:

- Completion of the Equitable Economic Development & Mobility Strategic Plan
- Launched Retail Retention and Recruitment Program Partnership
- Approved State Land Bank Agreement
- A 57% increase in registered MLBE firms
- Launched community Housing Needs Assessment with community partners
- Received a \$300,000 Equitable Grand River Restoration Initiative (EGRRI) grant
- Partnered with and supported the inaugural Project [1] by ArtPrize
- Opened Studio Park
- Began implementation of medical marijuana
- T2CStudio served 1,734 students helping them get to and through college
- Continued permitting process for River Restoration, adopted an MOU with Grand River White Water and a MOA with GRWW, GLFC and U.S. Fish and Wildlife Service

Economic activity during 2019 remained strong. Total building permit value was \$561 million for 2019 as compared to \$431 million for calendar 2018. Investment backed by City incentives included:

- \$158.5 million in new private investment
- 358 new jobs with an overall average wage of \$19.81 per hour
- 91 new housing units including 31 affordable apartment units (80% AMI or below)
- \$536,671 of new City tax revenue annually
- Innovative investment of \$303,000 in Local Brownfield Revolving Fund to facilitate critical Low Income Housing Tax Credit projects creating 26 units and another five affordable units

Measuring our progress and getting direct feedback from city residents has shaped recommended investments for FY2021.

Select operating investments for FY2021 include \$8.31 million in multiple funds. Principal among these investments is the support for Economic Resiliency and Recovery, which includes a General Operating Fund investment of up to \$500,000 in new and reappropriated investments. This investment preserves and rolls over the remaining \$232,500 from the FY2020 Third Ward Equity Fund to energize a fresh start for businesses and the community once the pandemic passes. This will be combined with \$2.2 million in supplemental Community Development Block Grant and \$1.1 million in Emergency Shelter Grant funding to leverage other federal, state and local investment for a total investment of \$3.75 million. We will marshal every available resource and focus them on investments to energize community life and business recovery in a way that accelerates recovery and ensures resiliency by identifying and filling gaps in funding.

Additional Economic Prosperity and Affordability investments include: \$75,000 continued investment in the innovative Housing Practice Leader contract with Housing Next; \$270,000 to continue working to increase affordable housing, including State Land Bank partnership; \$1.15 million in support for real estate and small business development on contaminated or functionally obsolete properties; \$187,000 in façade improvement support within Corridor Improvement Authorities; \$315,000 invested in implementing components of the Equitable Economic Development and Mobility Plan, including \$100,000 for the second year investment in the Retail Specialist program; \$1.56 million in community development funds to support increased affordable housing and improve access to and stability of affordable housing; \$540,000 in workforce development programs offered by Our Community's Children; \$13,146 to support events that enhance neighborhood

connectivity, community resiliency and cultural awareness; and \$21,300 in continued investment to support entrepreneurial services for Micro-Local Business Enterprises.

Collaboration will also continue on the Spectrum Center for Transformation and Innovation development in Monroe North. This project will require the vacation of portions of Bond Avenue and Fairbanks Street along with related public and private utility relocations that will be completed in 2020. The Downtown District Authority and Brownfield Redevelopment Authority are major investors of the relocation project through their development support programs.

The Equitable Economic Development and Mobility Plan will guide work in FY2021 and beyond.

Recommended capital investments in the Economic Prosperity and Affordability strategic priority total \$870,000 for FY2021. This investment will support the City’s commitment to river restoration in conjunction with project partners and preliminary design of the proposed Wealthy Street takeout site.

Engaged and Connected Community

Measuring Engaged and Connected Community Progress

We have tracked the progress we are making so far in FY2020 and the key metrics for Engaged and Connected Community show good progress. In addition to these two metrics, the City is also working to track and report on the percentage of external customer inquiries responded to within target response times disaggregated by department, number of people

participating in events led by the City or where the City is a key partner disaggregated by department, number of total engagement activities focused on resident issues, and percentage variance between the percent of residents of a particular race represented on City Boards/Commissions in comparison to the percentage of that race overall in the City for inclusion in the Key Metric Dashboard.

The 2020 National Research Center survey of Grand Rapids residents was the first community survey to have been conducted in almost 20 years and established important benchmarks to measure progress.

When asked to prioritize aspects of the Strategic Plan, the four areas most often considered “essential” or “very important” were:

- Ensuring that all people feel safe and are safe in our community (96%)
- Investing in healthy communities and the natural environment (86%)
- Creating opportunities for education and enrichment for residents of all ages (85%)
- Creating pathways to financial growth for residents, employees and businesses (83%)

In terms of demographic variance, there are some general observations worth noting:

- People of Color in Grand Rapids reported lower levels of satisfaction or confidence across most categories of the survey, with the exception of mobility. In terms of strategic planning priorities, they were more likely to rank creating pathways to financial growth as a priority (90%).
- Residents in the 35-54 age group, generally categorized as Generation X, were broadly less satisfied with characteristics of the Grand Rapids community and performance of local government than other age groups, with some exceptions. They were the age group most likely to pursue energy and/or water conservation efforts, use local libraries and community centers, and to report having volunteered locally.
- Younger residents (18-34) and newer residents (five years or less) were generally more positive about the characteristics of the Grand Rapids community, particularly in terms of the economy and recreation/wellness opportunities. They were also more positive in their views toward local government in general and the direction the City is taking.
- There were no broad observable categories where older residents (55+) were generally more or less satisfied, though they did report notably higher satisfaction with bus/transit services; ease of getting to the places they usually visit; health and wellness opportunities; police services and preservation of natural areas. They were also more likely to report a positive sense of community and less likely to use alternative transportation

- Renters in Grand Rapids generally reported lower levels of satisfaction than homeowners in most respects, with the exception of Fire/EMS services and general mobility/transportation.

Progress during FY2020 has been driven by steady investment and several key accomplishments, including:

- Expansion/growth in Neighborhood Match Fund and Neighborhood Summit
- Delivery of recommendations of the Task Force on Elected Representation
- Increased presence across all platforms
- Establishing language access policies and protocols, including Spanish livestream of Commission meetings
- Executing comprehensive Census and Lead Awareness campaigns
- Completing a community wide survey
- Consolidated, moved and established polling locations to provide improved election services
- Hosted the 6th Annual Grand Rapids Neighborhood Summit

Measuring our progress and getting direct feedback from city residents has shaped recommended investments for FY2021.

Select operating investments for FY2021 include \$1.23 million in multiple funds. They include: \$23,000 for expanded language services; \$10,000 in Office of Communications support, \$5,680 for Our City Academy; \$50,000 for the development and implementation of a City community engagement framework; \$297,927 to support neighborhood associations; \$203,000 in Grand Rapids Public Library investments in Cook Library (\$10,000), a Mobile Library (\$125,000) and for Storytime in the Parks (\$68,000); and \$210,000 in continued investment in resident leadership opportunities via the Neighborhood Match Fund (\$100,000), Neighborhood Leadership Academy (\$50,000) and Neighborhood Summit (\$60,000).

Recommended capital investments in the Engaged and Connected Community strategic priority total \$574,037 for FY2021. The investments include upgrades in community cable television equipment.

Health and Environment

Measuring Health and Environment Progress

The key metrics for Health and Environment show progress toward targets to be achieved by the end of FY2023. The metrics for Health and Environment also show that the establishment of benchmark data is in process. In addition to these five metrics, the City is also working to track and report on a measure that accurately reflects children with elevated blood lead levels for inclusion in the Key Metric Dashboard.

The 2020 National Research Center survey of Grand Rapids residents found that:

- 97% rate the quality of garbage collection excellent to fair
- 97% rate the quality of parks excellent to fair
- 96% rate the quality of recreation programs excellent to fair
- 92% rate the quality of yard waste collection excellent to fair
- 86% rated investing in a healthy community and natural environment as essential or very important

Progress in FY2020 has been driven by steady investment and several key accomplishments, including:

- Streetlighting infrastructure improvements are well underway with an \$8.8M Bond issued, 13 awarded projects for \$6.6 million and 6 projects in final design/bid for \$2.2 million. Phase 2 is being readied for FY2021 LED roll-out
- Compost site construction improvements to be completed in Spring of 2020 with yard waste composting operations beginning in mid-2020

- Received \$5.5 million in Lead Hazard Control Grants and launched lead awareness and education campaign
- Piloting a park ambassador program
- Moved the Biodigestion project forward
- Launched the Community Collaboration on Climate Change and received a planning grant to support the creation of a three-year plan to pilot the initiative
- Passed a parks millage and updated the Parks Master Plan to include the River for All Plan
- Analyzed solar feasibility of eight City owned properties, including Butterworth Landfill, for solar installation and updated the zoning ordinance to make it easier for residents to install solar
- Adopted the Green Infrastructure Portfolio Standard

Measuring our progress and getting direct feedback from city residents has shaped recommended investments for FY2021.

Select operating investments for FY2021 include \$6.96 million from multiple funds. They include: \$391,067 to continue the priority forestry program along City streets and in cemeteries; continuation of a second year pilot of the park ambassador program; \$152,682 for the second year of connecting children to nature; \$500,000 for PFAS wastewater testing; \$714,376 for biodigester operations; \$50,000 in compressed natural gas (CNG) purchases for our fleet; \$415,000 continued GOF subsidy to the Cemetery Fund; \$721,769 in parks maintenance; \$630,000 for the operation of City pools; \$116,348 to purchase renewable energy credits; \$20,300 to engage in Consumers Energy solar rate cases; \$12,500 to support equitable carbon reduction for low income housing and collaborative climate change planning; \$150,000 to assess recycling contamination; \$1.98 million in continued investment in housing lead remediation; and \$1.05 million in continued lead service line replacement.

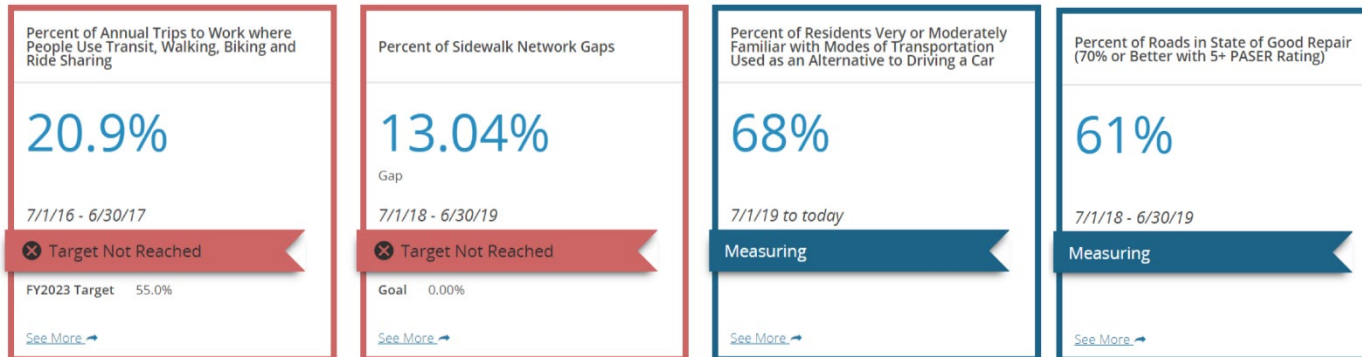

Recommended capital investments in the Health and Environment strategic priority total \$35.97 million for FY2021.

The most significant investments include \$1.13 million for storm water; \$8.15 million for LED street lighting; \$1.75 million in parks millage project improvements; \$800,000 for the Martin Luther King Jr. Park Lodge redevelopment; \$100,000 for park acquisition in the Third Ward; \$255,000 for Hastings Street non-motorized path; \$75,000 for Grand River Walkway Phase II; \$120,000 on LED upgrades for traffic signals; \$673,983 for energy efficiency improvements at the City/County building; \$100,000 for materials management; \$1 million in lead service line replacements; and \$22.06 million in water and sewer projects, including Godfrey Avenue water/sewer utility reconstruction, asset management investments at the Lake Michigan Filtration Plant and the Water Resource Recovery Facility, the relocation of public utilities from Bond Avenue and Fairbanks Street to support development of the Spectrum Center for Transportation and Innovation, and water/sewer investments in conjunction with Vital Streets projects. Investment in Neighborhoods of Focus total \$9.64 million.

Mobility

Measuring Mobility Progress

The key metrics for Mobility show progress toward targets to be achieved by the end of FY2023, and also show that work remains to be accomplished to achieve our desired outcomes, including the need to continue to complete gaps in the sidewalk network and to work to increase commuting methods other than single occupant vehicles. In addition to these four metrics, the City is also working to track and report on the number of feasible locations needing ADA compliant ramps

installed and the percentage of occupied or reserved on and off-street parking spaces in downtown and neighborhood business districts for inclusion in the Key Metric Dashboard.

The 2020 National Research Center survey of Grand Rapids residents found that:

- The City of Grand Rapids ranked below both national and population-based benchmark cities on streets and parking
- Grand Rapids residents were notably above benchmarks in monthly use of alternative transportation (public transit and biking, specifically), including those who:
 - Walked or biked – 72%
 - Carpooled instead of driving alone – 52%
 - Used public transportation instead of driving – 39%
- 68% of residents are very or moderately familiar with modes of transportation used as an alternative to driving a car

Progress during the fiscal year has been driven by steady investment and several key accomplishments, including:

- The Vital Street rating showed we have achieved a ranking of 61% good and fair for the first time since 2002
- Continued pedestrian countdown signal investment
- Completed first year of four-year conversion to durable crosswalk painting
- May Mobility pilot exceeded 50,000 rides before it was suspended
- Request for Proposal for bikeshare and e-scooter pilot closed on Feb. 7
- DASH ridership increased 39% (600,000+ rides in 2019)
- 300 Studio Park parking spaces and 75 spaces at 601 Ottawa in Monroe North were added to our inventory of owned and managed parking spaces
- Bid awarded to two vendors for more than 100 miles of sidewalk across our three wards
- Approved our first Bicycle Action Plan
- Adopted the Equitable Economic and Mobility Plan

Measuring our progress and getting direct feedback from city residents has shaped recommended investments for FY2021.

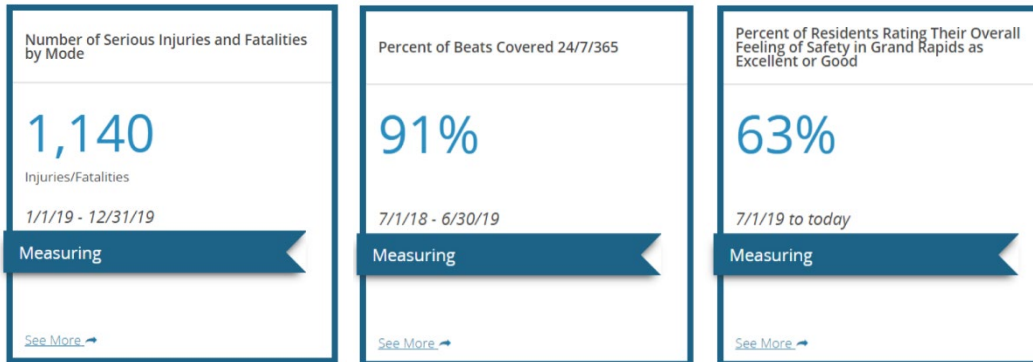

Mobility has always been central to our community's prosperity. We have evolved as modes of mobility and our community's response to them have driven change. We know that mobility has community design, social, economic and environmental impacts and our response recognizes these interwoven relationships. The Equitable Economic Development and Mobility Plan reinforced those relationships and will guide work in FY2021 and beyond.

Select operating investments for FY2021 include \$2.37 million. These include \$2.22 million in continued investment in the DASH circulator and more frequent service on Route 19. Mobility includes the ability to use critical sidewalk routes and bus shelters during the winter months. We will invest in a second-year sidewalk snowplow pilot at a cost of \$100,000 to demonstrate the cost and impact of winter sidewalk maintenance services divided among each of our three wards.

Recommended capital investments in the Mobility strategic priority total \$30.34 million for FY2021. The most significant investment is the continuation of the Vital Streets program, including \$1.90 million in sidewalk projects and \$20.8 million in Vital Streets projects inclusive of \$7.5 million of work on Major Streets and \$2.5 million of investment on Local Streets involving segments of Franklin Street, Eastern Avenue, Fulton Street, Godfrey Avenue, Hall Street, Lake Eastbrook Boulevard, Treemont Boulevard, Acacia Drive, Crescent Street, Country Club Drive, Dale Street, Flat Street, Houseman Avenue, Northbend Drive, Dunham Street, Eleanor Street, Elliot Street, Paris Avenue, Prince Street and Garfield Avenue. Other mobility capital investments include: \$1.7 million for parking improvements; \$400,000 for multi-modal transportation initiatives (bikeshare, e-scooter share, carshare) and \$250,000 for bus transit stop improvements. Investment in Neighborhoods of Focus total \$11.08 million.

Measuring Safe Community Progress

The key metrics for Safe Community show progress toward targets to be achieved by the end of FY2023. The metrics for Safe Community also show that the establishment of benchmark data is in process. In addition to these three metrics, the City is also working to track and report on the percentage of designated employees trained to the appropriate National Emergency Management Certification, number of community events Police participate in as well as number of officers participating, and number of persons experiencing homelessness or at risk of homelessness that become stably housed for inclusion in the Key Metric Dashboard.

The 2020 National Research Center survey of Grand Rapids residents found that:

- 63% rate their overall feeling of safety in Grand Rapids as excellent or good
- When compared to benchmark cities, Grand Rapids resident's rankings of their perception of community safety and police/crime prevention were below both national and population-based benchmark cities
- 91% rate the quality of the fire department as excellent or good
- Ensuring all people feel safe and are safe in Grand Rapids is a top strategic priority, with 96% of respondents saying it's essential or very important

- 90% feel somewhat or very safe in their neighborhood
- 86% feel somewhat or very safe downtown – similar to benchmark comparisons

Our progress in FY2020 has been driven by steady investment and several key accomplishments, including:

- Progress implementing the recommendations of the police staffing and deployment study include:
 - Creation of a second shift of Community Police Officers this spring
 - Converting three jobs to civilian status to free up sworn officers for police work
 - Increasing crime analysis capabilities
 - Retention of a Police Advocate for Performance and Resiliency to support departmental personnel
 - Rethinking case management in the Detective Bureau
 - Initiating a new strategic plan process
- The Office of Oversight and Public Accountability, housed in the Executive Office, lifted off with a series of community and stakeholder meetings, development of an operational plan for the office, and appointment of an interim director
- Property was secured for Division Fire Station
- The Fire Equipment reserve fleet was upgraded with the purchase of five used pieces of fire equipment and a reset of the apparatus replacement plan was completed
- Hiring an Emergency Management Administrator
- The Police and Fire Departments co-developing and actively piloting a new Homeless Outreach Team (HOT) to work directly with this vulnerable population
- Passed the Crime Prevention Through Environmental Design ordinance
- Implemented a Foreign Nationals Policy
- Responded effectively to extreme weather event that resulted in loss of electricity to many residents

Measuring our progress and getting direct feedback from city residents has shaped recommended investments for FY2021.

Select operating investments for FY2021 include \$10.88 million from multiple funds. These investments include: \$458,041 for a six-month training for at least a 10-officer recruit class; \$7,500 for piloting an innovative and staff-saving accident reporting arrangement; continuing the Homeless Outreach Team pilot; \$15,000 for an expungement program; \$227,000 for the Michigan Prisoner Re-entry/Support Groups; \$3,000 for human trafficking prevention; \$2,000 for the Women's Police Summit; \$25,000 for continued support for the Mel Trotter public inebriate program in partnership with the Downtown Development Authority and other community partners; \$130,500 in support of Police engagement in recovery work as well as community police relations; \$2.13 million in leveraged community development grants to support homelessness prevention and rapid rehousing, the 61st District Court Eviction Prevention Pilot program, public safety engagement by neighborhood associations and work to reduce blight and ensure residential safety through code compliance; \$5.7 million continued investment in support for the 61st District Court at FY2020 levels to sustain justice services; \$21,000 in a second investment in river-related safety training in the Fire Department in advance of river restoration; \$572,527 to continue transitioning to durable pavement markings; \$75,000 to modernize the traffic safety and signal systems; and \$1.63 million in fire apparatus to achieve a sustainable asset management plan.

Recommended capital investments in the Safe Community strategic priority total \$2.00 million for FY2021. Investments include \$1.57 million in continued traffic signal modernization improvements and traffic safety projects; \$200,000 to support land acquisition and future design costs for the Division Street Fire Station; \$125,000 for the second installment in the purchase of advanced water rescue equipment; and \$130,000 for camera security improvements in parking facilities. Investment in Neighborhoods of Focus total \$166,429.

Capital Investments

This Fiscal Plan recommends capital investments of \$75.16 million in FY2021 and \$418.19 million across all five years (FY2021–2025). These investments are made possible through a variety of funding sources including the General Operating Fund (GOF), bonds, federal and state allocations, millages and grants. The Capital Improvement Fund accounts for \$8.3 million in FY2021 (11.0%) and \$67.78 million in FY2021–2025 (16.2%). In the Strategic Plan, the City committed to evaluating all capital projects based on strategic priorities, balance and distribution across the Wards, and investment in Neighborhoods of Focus (NOFs). NOFs are 17 census tracts in the near west and south side of Grand Rapids in relation to downtown. Due to systemic and historic inequities, residents in these geographic areas experience the most disparate outcomes in income, educational attainment and opportunity, home ownership and wealth accumulation compared to other Grand Rapids census tracts and the city as a whole. The City of Grand Rapids strives to eliminate inequities, therefore is intentional to invest in these areas and in systems, practices and policies that advance justice and equitable outcomes throughout the city.

The City has intentionally chosen to make investments via an asset management strategy that requires long-term investments, often 20-year projections, and accounts for a large majority of the total capital budget. As part of the FY2021 budget planning process, City Staff were provided instructions and training on analyzing investments at the department and fund level to ensure that balance and distribution and NOF investments were being used to guide investment strategy and decision making. The process of merging long-term asset management plans with the Strategic Plan will take time and intentionality. The City is excited to present this information for the FY2021 Fiscal Plan and to explain how we will continue to enhance our investment strategy to ensure it is aligned with our values and the desired outcomes of the Strategic Plan.

A large percentage of the City’s capital investments fall within our Health and Environment, Mobility and Governmental Excellence strategic priorities because all water, wastewater, stormwater, parks, LED street lighting, Vital Streets and facilities improvement projects fall within these priorities.

FY2021 All Capital Projects by Strategic Priority

FY2021 - FY2025 All Capital Projects by Strategic Priority

To evaluate balance and distribution and investments in NOFs, we must first assign each capital project as either citywide or location specific. Citywide investments mean the capital investment serves the entire community versus a specific neighborhood or location. Investments in our facilities, water utilities, street lighting and traffic signal systems account for the vast majority of all projects categorized as citywide investments and equal \$28.71 million in FY2021 (38%) and \$186.24 million in FY2021–2025 (45%). Citywide investments are not included in the Ward balance and distribution or NOF analysis.

FY21 All Capital Projects

FY2021-FY2025 All Capital Projects

Ward Balance and Distribution

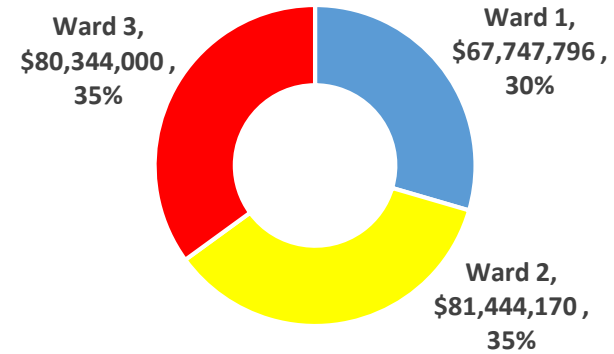

Analyzing the City’s capital investment by Ward identifies whether investments are being made across the three Wards relatively equally (balance and distribution). Please note that while there may be more investment in one Ward in any given year based on asset management plans, the goal of balance and distribution is to achieve relative equality over time to the extent possible. Location specific investments equal \$46.45 million in FY2021 (62%) and \$229.93 million in FY2021–2025 (55%) and are included in the balance and distribution analysis.

In FY2021, 38% of location specific investments (\$17.49 million) are in the Third Ward, 35% (\$16.45 million) are in the Second Ward and 27% (\$12.51 million) are in the First Ward. Over the course of the five years, investments in each of the Wards includes: 35% in Ward 2, 35% in Ward 3 and 30% in Ward 1.

FY21 All Location Specific Projects by Ward

FY2021-FY2025 All Location Specific Projects by Ward

When evaluating the Capital Improvement Fund (CIF), a heavier emphasis has been placed on Third Ward investments to address disinvestment in recent history. This fund provides more flexibility as it includes projects that are not managed via long-term asset management plans. Third Ward investments account for 43% (\$1.34 million) of the CIF in FY2021 and 40% (\$7.95 million) in FY2021–2025.

FY2021 Capital Improvement Fund Investment by Ward

FY2021-FY2025 Capital Improvement Fund Investment by Ward

Key FY2021 Capital Improvement Fund projects include:

- Citywide
 - \$2.50 million: City facility enhancements
 - \$673,983: City/County building energy efficiency improvements
 - \$574,807: Cable grant projects
 - \$500,000: Grand Rapids Public Museum enhancements
 - \$500,000: Deposits for private development projects and vacating right-of-way
 - \$125,000: Water rescue equipment for Fire
- First Ward
 - \$435,000 (50%): Grand River Revitalization
 - \$405,029: daylighting at The Highlands stormwater project
 - \$50,000: Indian Mill Creek Dredging stormwater project
 - \$20,000: Oakleigh Avenue in Hogadone District Channelizing stormwater project
- Second Ward
 - \$435,500 (50%): Grand River Revitalization
 - \$255,000: Hastings St. non-motorized path phase II
 - \$75,000: Grand River Walkway Phase II
 - \$80,000 (40%): Division Street Fire Station land acquisition
- Third Ward
 - \$800,000: Martin Luther King Jr. Park Lodge redevelopment
 - \$177,900: Channelization of Burton-Breton branch of Plaster Creek stormwater project
 - \$144,000: Glen Echo Drain improvements stormwater project
 - \$120,000 (60%): Division Street Fire Station land acquisition
 - \$100,000: Third Ward park acquisition

Investments in Neighborhoods of Focus (NOFs)

Seventeen Census tracts in our city have been identified as Neighborhoods of Focus (NOF) based on existing inequitable community level conditions and outcomes. These tracts represent 36% of the city's total 47 census tracts. Geography is often used as a proxy for equity when demographic information is not available and therefore one measure of equity we are using is investment in NOFs. For FY2021, it is projected that \$18.89 million (41%) of the recommended \$46.45 million in location specific capital investments be physically located in a NOF, which is an increase over the 38% of location specific projects located in NOFs in FY2020. Investment in NOFs over the FY2021–2025 planning period currently totals 36% of the total location specific investments assigned to a specific Ward.

FY2021 All Location Specific Projects in NOFs

FY2021-2025 All Location Specific Projects in NOFs

Employment

It is projected that we will begin FY2021 with 1,642 budgeted positions, up 15 positions from FY2020 adopted due to strategic mid-year adds, including five positions for the Grand Rapids Public Library.

Our high-water mark for employment was 1,959 positions 18 years ago in FY2002. Total employment dropped during the Great Recession to a low of 1,492 positions in FY2014. Staffing has been increased since that time with the most significant single year increase of 49 jobs in FY2016.

We are fortunate to be served by a dedicated staff of solid performers who are exceedingly productive and resourceful in ways that sustain our community and continue to propel it forward. Nonetheless, we are operating with more than 300 fewer staff persons today than in 2002. The chart below shows how staffing has declined from 2002 and remains 16% below that modern high point.

The community's strong economic recovery from the great recession has propelled increased demand for services, focused attention on increasingly complex community issues, driven aspirations for accelerated innovation and deepened interest in new forms of engagement and connectedness – all while paying full attention to delivering strong basic services and meeting regulatory requirements.

The FY2021 Fiscal Plan recommends continued investment in maintaining the personnel required to meet these significant demands based upon desired outcomes identified in the Strategic Plan. Complete information on City staffing is included in Appendix C.

Brief FY2021 Fiscal Plan Overview

The total FY2021 appropriations request equals totals \$531 million.

The appropriation request for the General Operating Fund is \$142,892,121. The assumptions used to develop the FY2021 Fiscal Plan include:

- 1) A real reduction of income tax revenues in FY2020 rather than the previously mid-year projected 4.5% growth
- 2) A 1.0% income tax decline in FY2021 and growth of 2% in FY2022 and 2.5% throughout the remaining three years of the Fiscal Plan
- 3) Ensure continuity of operations and maintenance of services at FY2020 levels
- 4) Only service enhancements that in some way support economic resiliency and recovery or public safety
- 5) Maintain staffing at FY2020 levels, as amended mid-year, and accommodate wage and fringe benefits included in contracts approved in 2019
- 6) 4.25% annual income tax capital set-aside
- 7) \$850,000 GOF Vital Streets support as outlined in the Investment Guidelines
- 8) \$6,172,056 Parks Maintenance of Effort operating support as outlined in the Investment Guidelines

- 9) Meeting the 32% minimum requirement for GOF support of the Police Department
- 10) Reservation of \$1.7 million for contingent GOF appropriations
- 11) Assuming annual lapse of \$4.9 million in the GOF for FY2021 and setting lapse at 3% of pre-lapse GOF expenditures for FY2022-2025
- 12) Refining a performance-based budget approach that drives investment in programs and projects that are aligned to our values and support achieving the desired outcomes identified in the Strategic Plan
- 13) Continued strong focus on asset management principles for our facilities and capital assets
- 14) Fully funding the Actuarially Computed Employer Contribution Rate (ACEC) for both City Pension Plans and the three Retiree Healthcare Trust Funds

Below is the General Operating Fund 5x5 summary:

Statement of Operations

General Operating Fund (1010)

	FY2021	FY2022	FY2023	FY2024	FY2025
Beginning Fund Balance	\$ 39,549,319	\$ 39,552,793	\$ 34,917,639	\$ 29,346,214	\$ 24,375,026
Revenue	142,895,595	145,446,330	148,166,694	151,487,024	155,079,003
Expenditure	142,892,121	150,081,484	153,738,119	156,458,212	159,360,793
Net Revenue	3,474	(4,635,154)	(5,571,425)	(4,971,188)	(4,281,790)
Ending Fund Balance	\$ 39,552,793	\$ 34,917,639	\$ 29,346,214	\$ 24,375,026	\$ 20,093,236

Leaning Forward

We are leaning forward in two ways.

Staff invested significant effort planning for a much different FY2021 Fiscal Plan. A series of investments were proposed and vetted that under different circumstances would have been included in this recommendation. If our fiscal projections prove to be too conservative and revenues rebound by the end of 2020, we could have an opportunity to consider revisiting certain strategic investments.

The second way we are leaning forward are immediate measures we have put in place to maintain fiscal performance in FY2020. These include City Manager Administrative Orders establishing a modified hiring freeze and implementing travel restrictions. We will continue actively managing our fiscal outlook and performance as new information becomes available.

Conclusion

There is much to do and little time to do it. We are managing a response and recovery to an unprecedented pandemic while at the same time facing new demands on the fundamentals of government.

We are a resilient community and we will recover and change for the better. We have proven it in the past and will prove it again.

Times such as these shape us. How we respond matters deeply. Our Strategic Plan provides a guide in good times but is even more important in bad times. That is what we have relied on in the development of the FY2021 Fiscal Plan. The only thing that has changed is the trajectory of our progress, not its promise. That is up to us.

Sincerely,

Mark A. Washington

Manager's Letter

Hello Grand Rapids!

I am honored to serve as your City Manager and I take seriously the awesome responsibility I have to bring the hopes and dreams of our community to fruition. Grand Rapids is one of America's premiere cities due to the people that live and work here as well as the City's elected officials and staff that dedicate themselves to public service.

We have accomplished a lot and our future is bright, but we do have our challenges. Upon arriving in Grand Rapids, it became clear to me that a strategic plan was needed to organize and focus the work of the City. In collaboration with City Commission and staff, I am excited to share with you the City of Grand Rapids' first strategic plan, which will serve as the operating plan for the City.

We started the planning process by establishing the City's core values. I lead with these values and will hold myself and my staff accountable for upholding these values. Next, we created new Vision and Mission statements. As the City Manager, I am responsible for setting the Mission – To elevate quality of life through excellent City services. Implementing this plan is how we will accomplish this. This plan is the community playbook for aligning initiatives, resources, goals, department operations, projects, and investments with a transparent and trackable timeline. It will shape our budget, guide our near term progress and help us achieve our long term vision.

Through our planning process, we worked to determine who we are, where we want to go, how we reach our goals and, most importantly, how we measure our success over time. While it's critical that we hold one another accountable for results, it's also important that we continue our collaboration with the community and that you hold us accountable as well. With your help, we can achieve the outcomes laid out in this plan.

This is particularly important as we embrace equity in every aspect of this plan. We must ensure that all people are respected and valued and we need to work together to eliminate the disparate impacts on communities of color due to systemic and institutional injustices. Not one of these outcomes will be successful if it fails to advance a more equitable future.

Finally, I am extremely grateful for the tremendous effort provided by our City Commissioners. Strategic Plan Project Manager, Alison Waske Sutter, and the nearly 50 staff that were instrumental in the creation of this plan (our awesome team is listed on page 33). Our City staff are truly the champions behind this plan and I am looking forward to working with each and every one of them to successfully implement this plan and positively impact our community.

Together, our collective planning and implementation efforts will advance our community journey in becoming one of the best cities in the country.

City Manager Mark A. Washington

Current State

- Grand Rapids is the 124th largest city in the U.S.
- We're the 2nd largest city in Michigan
- Grand Rapids has **3** Wards
- Our Mayor serves at-large and each ward has **2** City Commissioners
- Each Commissioner has **1** vote for policy decisions
- Grand Rapids is a Commission/Manager form of government
- The City Manager is responsible for directing City operations and carrying out Commission policy

Project and Certification Highlights

Here are a few examples of national initiatives in which we are participating.

What Works Cities

Bloomberg Philanthropies, 2018

Grand Rapids was 1 of 100 cities selected

Zero Cities Project

Urban Sustainability Directors Network, 2017

Grand Rapids was 1 of 11 cities selected

ISO Class 1 Certification

Insurance Services Office, 2018

Grand Rapids Fire Department earned this national certification as 1 of 330 awarded

Cities Connecting Children to Nature

National League of Cities and Nature Network, 2017

The City partnered with Grand Rapids Public Schools. Together we were 1 of 12 cities selected

Planning Process

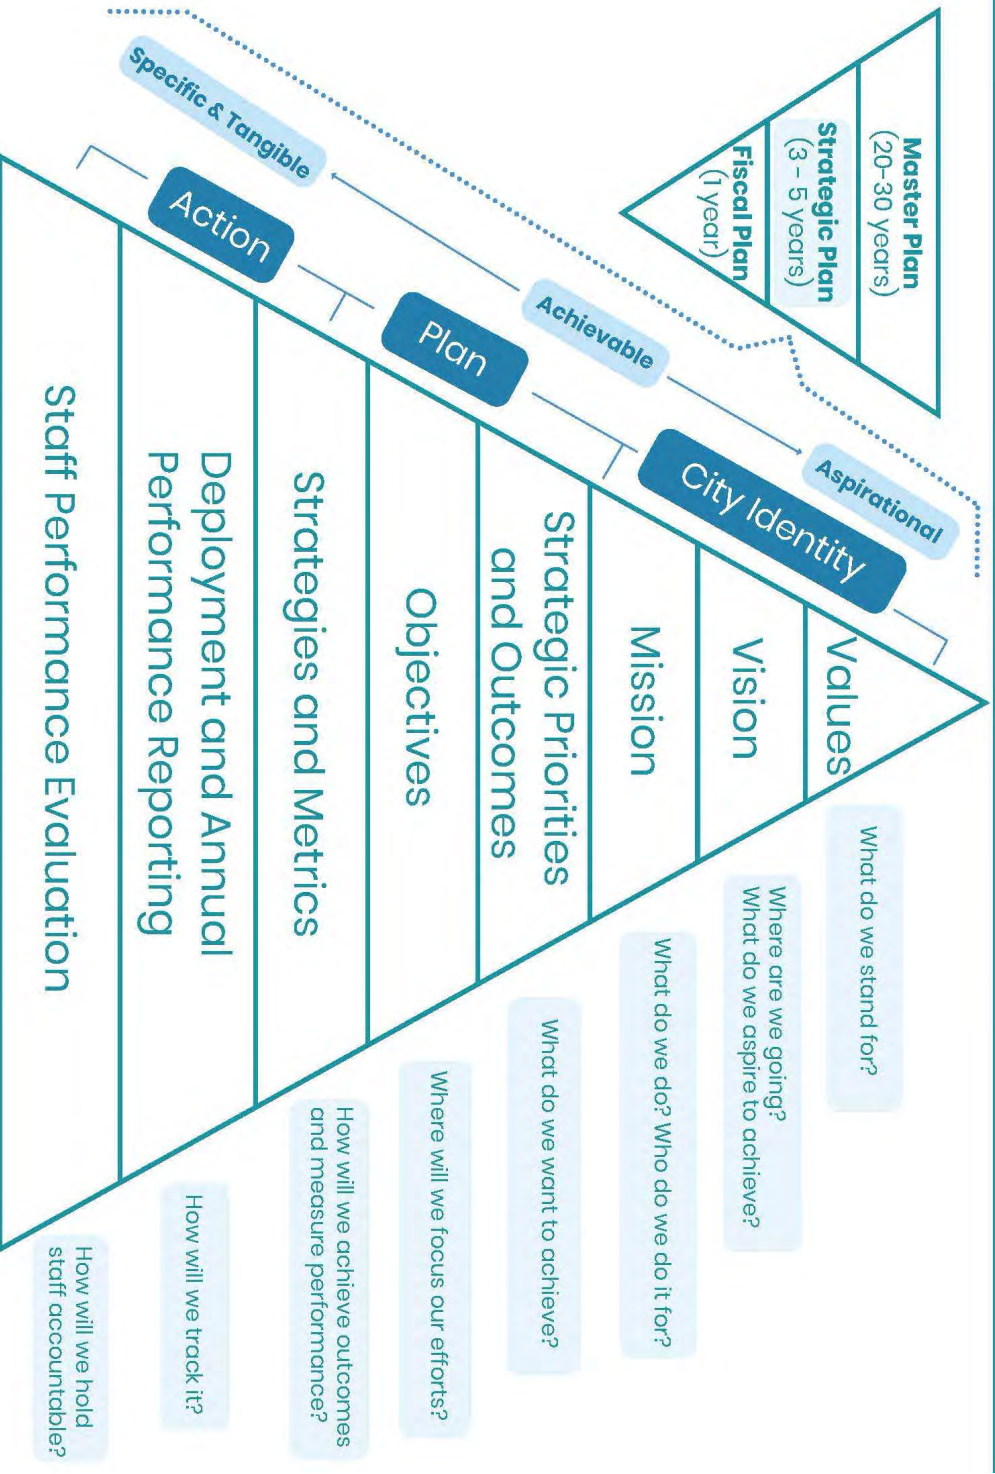

We began our strategic planning journey in November of 2018. Within five months, City Manager Washington:

- Created an eight-person Executive Strategy Team
- Appointed a Strategic Plan Project Manager, who managed a ten-person Project Team and an additional 27 Outcome Team members
- Engaged over 1,000 City employees in-person in a discussion about values and his desire to use a strategic plan to focus City work
- Hosted four strategic planning workshops with City Commission, totaling 11 hours
- Partnered with Mayor Rosalynn Bliss on the City's first Digital Town Hall, which focused on our strategic planning process

In the beginning, we created a strategic plan framework to guide the creation of our plan. This framework demonstrates:

- How the strategic plan aligns with the long-term master plan and short-term fiscal plan
- How our values, Vision and Mission shape our City's identity and create the roadmap for the strategic plan
- How the plan's priorities, outcomes, objectives, strategies and metrics work together to define what we hope to achieve, how we plan to achieve it and how we will measure our progress
- How the City will hold itself accountable to the plan through annual performance reports and staff performance evaluations

Strategic Plan Framework

Plan Elements

Strategic Priorities

Strategic priorities are the high-level “buckets” through which we organize our work.

.....

Outcomes

Plan outcomes are what we hope to accomplish within each of the strategic priorities.

.....

Objectives

Objectives identify where we will focus our efforts. There are multiple objectives within each strategic priority.

.....

Strategies

Strategies identify how we will achieve our objectives and desired outcomes.

.....

Metrics

We will measure how well we are achieving our objectives and desired outcomes through our metrics. Unless otherwise noted, the intention is to meet the goal within the plan’s timeframe.

.....

Using the plan

We will use this plan to guide our operations and financial investments. As we continue to work more collaboratively internally and externally, we will uncover more opportunities for innovation, sustainability and enhanced customer service.

This plan is intended to be a living breathing document. As this is the City’s first strategic plan, we will be learning throughout the implementation phase. We recognize and acknowledge that updates will need to be made and we commit to being transparent about our learnings and forthcoming updates.

Find information about this plan and monitor our performance at:

www.grandrapidsmi.gov/strategicplan

Values

Our values are what we stand for. They are embedded throughout the entire plan and guide all City work.

Accountability

Always acting with integrity and transparency and being responsible for what we do and say.

Collaboration

Working together in partnership with others; teamwork.

Customer Service

Professionally serving those who live in, work in or visit the city. Providing respectful, excellent, high quality service and assistance before, during and after the person's interactions with the City.

Equity

Leveraging City influence to intentionally remove and prevent barriers created by systemic and institutional injustice.

Innovation

Challenging how things have been done before. Fulfilling community needs by offering new ways to serve our customers and enhance operations. Being nimble, self-aware and open to feedback.

Sustainability

The ability to be maintained; making decisions with an understanding of how those decisions will impact the environment, people and communities, and finances, both today and in the future

Vision

Grand Rapids will be nationally recognized as an equitable, welcoming, innovative and collaborative city with a robust economy, safe and healthy community, and the opportunity for a high quality of life for all.

Mission

To elevate quality of life through excellent City services.

Priorities

Governmental Excellence

A fiscally resilient government powered by high performing and knowledgeable staff equipped with the appropriate tools and resources to offer excellent, equitable and innovative public service.

Engaged and Connected Community

Residents and stakeholders have awareness of and voice in decisions that affect them, and receive culturally-responsive and proactive communication.

Economic Prosperity and Affordability

Residents, employees and businesses have pathways to financial growth and security.

Health and Environment

The health of all people and the environment are advocated for, protected and enhanced.

Mobility

Innovative, efficient and equitable mobility solutions are safe, affordable and convenient to the community.

Safe Community

All people feel safe and are safe at all times throughout our community.

Equity

“...Racial inequities have been baked into government, and ... racial inequities across all indicators for success are deep and pervasive. We also know that other groups of people are still marginalized, including based on gender, sexual orientation, ability and age, to name but a few. Focusing on racial equity provides the opportunity to introduce a framework, tools and resources that can also be applied to other areas of marginalization.” (2019, Government Alliance on Race and Equity)

The City of Grand Rapids is dedicated to advancing equitable outcomes and opportunities by leading with racial equity to address root causes of disparities. The City defines equity as the condition achieved when people have the tools, resources and connections necessary to be fully engaged and prepared to benefit from the opportunities they seek. Racial equity is achieved when one's race or ethnicity does not determine, in a statistical sense, how one experiences opportunity, power and life outcomes.

This targeted approach on racial equity will advance our universal goal of elevating quality of life in Grand Rapids. Equity is one of the City's six values and must be embedded into all of our decisions, policies and practices. In an effort to dismantle the systemic and institutional injustice that has been prevalent throughout our history, the City has made the conscious choice to highlight equity in each priority area of our strategic plan.

The first objective in this plan outlines the City's commitment to creating a structure within City operations to lift up racial equity throughout the organization so that each department has the knowledge, skills and support to intentionally remove and prevent barriers created by systemic and institutional injustice.

Additionally, to the extent possible, all plan metrics will be disaggregated by race and ethnicity, and when needed as a proxy, by geography (Census tracts, Wards, etc). This statement is an urgent call to action to transform government to achieve positive and sustainable community level impact.

The City of Grand Rapids centers racial equity so that the recognition listed on page four of this document will be the lived reality of all Grand Rapids residents, regardless of race or ethnicity. When we read those rankings and recognitions, we must always ensure Grand Rapids is the “Best Place to Retire” and “Most Affordable City for Business Professionals to Live and Work” for everyone who calls Grand Rapids home. We must be mindful of the areas that require improvement such as being ranked 122nd in U.S. for Hispanic Entrepreneurs (2018, WalletHub), 2nd Worst for African Americans Economically (2015, Forbes) and 39th for Residential Segregation (2018, Apartment List).

We are fully aware of the challenges and opportunities before us as we lead with equity. We also know that as a municipality, we are uniquely positioned to reduce disparities through policy, intentional practices, transparency and accountability. The City, in partnership with organizational allies and community, can help make Grand Rapids truly the “Best Place to Live in the U.S.” for everyone.

Governmental Excellence

A fiscally resilient government powered by high performing and knowledgeable staff equipped with the appropriate tools and resources to offer excellent, equitable and innovative public service.

Objective 1: Embed equity throughout government operations.

Strategies

1. Create infrastructure to elevate and organize equity work within the City and investments in Neighborhoods of Focus
2. Disaggregate all data, to the extent possible, by race, ethnicity, gender identity and geography
3. Evaluate the racial equity impacts of major policy proposals and initiatives and of existing projects and services
4. Require all departments to apply a racial equity lens to budgetary requests
5. Identify systemic issues that cause disparate outcomes in the justice system and implement strategies to address those issues within the City's span of influence

Draft Metrics

- \$ allocated to and % of Third Ward Equitable Development Fund spent
FY2019: \$750,000, 0% Goal FY2020: To be created, 100%
- \$ of capital investment by Ward and Neighborhood of Focus
2018: Not previously calculated Goal: To be created
- % of total budget dollars that support equity specific projects and initiatives
2018: Not previously calculated Goal: To be created
- % of total expenditures for projects/services evaluated using the Government Alliance on Race and Equity (GARE) Racial Equity toolkit
2018: Not previously calculated Goal: 100%
- % of elected City officials, City employees and people serving on a City board or commission trained in equity
2018: 10%* Goal: 50%
*City staff only
- # of felony and misdemeanor charge records for like offenses from District 61 Court
2018: See below Goal: To be created

Charges	Race		Gender	
	Caucasian	People of Color	Male	Female
Felony	1,146 (30%)	2,718 (70%)	3,323 (86%)	548 (14%)
Misdemeanor	2,718 (27%)	7,293 (73%)	8,282 (74%)	2,979 (26%)

- # of problem-solving specialty court program graduates by court type
2018: See below Goal: to be created

Court type	Race		Gender	
	Caucasian	People of Color	Male	Female
Drug & Sobriety Court	75 (75%)	25 (25%)	67 (67%)	33 (33%)
Comm. Outreach	12 (32%)	25 (68%)	20 (54%)	17 (46%)

- % reduction in recidivism rate for problem-solving specialty court graduates by court type
2018: 15% greater reduction (Drug & Sobriety Court) compared to non-participants
Goal: To be created

Objective 2: Foster and maintain fiscal sustainability.

Strategies

1. Establish and adhere to fiscal policies
2. Continue funding annual actuarially determined employer contributions to the defined benefit retirement system, including Other Post-Employment Benefits (OPEB) and pension retirement systems
3. Improve cost effectiveness through asset management, continuous improvement and innovation
4. Strategically leverage outside funding (i.e. grants, philanthropic support, government funding)
5. Evaluate costs and efficiencies in enterprise utility services (water, sewer, waste collection and parking)
6. Create and implement equity and environmental sustainability scorecards for capital requests

Draft Metrics

- General Operating Fund (GOF) reserve level
2018: 22.5% Goal: 15%
- Stabilization Fund Level
2018: 10.7% Goal: 10%
- Bond rating
2018: AA Goal: AA+
- % of defined benefit retirement systems funded
2018: 82.1% Goal: 100%
- % of asset classes managed by asset management plans
2018: Being calculated Goal: To be created
- \$ of external funding (grants, sponsorships, etc.) received annually by department
2018: Not previously calculated Goal: To be created
- # of online payments made, disaggregated by service
2018: Being calculated Goal: To be created

Objective 3: Attract, hire, train and retain high performing employees.

Strategies

1. Develop a workplace culture based on City values that improves employee communications, engagement and satisfaction
2. Evaluate and implement employee-friendly policies to meet the diverse needs of our evolving workforce
3. Offer a competitive benefits package that enhances employee recruitment and retention and incentivizes wellness
4. Use evidence-based, data-driven methodology to reduce barriers to employment and improve quality of hires, reduce turnover and increase workforce diversity to reflect the demographics of the community
5. Align skills, staffing levels and employee evaluation system with priorities, strategies and metrics
6. Develop mandatory employee training programs, including trainings on City values and programs, cultural competency and core competencies (e.g. skills assessment, budgeting)
7. Use internship and apprenticeship programs to increase the pipeline of candidates for hard-to-fill positions and to increase workforce diversity

- New hire demographics

Category	Race						Gender	
	C	AA	H	A	NA	M-R	M	F
2018 Permanent Hires Qty.	100	15	8	1	0	4	80	48
2018 Permanent Hires %	78.1%	11.7%	6.3%	0.8%	0.0%	3.1%	62.5%	37.5%
Citywide Labor Force*	64.9%	17.2%	13.9%	2.0%	0.1%	1.7%	50.7%	49.3%
Metro Area Labor Force*	83.7%	6.3%	6.9%	1.9%	0.2%	1.0%	49.4%	50.6%

Source: US Census Bureau 2010 Labor Force statistics
 C: Caucasian AA: African American H: Hispanic A: Asian NA: Native American M-R: Multi-racial

- Employee turnover rate
 2018: 91% Goal: Less than 10%
- Position vacancy rate
 2018: 4.8% Goal: Less than 5%
- Time from requisition request to offer acceptance for non-sworn employees
 2018: 75 days Goal: 60 days
- Time from requisition request to offer acceptance for sworn employees (police and fire)
 2018: 120 days Goal: 90 days

Objective 4: Ensure we have the appropriate number, location and type of facilities/workspaces to meet the demands of government operations, the community and our growing/changing population.

Strategies

1. Conduct a facility/workspace analysis that includes evaluation of collaboration spaces, remote work options, self-service options (digital City Hall) and alternative workspaces to increase customer service and equity
2. Maximize City facility occupancy
3. Ensure safe, healthy and well-maintained City facilities
4. Make all facilities welcoming and accessible for all customers with an emphasis on people with disabilities, people that speak a language other than English and people that are transgender and/or non-binary
5. Track who is coming to City facilities, when and for what reason

Draft Metrics

- % of facilities with a Facilities Condition Index (FCI) score of 10 or below
 2018: 98%* Goal: 90%
 *Water, wastewater, parking and parks facilities currently not included
- Occupancy rate of all facilities
 2018: Being calculated Goal: > 90%

Objective 2: Support the creation, retention and growth of businesses.

Strategies

1. Target City incentives to achieve maximum impact on business retention and growth efforts
2. Support entrepreneurship and innovation with a special focus on creating access to opportunities for historically marginalized communities and the Neighborhoods of Focus
3. Optimize the Equal Business Opportunity (EBO)/Micro-Local Business Enterprises (MLBE) program and increase MLBEs registered and used in all City spending, as well as in City supported private development projects
4. Increase awareness of opportunities to do business with the City
5. Target incentives and City programming to catalyze small business startup and growth

Draft

Metrics

- \$ of private investment supported by City incentives, disaggregated by industry segments
2018: \$187.5M*
Goal: \$150M annually
*\$12M: Real Estate (mixed-use) development, \$60M Medical/Advanced Manufacturing, \$9.2M Food/Ag processing, \$6.2M Manufacturing
- \$ spent on micro-local businesses (MLBE), minority-owned businesses (MBE) and women-owned businesses (WBE) by businesses receiving City incentives
2018: Data not previously collected
Goal: To be created
- \$ and % of total City contract expenses paid to each: micro-local businesses (MLBE), minority-owned businesses (MBE), women-owned businesses (WBE) and companies providing apprenticeship opportunities
2018: See table below*
*Data on apprenticeships being calculated
Goal: To be created

Construction Contracts for Primes and Subs (\$54,741,472)

Micro-LBE	MBE	WBE
\$13,666,429	\$4,754,450	\$494,148
24.90%	8.60%	0.08%

Goods and Services and Professional Services Contracts (\$71,102,108)

Micro-LBE	MBE	WBE
\$335,435	\$322,901	\$899,851
0.50%	0.50%	1.20%

- # of new companies filing W-2s for withholding
2018: Being calculated
Goal: To be created
- # of new MLBE vendors registered to do business with the City
2018: 4 new (26 total)
Goal: 15

Objective 3: Increase residents' educational attainment, employment and wage growth.**Strategies**

1. Support post-secondary degree attainment and skilled-trades certification, particularly for people of color and first-generation students
2. Support attainment of livable wage employment (more than \$15/hour) through influence on contractors and vendors
3. Support employment and workforce development efforts in historically marginalized communities and Neighborhoods of Focus
4. Increase the number of jobs supported by City incentives that pay at least \$15/hour
5. Leverage the river restoration project for diverse economic growth opportunities

Draft**Metrics**

- % of residents earning above the Asset limited, Income Constrained, Employed (ALICE) threshold*
2018: 48% Goal: To be created
*\$21,624 for a single-adult household and \$64,788 for a four-person family in Kent County
- Unemployment rate
2018: 3.7% (December) Goal: To be created
- % of Grand Rapids Public Schools graduates that receive a post-secondary degree within six years of graduating
2017: 18% Goal: 40%
- % of real earned income growth for full-time wage and salary earners aged 25-64
2018: Being calculated Goal: To be created
- % difference between the percentage of white (non-Hispanic) population who are employed and the percentage of people of color (including Latino and Hispanic) who are employed (i.e. Employment Gap)
2018: 11.1%* Goal: 9%
*Kent County, 5 year American Community Survey (ACS) Estimate
- # and % growth in number of employees based on the number of W-2s
2018: Being calculated Goal: To be created

**Objective 4: Support housing development and services that help keep people in their homes.****Strategies**

1. Facilitate increased housing supply through the development of a variety of housing types
2. Facilitate increased affordable housing supply
3. Reduce barriers to housing and home ownership
4. Support services to help people stay in their homes
5. Prioritize geographic areas to target economic development incentives for housing development

Draft Metrics

- % of households that spend more than 30% (cost-burdened) and 50% (severely cost-burdened) of their income on housing
2018: Being calculated Goal: To be created
- # of net new housing units by type and price point (i.e. single-family, multi-family, 60% AMI, 80% AMI, etc.)
2018: 1,358* Goal: To be created
*239 for households with income at or below 80% of the Area Median Income (AMI)
- Rental vacancy rate
2018: Being calculated Goal: To be created
- Months supply of homes for sale
2018: Average 1.5 Goal: To be created
- Homeownership rate
2018: 54%* Goal: To be created
*American Community Survey (ACS) Estimate
- # of 61st District Court Eviction Cases
2018: 3,730; rate per 100 households: 11.1% Goal: To be created
- # of vacant lots returned from Kent County Land Bank Authority that are redeveloped for affordable housing
2018: Not applicable Goal: 10

Objective 5: Support efforts that contribute to making Grand Rapids a destination city.

Strategies

1. Collaborate with community partners to market Grand Rapids as a destination city
2. Promote a range of special events that highlight and celebrate the arts, cultural diversity, outdoor recreation and innovation in the community
3. Maintain and enhance quality, accessible public spaces (not green spaces)
4. Partner with Downtown Grand Rapids Inc. (DGR), The Right Place and Experience Grand Rapids to promote Grand Rapids for business and tourist attraction opportunities
5. Support efforts of Corridor Improvement Authorities to promote neighborhood business districts

Draft Metrics

- # of art, cultural, outdoor recreation or unique events permitted by the City annually
2018: 254 Goal: 250
- # of hotel nights
2018: Being calculated Goal: To be created
- # of visitors
2018: Being calculated Goal: To be created
- Occupancy rate of commercial real estate in downtown Grand Rapids and in Grand Rapids as a whole
2018: Being calculated Goal: To be created

Engaged and Connected Community

Residents and stakeholders have awareness of and voice in decisions that affect them, and receive culturally-responsive and proactive communication.

Objective 1: Enhance communication with the public.

Strategies

1. Vet major issue and incident communications with the Office of Communications and share with Commissioners prior to public announcement
2. Develop customer friendly communication protocols including, but not limited to, readability, clarity, representation and style
3. Designate and train staff to create and vet public communications through a lens of equity and inclusion
4. Establish target response times to external customer inquiries
5. Leverage technologies to proactively and effectively communicate about City services
6. Intentionally and clearly communicate policies, programs and processes to the immigrant community

Draft Metrics

- # or % of staff trained on communication protocols
2018: Protocols not yet created Goal: To be created
- % of external customer inquiries responded to within target response time disaggregated by department
2018: Tracking system not created Goal: To be created
- # of Freedom of Information Act (FOIA) requests received
2018: 1,703 Goal: To be created
- # of unique website visits per year
2018: 1,273,000 Goal: To be created

Objective 2: Develop a community engagement strategy across all City programs and initiatives.

Strategies

1. Map all existing and planned community engagement efforts across all departments
2. Develop equity-centered protocols, standards, training and staff skills for community engagement
3. Create a community engagement guidebook and training curriculum
4. Identify outreach and engagement gaps, such as with historically marginalized populations, and create a plan to address those gaps
5. Increase participation in Census 2020
6. Identify trusted voices in the community to collaborate with for future engagement efforts
7. Track attendance of community engagement activities to learn patterns and test targeted approaches
8. Create and test a tool that compares community feedback to approved plan/initiative (i.e. Master Plan) and implementation, when appropriate and where feasible, with notation of differences

Draft Metrics

- # of engagement events led by the City or where the City is a key partner disaggregated by department
2018: Data not previously collected Goal: To be created
- # of people participating in events led by the City or where the City is a key partner disaggregated by department
2018: Data not previously collected Goal: To be created
- % of staff with outreach responsibilities trained in community engagement per the community engagement guidebook
2018: Training not yet created Goal: To be created
- % increase in Census completion among hard to count populations
2018: Census not conducted Goal: To be created

Objective 3: Create a process to gauge and enhance community perception.

Strategies

1. Survey community for their perception of City services, events, programs and facilities
2. Assess residents' sense of belonging in the city
3. Create a process for incorporating feedback to refine and improve outcomes
4. Communicate more about successful programs and outcomes achieved by the City

Draft Metrics

- % of customers who report being satisfied or very satisfied with the overall quality of services provided by the City
2018: Survey not yet conducted Goal: To be created
- % of residents who express high levels of satisfaction with the outcomes of their engagement with the City
2018: Survey not yet completed Goal: To be created
- % of stakeholders who report a sense of belonging
2018: Survey not yet completed Goal: To be created
- % of stakeholders who believe the City values authentic dialogue with them
2018: Survey not yet completed Goal: To be created
- # of people and organizations surveyed and % completion
2018: Survey not yet completed Goal: To be created

Objective 4: Elevate resident voice in City operations.

Strategies

- 1. Develop equitable opportunities for resident service on boards and commissions and offer onboarding process for successful participation
- 2. Increase resident awareness of opportunities to leverage their voice
- 3. Leverage partnerships and neighborhood leadership to gather and lift up resident voice
- 4. Elevate resident voice in the Master Plan

Draft Metrics

- # of total engagement activities focused on resident issues disaggregated by department
2018: Data not previously collected Goal: To be created
- # of total residents participating in engagement activities disaggregated by department
2018: Data not previously collected Goal: To be created
- % variance between the percentage of residents of a particular race/ethnicity represented on City Boards and Commissions compared to the percentage of that race/ethnicity in the overall city
2018: Data not previously collected Goal: To be created
- % voter participation
2018: 56%* (27% - 77% range by precincts) Goal: To be created
*Average across the City for 2018 General state election, based on 136,946 registered voters
- # of residents participating in City in-depth learning opportunities (i.e. Our City Academy, Neighborhood Leadership Academy and Grand Rapids Neighborhood Summit)
2018: 399 Goal: To be created

Health and Environment

The health of all people and the environment are advocated for, protected and enhanced.

Objective 1:

Reduce carbon emissions and increase climate resiliency.

Strategies

1. Create carbon reduction goals and integrate goals into appropriate City plans, including the Comprehensive Master Plan
2. Reduce the carbon footprint of City operations (buildings, utilities and fleet)
3. Assess the feasibility and cost of offsetting 100% of City electricity with renewable sources by FY2025
4. Create and support programs and policies to reduce carbon emissions from the building and transportation sectors throughout the community
5. Create a Climate Action and Adaptation Plan in partnership with the community
6. Work with community partners and businesses to achieve a 40% tree canopy

Draft Metrics

- Carbon footprint of city buildings, utilities and fleet (metric tons of carbon dioxide equivalents)
2018: 59,088*
*Fleet not included
Goal: To be created
- % of City electricity supplied by renewable sources
2018: 34%
Goal for June 30, 2025: 100%
- % of tree canopy
2018: 34%
Goal: 40%

Objective 2:

Ensure equitable access to and use of green spaces and increase recreational activities.

Strategies

1. Expand parks and active open spaces to reduce disparities in park deficient neighborhoods
2. Increase grade level of park maintenance as prescribed in Parks and Recreation Master Plan
3. Increase accessible, diverse and inclusive recreational programs and facilities to encourage utilization by all races, ages and abilities
4. Close gaps in the City's segments of the regional multi-use trail system
5. Increase the number of children connected to nature through expanded recreational and youth employment opportunities and through increased access to natural areas

Draft Metrics

- % of households within a 10 minute walk of a park or active green space
2018: 77% Goal: 81% (5% increase)
- Acres of accessible City-owned parks per 1,000 residents
2018: 5.5 (total City), 3.71 (Neighborhoods of Focus)
Goal: > 9.5 acres within Neighborhoods of Focus
- % of parks rated maintenance level B or greater
2018: 15.4% Goal: To be created
- # of participants in recreation programs per year
2018: Data not previously collected Goal: To be created
- # of centerline miles of 8-foot or wider multi-use trail within the City
2018: Being calculated Goal: To be created
- # of natural areas and green playground sites added in underserved neighborhoods
2018: 0 Goal : 5

Objective 3:

Protect and preserve our water resources.

Strategies

1. Create and implement a PFAS reduction plan for the Water Resource Recovery Facility (WRRF) and monitoring plans for both the Lake Michigan Filtration Plant and the WRRF
2. Implement the Lead Service Line Replacement Plan
3. Increase and maintain green infrastructure to strategically reduce stormwater system burdens
4. Achieve the Water and Environment Federation's Green Infrastructure Certification
5. Research and understand why residential water/sewer services are shut off and create innovative solutions to avoid the shut off of services
6. Identify and implement water conservation strategies within City operations and for customers
7. Collaborate with partners, within the City and in upstream communities, to increase the overall water quality of the river

Draft Metrics

- PFAS effluent result from the Water Resource Recovery Facility
2018: PFOS average was 42 ng/l with a high of 200 ng/l (Water Quality Limit = 12 ng/l) and PFOA average was 12 ng/l with a high of 19 ng/l (Water Quality Limit = 12,000 ng/l)
Goal: To be created
- % of water connections with lead service line replacements completed per year
2018: 163% Goal: 5%
- Gallons of stormwater infiltrated
2018: Being calculated Goal: 1% increase
- # of residential accounts experiencing water/sewer shut offs
2018: 2,401 Goal: To be created
- # of residents using the water/sewer bill assistance fund (85% of users must be below 200% poverty level)
2018: 1,635 Goal: To be created
- Gallons of water pumped from treatment plant per person per day normalized for weather impacts
2016 - 2018 annual average: 119 Goal: To be created
- % water loss from water distribution
2018: 10.7% Goal: < 10%
- Water Quality Index for the Grand River (average measure from multiple points upstream, downstream and within the City)
2018: 70 Goal: 70

Objective 4:

Minimize waste generation and promote waste diversion practices.

Strategies

1. Evaluate advanced refuse collection system that combines trash, recycling and composting services bundled together
2. Improve the quality and amount of recycling collected throughout the City
3. Enhance compost operations for the community
4. Implement waste diversion programs within City operations

Draft Metrics

- Residential waste diversion rate
2018: 23%*
*Does not include yard waste
Goal: To be created
- # of City facilities that have implemented a zero waste program
2018: Program does not currently exist
Goal: To be created
- Tons of compost processed onsite at Domtar
2018: Process not created yet
Goal : To be created

Objective 5:

Collaborate with and support partners working to reduce health disparities and the resulting undesired outcomes.

Strategies

1. Collaborate with partners to increase resources available to address lead-based paint hazards
2. Collaborate with Invest Health and other partners to evaluate how additional community support can be provided to people suffering from mental health challenges and/or addiction, with a focus on evaluating residents that are both high users of emergency services and frequently incarcerated
3. Evaluate opportunities to decrease opioid abuse
4. Continue to collaborate with Invest Health to implement a process to implement "Health in All" policies
5. Evaluate policy options to support urban agriculture
6. Measure and understand air quality and the health impacts of poor air quality

Draft Metrics

- % of children with elevated blood lead levels per tested child
2018: 6% (City), 10% (49507)
Goal: To be created
- # of calls for Grand Rapids emergency services by people experiencing mental health challenges and/or addiction
2018: Data not previously collected
Goal: To be created
- # of emergency room visits by people experiencing mental health challenges and/or addiction
2018: Data not previously collected
Goal : To be created
- # of people experiencing mental health challenges and/or addiction who have been incarcerated
2018: Data not previously collected
Goal : To be created
- # of opioid overdose deaths per 100,000 people
2017: 93 (all of Kent County)
Goal : To be created
- # of air quality data points shared publicly
2018: Program not in place
Goal : To be created

Mobility

Innovative, efficient and equitable mobility solutions are safe, affordable and convenient to the community.

Objective 1:

Create an accessible multi-modal transportation experience and reduce single-occupant vehicle travel.

Strategies

1. Improve ridership on and explore expansion of the Fare Free transit network (i.e. DASH, Route 19) and The Rapid
2. Increase biking by improving bicycle network and ensuring facilities are maintained
3. Increase walkability by increasing sidewalk network and ensuring facilities are maintained
4. Create employment related transportation solutions within Neighborhoods of Focus
5. Reduce household transportation costs and eliminate cost barriers to accessing mobility solutions

Draft Metrics

- % of annual trips to work where people use transit, walking, biking and ride sharing
2017: 20.9% total (Transit: 4.2%; Walking: 3.8%; Biking: 2.2%; (combined with taxi and motorcycle in Census data); Ridesharing: 10.7%)
Goal: 55% total (transit: 20%; Walking: 10%; Biking: 5%; Ridesharing: 20% by 2035)
- % of population within a ½ mile of 15 minute or less public transit service all day
2018: 19.5% (72.8% for peak service times) Goal: 50%
- % of sidewalk network plowed
2018: Service not previously offered Goal: 25%
- # of sidewalk miles completed
2018: 921.93 Goal: 1,107.33
- # of feasible locations needing American with Disabilities Act (ADA) compliant ramps installed
2018: 7,153 Goal by FY2024: 5,653 (improve 1,500)
- # of jobs accessible in a 30 minute transit ride
2018: 108,924 (cnt.org) Goal: 150,000
- % of 18+ year olds aware of travel options
2018: Survey not previously completed Goal: To be created

Objective 2

Pursue innovative, 21st century mobility options.

73

Strategies

1. Pilot new mobility programs (carshare, bikeshare, e-scooter and Universal Dispatch Application) and ensure that they are available and accessible in each Ward and the Neighborhoods of Focus
2. Develop a regional mobility and transportation demand management program with public and private partners
3. Pilot autonomous and connected vehicle services
4. Complete a shared micro-mobility plan that includes bikeshare and e-scooters
5. Create innovative and active City fleet programs and travel options for City employees

Draft Metrics

- # of 18+ year olds using carshare, bikeshare, e-scooter and Universal Dispatch Application
2018: Programs not previously offered Goal: To be created
- # of 18+ year olds using autonomous and connected vehicle services
2018: Programs not previously offered Goal: To be created
- # and % usage of City-owned electric vehicle charging stations
2018: 8 public charging stations with 16 ports and 3 fleet chargers with 6 ports
Goal: 20 public charging stations with 40 ports and 6 fleet chargers with 12 ports
- % of 18+ year olds aware of new mobility travel options
2018: Survey not previously completed Goal: To be created

Objective 3

Develop an effective, customer responsive parking system.

Strategies

1. Develop future proofed parking developments (e.g. parking facilities that can convert to other uses)
2. Educate and inform the public on parking options and new technology
3. Develop a Parking Master Plan to guide future investments
4. Modernize parking equipment to allow for multiple forms of payment

Draft Metrics

- % occupied on and off-street parking in Downtown and neighborhood business districts
2018: ~95% for off-street monthly permits (baseline to be developed for on-street)
Goal: 85% occupancy for on and off-street parking
- % of 16+ year olds aware of parking options
2018: Survey not previously conducted Goal: To be created

Objective 4: Operate and maintain the City's transportation network and work with partners to connect to the regional transportation network.

74

Strategies

1. Coordinate transportation investments with regional partners
2. Develop, operate and maintain transportation infrastructure (e.g. signals, sidewalks, roads/streets and bridges)
3. Perform critical needs assessment of freight and goods infrastructure
4. Complete the Equitable Economic Development and Mobility Strategic Plan

Draft Metrics

- % of roads in state of good repair (70% or better with 5+ PASEF rating)
2018: 61% Goal: 70%
- % of signals meeting state of good repair (signals less than 10 years old)
2018: 20% Goal: 50%
- \$ Invested annually in signals, sidewalks, roads/streets and bridges
FY2019: \$26.6M Goal: Average \$32.4M for FY2020-FY2024
- % of 18+ year olds aware of new mobility travel options
2018: Survey not previously completed Goal: To be created

Objective 2:

Create a shared understanding with the community regarding timely, equitable and effective safety outcomes and align performance expectations and resource investments accordingly.

76

Strategies

1. Increase critical metric compliance for fire, hazardous materials, technical rescue, water rescue and EMS response to 90%
2. Increase police critical performance metrics when responding to emergency incidents
3. Develop the ability to effectively communicate, staff, manage and respond to major weather events, including activation of the City's Emergency Operations Center (EOC)
4. Develop the ability to effectively communicate, staff, manage and respond to social and environmental risks resulting from opioids, mental health challenges, active violence, micro-mobility, autonomous vehicles and the reactivation of the Grand River
5. Identify transportation safety issues through data analysis, staff expertise and community inputs and equitably deliver appropriate and effective solutions throughout the community
6. Develop and implement a data-driven, actionable and comprehensive Vision Zero transportation safety plan with meaningful input from the community
7. Ensure civil and criminal court cases are processed in an efficient and timely manner

Draft Metrics

- % critical performance compliance for fire response including both distribution and concentration measures
2018: Distribution 86.7%, Concentration 93.14% Goal: > 90%
- % of police responses to in-progress (priority 0–3) calls for service within 8 minutes and 30 Seconds
2018: Being calculated Goal: 85%
- # of crashes and crash rates in relation to traffic counts and vehicle speeds by mode
2018: Being calculated Goal: To be created
- # of serious injuries and fatalities by mode
2018: 155 serious injuries (5 bicyclists, 115 cars/light trucks, 6 motorcycles, 25 pedestrians, 4 other) and 15 fatalities (0 bicyclists, 8 vehicles, 4 pedestrians, 2 motorcycle) from 87 crashes
Goal: 0 (long-term Vision Zero goal)
- \$ invested in addressing transportation safety issues broken down into all the E's of safety (Evaluation, Enforcement, Engineering and Education)
2018: Being calculated Goal: To be created
- % of criminal cases completed (initiation to close) within 126 days
2018: 94% Goal: 90%
- % of civil cases completed (initiation to close) within 84 days
2018: 95% Goal: 90%

Objective 3: Enhance partnerships within the community to recover from significant incidents that occur in the City.

Strategies

1. Create a fully functional neighborhood recovery center within a reasonable distance of the impacted area within 24 hours of an extended major emergency for geographically specific incidents
2. Standardize use of building referral forms to properly document and inform code compliance and the fire department of potential hazards
3. Properly document large scale incidents using National Incident Management Forms to preserve the lessons learned; update current operating guidelines and apply for reimbursement from State or National funds if applicable

Draft Metrics

- % of time staff critically review the City's response to an emergency requiring primary personnel operate the Emergency Operations Center (EOC) 60 days after the incident occurred
2018: 100%
Goal: 100%

Objective 4: Provide professional community oriented policing services to enhance trust, and ensure the legitimacy of the police department and the safety of every resident, business and visitor.

Strategies

1. Complete the police staffing and deployment study to develop an adequate and consistent staffing model throughout the entire community
2. Ensure the Commission on Accreditation for Law Enforcement Agencies (CALEA) mandated evaluations are completed and policies and procedures are adhered to in a way that fairly and equitably addresses disparities
3. Use findings from the annual review process to identify gaps in current administrative or operational subjects in order to develop training curriculum that increases performance and improves the safety of the community and sworn police personnel. This training may include, but is not limited to, Ethics every two years; Unbiased Policing every two years; and Mental Health Awareness every 3 years
4. Equip police officers with tools and support to help during mental health crises
5. Participate in the National Police Foundation Open Data Initiative and share information and data publicly
6. Annually document and share publicly the statistical findings of Internal Affairs findings (i.e. unreasonable use of force complaints and violations of the Unbiased Policing Policy)
7. Increase Grand Rapids Police Department community engagement
8. Employ interdepartmental data sharing and problem solving with resident voices in order to gain a holistic understanding of situations taking place within our community
9. Evaluate and design innovative policing models that equitably protect and serve residents while creating a path to healthy relationships between police and community

Draft Metrics

- % of beats covered 24/7/365
2018: Being calculated Goal: 100%
- % of Part I and II index crime rates by service area
2018: 18,705 (Central 12%, East 25% North 20% South 24% and West 19%)
Goal: To be created
- # of uniformed personnel trained in Crisis Intervention Training
2018: 19 Goal: To be created
- # of community events participating in and # of officers participating in community events
2018: Being calculated Goal: To be created
- % of Freedom of Information Act (FOIA) requests denied by the City that were overturned by the court
2018: 0% Goal: 0%
- % of Civilian Appeal Board findings that differ from Internal Affairs Unit findings
2018: 0% Goal: To be created
- # of complaints filed against sworn and civilian Grand Rapids Police Department employees submitted to Internal Affairs broken down by outcome
2018 Unreasonable use of force: 16 exonerated, 1 unfounded, 0 sustained
2018 Biased policing: 5 exonerated, 3 not sustained, 0 sustained
Goal: To be created
- % of annual average Elucd scores measuring residents' level of trust, satisfaction and how safe they feel
2018: Survey finalized late in 2018 Goal: To be created

Objective 5:

Support efforts to ensure all residents have safe, stable and permanent housing.

Strategies

1. Actively partner in community efforts to end homelessness
2. Support programs that provide permanent housing solutions through the use of evidence-based practices
3. Support, leverage and promote home repair and home safety services to improve safety and maintenance of existing housing supply
4. Identify all touch points with residents regarding housing and cross-promote services to improve the health, safety, efficiency and affordability of homes
5. Increase the number of occupied rental dwellings certified

Draft Metrics

- # of persons experiencing homelessness
2018: 8,458 Goal: To be created
- # of persons experiencing homelessness or at risk of homelessness that became stably housed
2018: Being calculated Goal: To be created
- # of homes receiving subsidized home repair services annually from the City
2018: 456 Goal: 455
- % of Code Compliance cases with correction orders over six months old
2018: 17% Goal: < 15%
- % of occupied rental dwellings certified
2018: 90.9% Goal: Greater than 95%

Implementation

We must successfully implement this plan to focus the City's finite resources to achieve our desired outcomes. The creation of a strategic plan is the first step in an important journey to achieving more equitable, effective and sustainable operations.

With the completion of this written plan, we now turn our focus to creating a robust implementation process that will include:

- Establishing a performance management team responsible for managing the successful implementation of the plan
- Assigning accountability to staff for measuring, tracking, accomplishing and reporting on the progress of strategies and metrics
- Creating a robust information and data tracking system that supports detailed analysis of performance
- Training staff on the plan, implementation process and performance management expectations
- Establishing a cadence of report-outs on progress, which will include internal staff reporting as well as an annual report to the Commission and public
- Publishing performance information and data publicly on the website and through other communication methods
- Updating the plan as needed
- Reorganizing the budget and budget process to align with the plan
- Integrating strategic plan performance measures into employee evaluations

Each year, the City Manager proposes the City's budget around April. As a part of the budget proposal, the City Manager will highlight the key strategies from this plan that we are investing in for the upcoming fiscal year, which runs from July 1 through June 30. This plan is a four year plan and we are working to understand how we can invest to achieve our desired outcomes within this timeframe. We will be learning as we go for these first few years, but we are excited to be on this journey and we hope that this plan helps you better understand our priorities and direction.

Find information about this plan and monitor our performance at:

www.grandrapidsmi.gov/strategicplan

ABOUT THE CITY

INTRODUCTION

The City of Grand Rapids, the second largest city in the State of Michigan, encompasses an area of approximately 45 square miles. The City is located in west central Michigan, roughly 30 miles east of Lake Michigan, and is the urban center of the region. The Grand River, a major state waterway, runs through downtown. The City is the county seat for Kent County.

According to the 2010 Census, the City's population is 188,040 and the Grand Rapids Combined Statistical Area (CSA) population is 1,321,557. The 2010 Grand Rapids CSA includes Allegan, Barry, Ionia, Kent, Mecosta, Montcalm, Muskegon, and Ottawa counties. Current census estimates indicate the City's population is 200,217.

Louis Campau, a French trader, established a trading post here in 1826. Although he wasn't the first non-native settler, Campau became perhaps the most important settler when, in 1831, he paid \$90 to the federal government for what is now the Grand Rapids central business district.

The City was first incorporated as a village in 1838. In 1850 it was incorporated as a city under a mayor-council form of government, and remained that way until 1916, when the commission-manager form of government was adopted under the authority of the Home Rule City Act (Michigan Public Act 279 of 1909, as amended.) The present commission is composed of seven members. Two members are elected on a non-partisan basis from each of the City's three wards, and one member is elected at-large on a non-partisan basis to serve as Mayor. The Comptroller is also elected at-large on a non-partisan basis.

In November, 2014, the City's electorate approved a measure limiting an individual to two terms as City Commissioner and two terms as Mayor. A person is eligible to serve as City Commissioner for two terms then an additional two terms as Mayor.

The City Manager, the chief administrative officer of the City, is appointed by the City Commission and serves at its pleasure. The City Commission also appoints the City Attorney, City Clerk, and City Treasurer. City Commission meets on Tuesdays in accordance with a schedule determined annually.

TAX BASE

In addition to service fees, grants, and state and federal support, the City relies on income and property taxes to support operations and capital investments.

In 1967, the City's electorate approved a two mill reduction in the City's maximum authorized general operating property tax millage to be replaced by an income tax imposed on income earned within the City regardless of the taxpayer's location. Income taxed includes business net income and employee salaries and wages. Currently the City's income tax rate is 1.5% for taxpayers located or residing in the City and 0.75% for taxpayers earning income within the City but located or residing outside the City.

Property taxes are levied on a property's Taxable Value for which annual increases are limited to the inflation rate until the property is sold, improved, or transferred to a new owner. The 2019 (FY2020) Taxable Value for industrial, commercial, utility and residential real and personal properties is \$5.2 billion; a 6.24% increase over FY2019. Industrial property accounts for 4.86% of total taxable value, commercial property accounts for

33.78% and utility-related property for 2.44%. The remaining 58.92% is residential property.

ECONOMY

Since its introduction as the Furniture City in 1876, Grand Rapids area businesses lead in quality, technical expertise, and innovation. Grand Rapids manufacturing has diversified beyond furniture and now includes advanced manufacturing, communications and information technology, medical devices, food and beverages, and aerospace and defense. Grand Rapids is also a leading center for sustainability and renewable energy, and excels in commercializing a wealth of new discoveries: anything from pharmaceuticals to iPhone applications. The City is the headquarters for Steelcase Inc. –

the world’s leading designer and manufacturer of office systems – as well as American Seating Company.

During the last twenty years, the City’s economy has diversified beyond manufacturing – the medical services, biomedical research, agribusiness, technology, and higher education sectors continue to expand. Non-manufacturing employment in the MSA now accounts for 82% of the labor force leaving 18% of area workers employed in manufacturing. (Source: The Right Place Inc.)

The following table reflects the diversity of the major employers in the Grand Rapids MSA.

TOP TEN EMPLOYERS IN THE GRAND RAPIDS MSA		
Company	Product or Service	Number of Employees
Spectrum Health	Hospitals, clinics, and medical services	25,000
Meijer, Inc.	Retailer – groceries and general merchandise	10,340
Mercy Health / St. Mary’s	Hospitals, clinics, and medical services	8,500
Gentex Corporation	Glass product manufacturing	5,800
Gordon Food Service Inc	Wholesale / distribution	5,000
Amway Corporation	Hotels; health, beauty, & home product manufacturing	3,791
Herman Miller, Inc.	Office, commercial, & health industry furniture design and manufacturing	3,621
Perrigo Company	Generic & over-the-counter pharmaceuticals	3,500
Steelcase, Inc	Office, commercial, & health industry furniture design and manufacturing	3,500
Farmers Insurance Group	Insurance	3,500
Source: The Right Place, Inc.,	West Michigan Overview, June 22, 2020	

UTILITIES

City businesses and residents are supplied with natural gas through DTE Energy and electricity from Consumers Energy. The City owns and operates water supply and sewage treatment systems which service City businesses and residents and several other cities and townships in the area via more than 1,239 and 1,100 miles of lines, respectively. The City's water system relies exclusively on water drawn from Lake Michigan. The filtration plant became operational in 1962, and was expanded in 1992. The City's water quality meets or exceeds requirements set forth by the federal government and the State of Michigan.

In 1992, the City initiated the separation of combined sewer and stormwater infrastructure contributing to Grand River pollution during major rain events. The west-side sewer separation and construction of a 30-million gallon storm water retention basin were completed in 1996 and most of the east-side sewer separation was completed in 2006. Completion of the first two phases resulted in an approximate 99.9% reduction of annual combined sewer overflow volume. The final phases required by the City's Long Term Combined Sewer Overflow Control Program were completed in December, 2015, well in advance of the State of Michigan's December 31, 2019 deadline.

TRANSPORTATION

The City is crossed by two interstate expressways. Passenger rail service is provided by Amtrak. Class I freight railroad services are provided by CSX, Canadian National Railroad / Grand Trunk, Norfolk Southern, Canadian Pacific / Soo Line and other railroads. The Gerald R. Ford International Airport, located thirteen miles southeast of the central City, is served by six passenger airlines - Allegiant, American, Delta, Frontier, Southwest, and United Airlines. Greyhound, Trailways, Indian Trails, and the Interurban Transit Partnership provide bus service.

EDUCATION

In addition to public and private K-12 school systems, the Grand Rapids MSA is home to 16 four-year public and private colleges and universities including downtown satellite campuses for Western Michigan University, Michigan State University, Central Michigan University, Ferris State University, Davenport University, and the Thomas M. Cooley Law School. Grand Valley State University, located west of the City, opened a downtown campus in 1988 on the Grand River downtown and continues to expand. In addition to the four-year universities, the City is also home to the Grand Rapids Community College, a two-year general and technical educational institution which is operated with a countywide property tax millage.

The Van Andel Institute ("VAI"), an eight-story 400,000 square foot independent biomedical research and education facility, is located in downtown Grand Rapids next to Spectrum Health-Butterworth Hospital and Helen DeVos Children's Hospital. Established by Jay and Betty Van Andel in 1996, VAI has grown into a premiere research and educational institution that supports the work of more than 400 scientists, educators, and staff. Michigan State University's (MSU) College of Human Medicine, which relocated from East Lansing, Michigan to the City, is adjacent to VAI and the hospitals as is MSU's Research Center which opened in September, 2017.

CULTURE

The City has several performing arts theaters; professional opera, symphony, and ballet companies; three art museums; and a zoo. Just outside the City, the Frederik Meijer Gardens and Sculpture Park was ranked by *The Art Newspaper* as one of the top 100 most-visited art museums worldwide in 2012.

On the Grand River downtown is the Grand Rapids Public Museum. Owned by the City but operated by a non-profit

organization, the Museum showcases Grand Rapids' natural and cultural history, a 50-foot diameter planetarium, and a working antique carousel. In August, 2015, a Grand Rapids Public Schools elementary magnet school began operating within the Museum. In August, 2018, the Museum High School opened at the original Public Museum building at 54 Jefferson Avenue, S.E.

A highlight of downtown Grand Rapids is the Gerald R. Ford Presidential Museum which documents the presidency of President Ford, who grew up and represented the region in Congress for many years. President Ford died in 2006. After memorial services in California and Washington D.C., he was interred in Grand Rapids on the museum grounds. His influential wife, Elizabeth (Betty) Bloomer Ford, was interred next to her husband after she passed away in 2011.

Due to the COVID-19 pandemic, the 51st Annual Festival of the Arts, typically held the first full weekend in June, was canceled in 2020. "Festival," typically features three days of performing arts on six stages, plus film presentations, fine art exhibitions, food sales, and interactive activities for children and adults. Other free events, like "Blues on the Mall," "World of Winter," and "Silent Disco," draw residents and tourists to the City throughout the year although most public events scheduled after mid-March, 2020 have been canceled due to COVID-19 social distancing requirements.

Beginning in 2009, the people of Grand Rapids proved they are open to new ideas when the first ArtPrize® competition brought two hundred thousand people to downtown Grand Rapids. These popular annual events are part arts festival and part evolving social experiment. Note, ArtPrize 2020 has been canceled due to COVID-19 concerns.

ENTERTAINMENT

The 12,000 seat, multi-purpose Van Andel Arena in downtown Grand Rapids opened in 1996. The Arena annually draws thousands of local and regional visitors to

its concert, sporting, and community events. The Arena is home to a minor league hockey team, the Griffins.

Construction of the \$211 million DeVos Place downtown convention center was completed in 2005. The facility has a 40,000 square foot ballroom, 26 meeting rooms, a 685 space underground parking facility, and a 162,000 square foot exhibition hall. DeVos Place also includes a 2,400 seat performing arts theater which is home to the Grand Rapids Symphony, the Grand Rapids Ballet, Opera Grand Rapids and Broadway Grand Rapids.

RECREATION AND SPORTS

Grand Rapids has more than 1,800 acres of parkland at 74 locations throughout the City. Bicycling facilities are typically installed or upgraded during street reconstruction and resurfacing projects following the guidelines and recommendations of the City's Vital Streets Plan, Vital Streets Design Guidelines, and the Bicycle Action Plan. As of December, 2019, there are almost 103 miles of bicycle facilities within the City including several types of bicycle lanes (standard, advisory and buffered), signed bike routes, separated bikeways, and off-street multi-use trails. The Grand Valley Metro Council tracks the region's transportation networks and currently shows there are approximately 370 miles of bicycling facilities within the City and surrounding communities.

The Grand Rapids region has year-round sports and recreation activities including downhill and cross country skiing, ice skating, hunting/fishing, hiking, camping, boating, and golfing. Within City limits, salmon and other game fish can be caught in the Grand River. The public can watch migrating fish use the downtown fish ladder to work their way around the Sixth Street dam.

The West Michigan Whitecaps, a minor league baseball team created in 1994, plays at Fifth Third Ballpark which is ten minutes north of downtown Grand Rapids. The ballpark

also hosts a number of outdoor events including community garage sales, the Winter Brew Festival, and concerts.

Since 2010, the signature event of the West Michigan Sports Commission (WMSC) has been the Meijer State Games of Michigan, which is a multi-sport, Olympic-style event. The annual Summer Games events began in 2010 and in 2014 the WMSC inaugurated the Winter Games. The philosophy of the games is everyone participates regardless of age or ability; everyone is welcome; and everyone plays. The Meijer State Games of Michigan is a grassroots organization which relies on thousands of local volunteers and the support of corporate partners.

The sixth annual Winter Games were held over three weekends beginning on February 14, 2020. Athletes competed in fifteen sports.

The USA Masters Games and the 2020 Summer Games events were affected by COVID-19 concerns. In 2019, more than 8,500 athletes competed in 32 sports.

**BUDGET TIMELINE
FY2021 – 2025 BUDGET PROCESS**

INTERNAL SERVICE FUNDS BUDGETS

Monday, Sep 30	Budget Office Distributes Instructions and Current Rosters for Personnel Budgeting to ISF Departments.
Monday, Oct 14	Internal Service Department Personnel changes due in SharePoint
Thursday, Oct 17	Training in the PB Budget System takes place for ISF Departments, incorporating the personnel data provided through SharePoint.
Thursday, Oct 31	PB is opened for ISF Department personnel who have completed training.
Friday, Nov 22	ISF Budgets Due.

OPERATING DEPARTMENT BUDGETS

Monday, Nov 18	Budget Office Distributes Instructions and Current Rosters for Personnel Budgeting to Operating Departments.
Monday, Dec 2	Operating Department Personnel changes due in SharePoint.
Wednesday, Dec 18	Training in the PB Budget System takes place for Operating Departments, incorporating the personnel data provided through SharePoint.
Monday, Dec 23	PB is opened for Operating Department personnel who have completed training.
Friday, Jan 24	Operating Budgets Due.

CAPITAL BUDGET REQUESTS

Monday, Dec 23	Capital project instructions distributed.
Monday, Jan 13	Capital project requests due.
Wednesday, Jan 29	City Manager begins review of Capital project requests

FY2021 FEE OMNIBUS

Monday, Dec 23	Fee instructions distributed.
Friday, Jan 24	Fee information due.
Tuesday, April 28	Set Public Hearing for consideration of FY2021 Fee Omnibus.
Tuesday, May 12	Hold Public Hearing for proposed FY2021 Fee Omnibus.
Tuesday, May 19	Resolution to Adopt FY2021 Fee Omnibus.

BUDGET OFFICE & CITY MANAGER REVIEW PROCESS

Monday, Nov 25 to Tuesday, Dec 10	Budget Office Reviews ISF Submittals.
Wednesday, Dec 11	City Manager Reviews ISF Submittals.
Monday, Jan 27 to Friday, Feb 14	Budget Office Reviews Operating Department Submittals.
Monday, Feb 17 to Friday, Mar 13	City Manager Reviews Operating Department Submittals.
Monday, Mar 16 to Friday April 3	Budget Office prepares Prelim Fiscal Plan for printing and proofing
Tuesday, Apr 28	City Manager presents FY2021 Prelim Fiscal Plan to City Commission

CITY COMMISSION REVIEW & ADOPTION PROCESS

Thursday, April 30	Budget Town Hall (Special Meeting)
Tuesday, May 5	City Commission Begins Budget Submittal Review
Tuesday, May 12	Set Public Hearing for proposed FY2021 Millage and Budget.
Tuesday, May 19	Hold Public Hearing for proposed FY2021 Millage and Budget.
Thursday, May 21	Resolution to Adopt FY2021 Millage and Budget
Wednesday, July 1	2021 Fiscal Year begins.

BUDGET PROCESS

INTRODUCTION

State of Michigan Public Act 2 of 1968, as amended, known as the "Uniform Budgeting and Accounting Act", requires that governmental units adopt an annual budget. The City of Grand Rapids Fiscal Plan is designed to meet or exceed the requirements established in that Act. The following is a brief introduction describing the planning, amending, and structure of the City's budget document.

FUND STRUCTURE FOR BUDGETED FUNDS

WHAT ARE "BUDGETARY BASIS" AND "ACCOUNTING BASIS"?

Budgetary basis is the method used to determine when revenues and expenditures are recognized for budgeting purposes. Accounting basis is used to determine when revenues and expenditures are recognized for financial reporting purposes. These determinations depend on the measurement focus of the individual fund – that is, the types of transactions and events that are reported in a fund's operating statement. The City's funds use either the modified accrual or the accrual measurement focus.

MODIFIED ACCRUAL BASIS

Funds that focus on current financial resources use the modified accrual basis, which recognizes increases and decreases in financial resources only to the extent that they reflect short-term inflows or outflows of cash. Amounts are recognized as revenue when earned as long as they are collectible within the period or soon enough thereafter to be used to pay liabilities of the current period. These individual funds are known collectively as "governmental fund types".

ACCRUAL BASIS

Funds that focus on total economic resources employ the accrual basis, which recognizes increases and decreases in economic resources as soon as the underlying event or transaction occurs. Revenues are recognized as soon as they are earned and expenses are recognized as soon as a liability is incurred, regardless of the timing of related cash inflows and outflows. In the private sector, the accrual basis is often used by for-profit business enterprises and not-for-profit organizations.

For funds that use the modified accrual basis, the portion of year-end fund balance reserved for outstanding compensated absence liabilities (for example, unused vacation) is not considered part of budgetary reserves. Other than this one difference, the City endeavors to have the budgetary basis parallel the accounting basis.

RESOURCE ALLOCATION

The annual budget is developed within the context of a five-year plan.

The budget process begins with the City Manager and his Executive Team reviewing and gaining consensus relative to forecasted income tax, property tax, property tax administration fees, State-shared revenues, (i.e. sales tax) and other revenue forecasts prepared by fiscal staff for the upcoming five fiscal years.

The Budget Office then prepares comprehensive personnel cost forecasts for all regular full-time employees.

Departments are then given instruction packages, including schedules of charges, along with various electronic submission forms.

All departments are required to prepare five-year funding plans. These five-year budget requests are entered into the City's budget system at the department level.

All departmental appropriation requests are first reviewed by the Budget Office for mathematical accuracy and compliance with policy and instructions. Next, the City Manager and his Executive Team hold a series of meetings to review the requests, adjusting them as the Manager determines is necessary.

Requests for major capital project funding follow a separate but concurrent process. Requests are submitted to the Budget Office for review and summation. The City Manager and his Executive Team review the proposed projects. Capital planning for the Capital Reserve Fund and the Street Funds are completed after the operating appropriation requests are submitted.

Based on the financial data summarized in the budgeting system, the City Manager's Preliminary Fiscal Plan is assembled and submitted for review to the City Commission. In the weeks that follow, the City Commission will hold discussions and gather information regarding the various departmental requests. After a public hearing at which the public is invited to comment on the proposed budget, the final version of the operating and capital budgets are submitted to the City Commission for consideration and adoption. Both the operating and capital budgets are appropriated for the upcoming fiscal year only, within the context of their respective five-year plans.

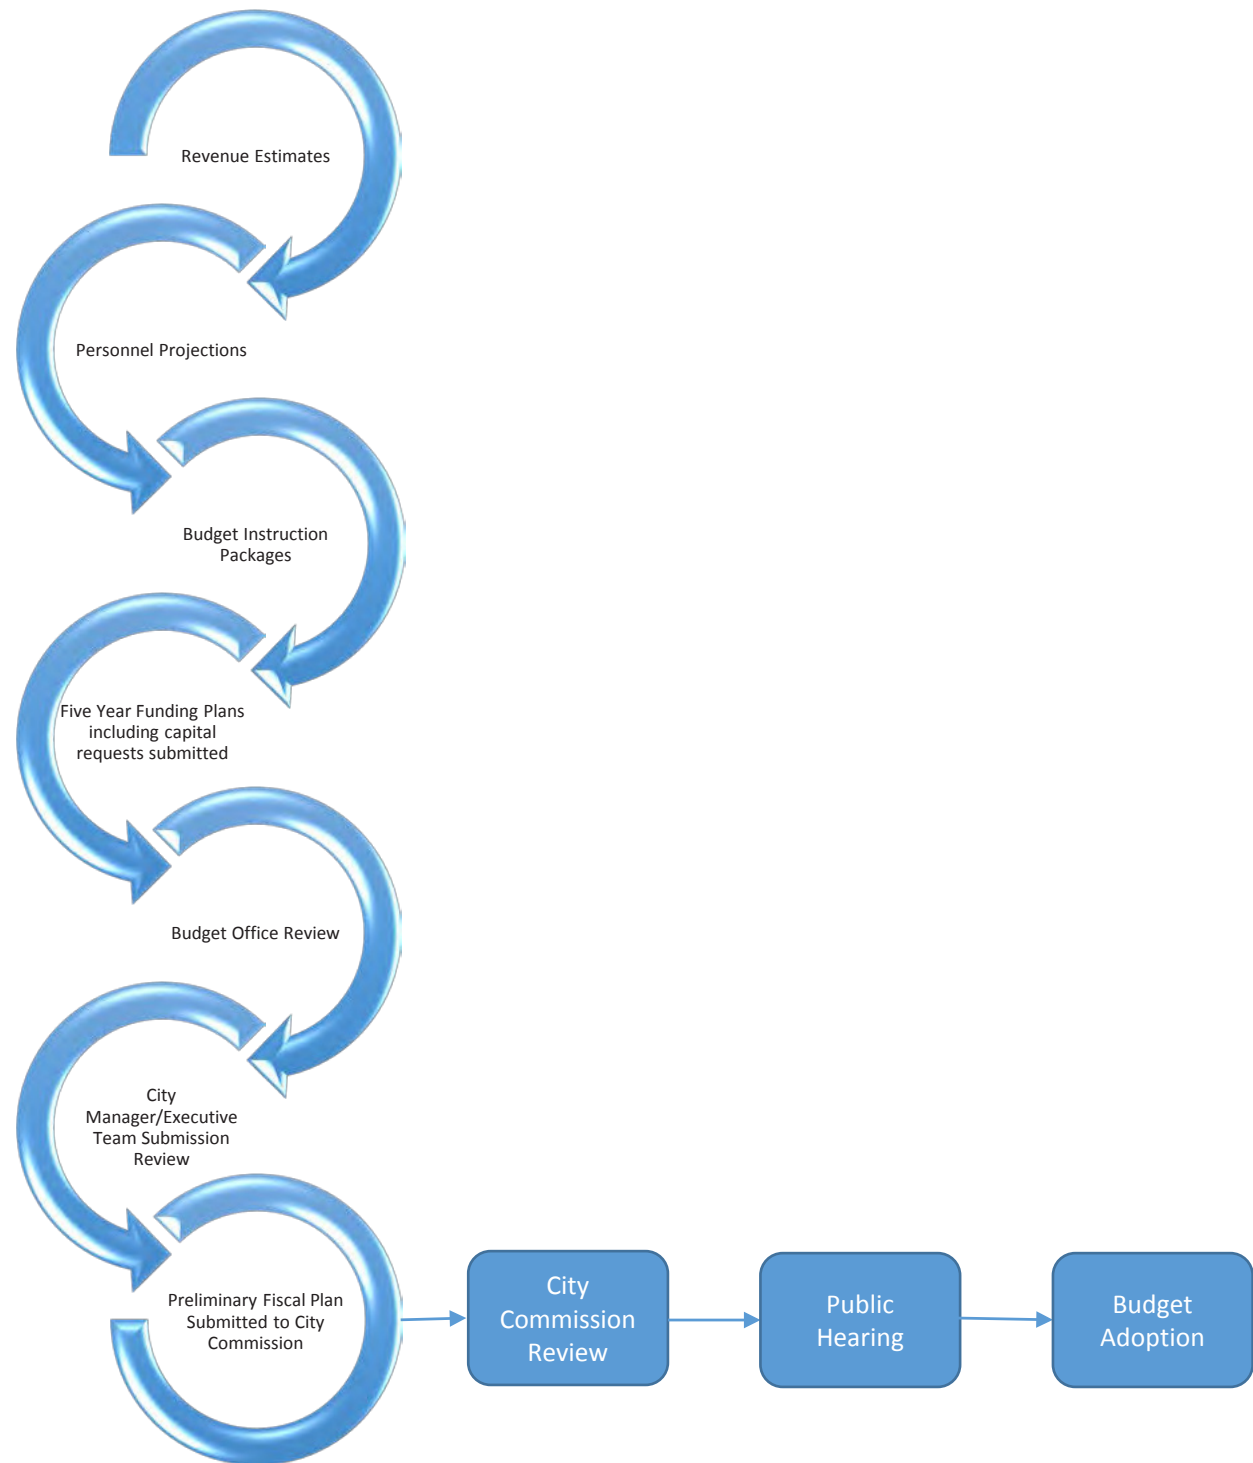

Data entered into the budgeting system by the departments and adjusted by the Budget Office, as approved by City Commission, will be interfaced with the City's accounting system (after the budget is adopted), and become the current budget on July 1st.

Although appropriation authority for most encumbrances is lapsed at the end of the fiscal year, amounts for non-operating items over \$25,000 are allowed to carry forward. Requests for re-appropriation of certain other items are considered under special circumstances, but are not generally allowed for operating-type appropriations such as supplies, postage, travel, etc.

Appropriations for grants and capital projects remain in effect until the grant funded activities and capital projects are completed or abandoned.

BUDGET AMENDMENTS

The budget ordinance, once approved, may be amended with City Commission approval. Such requests are first submitted to the Budget Office. If the request meets criteria, the Budget Office submits an ordinance amendment to the Chief Financial Officer for review. With the Chief Financial Officer's and the City Manager's approval, the request is submitted to City Commission for consideration and approval. Minor budget changes that don't affect the budget ordinance such as transfers within a fund/department, or de-obligations of previous appropriations are handled less formally within pre-established guidelines. The Budget Office posts all changes, once approved, to the accounting system.

BUDGET GUIDELINES

INTRODUCTION

The City of Grand Rapids is accountable to its citizens for the use of public dollars. Resources must be used wisely to ensure adequate funding for the services, public facilities and infrastructure necessary to meet the community's present and future needs. Financial policies create a framework for a strategic, long-term approach to financial management. Financial management policies serve as the blueprint for the stewardship over financial resources and practices. The clear expression of policies governing the City's budget process can be a difficult task. Some of these principles may appear to be little more than common sense, barely worthy of the effort necessary to set them forth. On the other hand, they are principles that influence the decision as to whether or not specific requests, no matter how meritorious, ever achieve the City Manager's recommended budget, and further, whether the City Commission approves the request. When a department seeks the financial support of the City Manager and the City Commissioners, it is best for all concerned that the framework for making decisions be clearly understood.

The City has many funding priorities. The City is restricted by a large body of laws, program mandates, rules, grantor restrictions and fund matching requirements, and staff is always attentive to those limitations on the operations. It is the City's historical practice to effectively and efficiently manage its operations in conformity with community wants and needs, but it must also remain attentive to legal directives and restrictions. The City has employed a series of General Financial Guidelines for many years. The City Commission last updated the guidelines in February of 2014. This section provides background information and rationale for each set of the guidelines.

The FY2021 budget process is well underway. We continue to provide the budget forecasts within the context of our five-year plan. The projections are not intended to be a prediction of future budgetary results; rather, they serve as a financial "base case" or "benchmark" that the City Commission and others can use to assess the potential effects of policy decisions.

GUIDELINE 1 - BALANCING THE BUDGET

BACKGROUND

The City must live within its means. The City is supported by various financial resources and must function within the limits of these resources each fiscal year. A balance must be maintained so that revenues exceed expenditures. Only then can the public realize the benefits of a strong and stable government platform. It is important to understand that this economic reality applies to the City over periods of time which extend beyond the year-to-year appropriations.

By law, authorized spending cannot exceed available resources, defined as revenues generated in the current period added to reserves carried forward from prior years. We call those carry forward balances Unassigned Fund Balance in the General Operating Fund and other governmental funds that use modified accrual accounting. The Comprehensive Annual Financial Report, Internal Service Funds and Enterprise Funds that use full accrual accounting refer to the carry forward balances as Retained Earnings. Retained Earnings often include amounts that are not available for discretionary spending, namely the net book value of fixed assets that will be recognized as depreciation expense over the estimated useful life of the asset. Therefore, the budget process uses the term Unrestricted Cash as the measure of reserves that are available to be appropriated and spent in future years.

Temporary shortages, or operating deficits, can and do occur, but they should not be tolerated as extended trends. The City must continually strive to avoid operating deficits and use of one-time resources (such as fund balance or sales of assets) to fund on-going expenditures and expect the continued delivery of services to City residents and businesses.

RATIONALE

Use of one-time money in the face of a long term deficit plugs the gap without actually solving the deeper structural problem. It is an inherent bet that the problems are cyclical, not structural in nature. This method of balancing the budget may enable the City to temporarily avoid painful measures such as raising taxes or cutting services, but such avoidance can become addictive while the real problem grows in severity until ultimately requiring ever more painful solutions.

FIVE-YEAR CONTEXT

Why five years? Five years encompasses a sufficient time frame that will demonstrate the consequences of trying to fund ongoing expenditures with one-time revenues. It will show the worst surprises before they are upon the City. Of course we cannot make perfect projections of the availability of resources and expenditure requirements. Estimates are just that – estimates. They are economic models that enable us to do a reality check of our budget assumptions. The actual numbers will likely be different. However, the relationship between revenues and expenditures will most likely be in line. The long range modeling will alert us to future problems that may be created by decisions made today.

The key assumptions that significantly influence the financial forecast are shown later in this section. If we believe that alternative economic variables regarding future year revenue growth or labor costs should be used, staff can assess the impact of such alternative assumptions and illustrate the likely impacts. It is extremely important to remain focused on the

economic factors that have the highest probability of occurring. Hope cannot replace reason.

SPENDING AUTHORIZATION VS. APPROPRIATIONS

The City projects the resources required for all authorized positions, whether filled or unfilled at the time of budget adoption. Even if all positions are filled at the beginning of the year, it is inevitable that vacancies will occur throughout the year. The dollar amount required for other elements of the budget (road salt for example) is often subject to the vagaries of the weather or other factors. The Appropriation Lapse assumption has been developed in recognition that the entire amount of the approved expenditures is generally not fully spent.

Appropriation lapse is influenced by the length of time it takes for vacant positions to be filled. Further, calculated savings from mid-year changes (e.g. reductions in force) need to account for the likely delays from the time that changes are announced until the time that the change is put into effect. During the long road back from the 2009 recession, the City held positions open for long periods of time while executing the Transformation Investment Plan. Since the City in recent years has added more jobs than were being eliminated, it is likely that the lapse will be greater than prior years. The FY2021 Fiscal Plan contains an assumed lapse of \$4.9 million in the General Operating Fund. This amount is consistent with actual realized lapse over the last several fiscal years plus an approximately \$317,000 increase to account for a temporary suspension of non-essential hiring aimed at mitigating the financial impact of the COVID-19 pandemic. The appropriation lapse guidelines in other funds is as follows, however, actual budgeted lapse may vary depending on specific circumstances in each Fund:

<u>FUND/DEPARTMENT</u>	<u>LAPSE %</u>
District Court	3.00%
All Other Funds	Discretionary %

BALANCED BUDGET

Best practices in resource allocation results in ongoing expenditures being matched to ongoing revenues and one-time revenues are matched to one-time expenditures. We isolate most of these effects through the use of capital project funds and grant funds. Any potential uses of Fund Balance will be considered a one-time source of funding and as such should be matched to one-time expenditures.

GUIDELINE 2 - CONTINGENCIES

BACKGROUND

The City must plan for and allocate funding for contingencies. Unanticipated and unforeseen events can and do occur. They occur with varying degrees of significance and with varying degrees of duration. The City recognizes the importance of emergency reserves that can provide a financial cushion in years of poor revenue receipts or in the event of a major emergency.

RATIONALE

Contingency appropriations and sufficient fund balance reserves must be maintained for unanticipated expenditures or revenue shortfalls, and to preserve flexibility throughout the fiscal year to make adjustments in funding for programs approved in connection with the annual budget. The objective is for the City to be in a strong fiscal position that will be able to weather negative economic trends. This is important since the City is restricted by the requirements of various laws that limit the City from raising taxes without voter approval, thus increasing the resources available requires long lead times. Additional factors that influence the need for and the level of fund balance reserves include the following:

To provide cash balances to facilitate the conducting of financial transactions.

Investment of reserves to provide additional program funding resources in the form of investment income.

To advance the funding for reimbursement type of grants.

To provide the ability to mitigate State budget actions that may reduce City revenue.

To front-fund or completely fund, if necessary, disaster costs or costs associated with being predominantly self-insured. (Self-insurance is only possible if reserves are set aside. In the absence of funded financial reserves the City would have no insurance.)

To provide the ability to absorb large liability settlements without the need for issuing judgment obligation bonds or to divert funding away from valued programs and critical services.

CONTINGENT ACCOUNT

BACKGROUND

Policy 700-6 states that the General Operating Fund Contingent Appropriation (allowance for unforeseen obligations) will be established each year at \$1,500,000.

FY2021 PLANNING ISSUES

The FY2021 Fiscal Plan includes \$1,726,059 for the Contingent Account appropriation in the GOF for FY2021 and approximately \$2 million each year thereafter.

FUND BALANCE & UNRESTRICTED CASH

BACKGROUND

Policy 700-6 also indicates that the unappropriated /unreserved /unassigned fund balance of the General Operating Fund will be maintained at not less than 15% of current GOF spending and the Budget Stabilization Fund shall be no less than 10%. Current spending includes expenditures plus transfers out.

The fund balance amounts shown on the fund statements are excluding the amounts that are reflected in the Comprehensive Annual Financial Report (CAFR) as reserved or otherwise previously committed to some use or purpose. The fund statements for the fiscal plan differentiate fund balance between assigned to meet fund balance policy guidelines and unassigned. The unassigned amounts can be positive or negative. This differs from the CAFR presentation where assigned fund balances cannot exceed the actual amount of fund balance available. In the Fiscal Plan, negative unassigned cash balance is the extent that fund is below fund balance target levels.

Enterprise and Internal Service funds characterize the fund equity as “unrestricted cash”. In most cases, the unrestricted cash is approximately equal to the working capital. We focus on unrestricted cash because that is the best measure of discretionary resources in funds using full accrual accounting. We have designed our Enterprise and Internal Service funds to generate cash from user charges (fees) in amounts sufficient to pay operating, maintenance, debt service, and a limited amount of “cash and carry” capital. Cash generated from bonds are only available to fund capital.

FY2021 PLANNING ISSUES

FY2021 Income tax revenues are budgeted to decrease 1.0% over FY2020’s estimate. FY2022 is projected to increase 2.0% and FY2023 through FY2025 is forecast to grow 2.5% year-over-year. The income tax growth projections are conservative anticipating an economic slowdown in the upcoming years. A slowdown was already being anticipated prior to the COVID-19 pandemic due to the normal cyclical nature of the economy. The country as a whole, was believed to be nearing the end of the longest economic expansion in its history at 126 months (previous record was 120 months). COVID-19 is widely expected to accelerate and deepen the slowdown. Income tax trends are monitored weekly throughout the fiscal year.

At the onset of the last recession, the City’s initial response was to do what could be done to hunker down and let the storm blow over while hoping for a better day. When it became clear that we were not going to grow our way out and that no one was going to bail us out and that better days were not going to arrive, the City had no choice but to begin implementing significant staff reductions as well as other hefty cost cutting measures. This type of response will not be possible during the next recession. The primary reason for this is that the City has already reduced headcount by approximately 20% since Fiscal Year 2002. This is why it is imperative that the City continues to maintain an unassigned General Operating Fund and Budget Stabilization Fund balance to policy guidelines. Fiscal Year 2013 saw the first deposit into the Budget Stabilization Fund of \$3,683,466 or 3.1% of General Operating Fund expenditures. In FY2016, the GOF and Budget Stabilization Funds were fully funded to the 15% and 10% guideline level respectively and ended FY2019 at 26.8% and 10.0% respectively.

GUIDELINE 3 - CAPITAL IMPROVEMENT EXPENDITURE PROGRAM

BACKGROUND

The City's Capital Improvement expenditure program includes the purchase, renovation or upgrade of new and existing municipal equipment, facilities or physical plant infrastructure. The program is funded by multiple sources of funding, depending on the type of project and the use of the facility. As such the City develops a five-year capital improvement program budget encompassing all City municipal and physical plant facilities. Physical plant infrastructure such as the Water and Wastewater facilities also include a Master Plan covering projected renovations and expansion requirements for the next 20 years.

RATIONALE

The City must recognize the impact of new capital projects on the annual operating budget of the City. Future maintenance costs need to be identified and incorporated into the annual operating budget when new projects are completed. These costs include such things as departmental staffing, building maintenance, custodial services, landscaping, furniture and fixtures, etc. It is important to understand that capital assets need to be regularly maintained to achieve the estimated useful life of the capital asset.

The hierarchy of Sustainable Asset Management and the hallmark of Capital Planning is that existing assets must be in a state of good repair before considering and approving enhancement or expansion of the capital asset base.

A five-year capital improvement program is prepared and updated each year. The operating impact of each project should be identified and incorporated into the annual operating budget. The City will endeavor to maintain capital assets on a regular basis. Within legal limits and the constraints of

operating budgets, debt may be issued for the purchase or renovation of capital assets.

New projects will be specifically approved and added to the Capital Improvement Program. Before inclusion in the five-year capital program, information is obtained on the complete scope of work, a description of the different project phases, cost estimates for the total project (which should include adjustments for inflation based on the construction or development schedule) and recommended funding sources for the total project. Once approved, material changes to the scope of work concerning existing projects (i.e. Budget Substitutions) must be approved by the Fiscal Committee of the City Commission.

Each year the City prepares a Capital Financing Plan in conjunction with the Capital Budget. The plan details the sources of financing for all capital projects included in the Capital Budget. The plan considers all potential sources of funding including grants and developer contributions, dedicated sources of funding such as water and sewer charges for services, or other Special Revenue or Internal Service Fund fees, general tax revenues, and debt financing.

GUIDELINE 4 - CAPITAL RESERVE FUND

BACKGROUND

The City maintains a Capital Reserve Fund for the purposes of establishing a financing mechanism to support the General Capital Improvements Program of the City.

The FY2015 budget established the framework for the Public Assets pillar aimed at long-term sustainability of public capital assets. Half of the City, Village, and Township Revenue Sharing Program (CVTRS) revenues are now pledged toward capital asset management, and the City Commission also authorized increasing the income tax set-aside by 1% (to 5%) in FY2015. The FY2018 budget reduced the income tax set-aside to 4.5%. This dropped to 4.25% for for the FY2020 and FY2021 Fiscal Plans. The capital set-aside percentages apply

only to the 1.3% base income tax revenues. These funding mechanisms are currently sufficient to provide support and ensure Pillar II sustainable asset management strategies will be appropriately funded.

FY2021 PLANNING ISSUES

The funding sources noted above, along with the development of a long-term Capital Management Plan, has matched ongoing revenues to the ongoing replacement or rehabilitation expenditures in the Capital Improvement Fund. Careful monitoring will ensure Pillar II Sustainable Asset Management is achieved long into the future.

GUIDELINE 5 - STREETS CAPITAL FUND

BACKGROUND

The City's 21st Century Task Force concluded that Gas and Weight Tax receipts would be insufficient to maintain the Major and Local Streets. The Task Force recommended that the General Operating Fund provide supplemental funding to the Streets Capital Fund. The General Operating Fund provided supplemental funding for many years but the General Operating Fund support ended due to financial pressures in the General Operating Fund.

FY2021 PLANNING ISSUES

The Sustainable Streets Task Force had been meeting since early 2012. They concluded that the condition of major and local streets was deteriorating and additional ongoing revenues were necessary to reverse the trend. This prompted the decision to ask voters for a 15 year extension to the temporary income tax rate approved by voters in 2010 which would be dedicated to Vital Streets. Following voter approval of a ballot measure to extend the 0.2% increase in the income tax rate for 15 years, the Vital Streets Oversight Commission was formed and began meeting monthly.

The Vital Streets Capital Plan requires investment of \$22 million annually for 15 years, to bring streets into 70% good and fair condition by the end of the 15 year extension of the income tax rate increase. Included in the \$22+ million, the City committed to provide a "maintenance of effort" of approximately \$3.5 million from gas and weight tax revenues and \$13 million of GOF support. FY2021 estimates \$13.6 million in revenue from the income tax extension which began in FY2016 as well as the required increased State funding of at least \$6 million per year, with grants making up the remainder. State funding was secured when voters approved Proposal 1 on May 5, 2015.

OTHER BUDGET POLICIES

There are other policy issues that the City is required to consider in developing the budget. These items arose in conjunction with ballot measures where the taxpayers considered dedicated sources of funding for the Public Library and increased funding for Parks through a dedicated 7 year millage, and more recently, a dedicated permanent millage.

PUBLIC LIBRARY

The Public Library Fund is designated as the depository of revenues from the Library Millage, (currently 2.3406 mills) of the General Operating levy. Such funds are restricted, by City Charter, to the operating/maintenance expenses and capital improvement needs of the Grand Rapids Public Library System.

POLICE

Annual General Operating Fund appropriations in support of Police services shall be established in an amount equal to not less than 32% of the total annual GOF appropriation. The FY2021 Final Fiscal Plan GOF appropriation in support of Police services is 38.59%.

PARK AND RECREATIONAL PROJECTS AND PROGRAMMING

The Grand Rapids Parks and Recreation Department is at a pivotal moment in establishing a new direction for the city’s parks and recreation system and has been energizing the community and partner organizations through meaningful and active engagement. Today, the Grand Rapids Parks and Recreation Department is within a stage of rebuilding. This includes grounding an established and strong internal culture, strategically building a sustainable organizational structure, and continuing to build a strong external identity within the community that is committed to a sustainable and inclusive urban park and recreation system. Citizens of Grand Rapids continue to emphasize the importance of parks and recreational opportunities as an essential public service. This importance was consistently heard across all demographics of Grand Rapids’ increasingly diverse community through over a year of distinct and meaningful engagement as part of the unanimously adopted Strategic Parks and Recreation Master Plan. The importance of parks and recreational opportunities was also heard through a recent ballot initiative where residents of Grand Rapids overwhelmingly approved a proposal that will provide dedicated funding for parks, pools, operations and recreation through a permanent millage of 1.25 mills starting in July 1, 2021 (FY2022).

Delivering on the commitment to be a sustainable and inclusive urban park and recreation system, the Grand Rapids Parks and Recreation Department continues to be diligent in aligning resources with level of service. The Department continues to be strategic in managing under the established Maintenance of Effort (MOE) investment from the General Operating Fund. As illustrated in the following chart, the MOE has grown by over \$1.06 million from its inception in FY2014:

In coordination with the parks millage capital investments, the maintenance of effort has helped to enable us to improve our level of maintenance as depicted below:

% Parks Maintained				
	2011	6/30/2017	12/31/2018	FUTURE
A	0.0%	0.0%	5.1%	11.5%
B	14.1%	15.4%	24.4%	61.5%
C	64.1%	82.1%	69.2%	26.9%
D	21.8%	2.6%	1.3%	0.0%

Future operational and capital needs will also be shared over the course of the next budget year for the purpose of understanding and meeting the outcomes and expectations of the community.

REVENUE OVERVIEW

This section provides an overview of the City of Grand Rapids' Fiscal Plan revenues. The narrative and graphics present revenue information for all budgeted funds as well as separate revenue data by source and by fund.

The General Operating Fund (GOF) is where the City accounts for most tax supported activities. Several years ago City income tax and property tax revenues were 38.6% and 16.9% of total GOF revenues respectively, but for FY2021 the proportionate shares are projected to be 59.2% and 10.6%. The shift to the more economically volatile Income Tax as the primary GOF revenue source has contributed, in part, to the ongoing GOF budget constraints. Also contributing to the City's economic challenges is the reduction in statutory revenue sharing program which has never fully recovered from earlier highs.

City revenues are most easily explained by separating the sources into six major groups.

Group 1 - Charges for Services

Charges for Services consist of revenues derived from charging the recipient for the product or service provided by the City. The majority of revenue from user charges is from the Enterprise Funds; Water Supply System, Sewage Disposal System, and Parking System. These systems are large operations serving City residents and businesses as well as several surrounding communities.

Other City funds with user fee revenues include the 61st District Court, Refuse Collection and Disposal, Building Inspection, Street, Vehicle Storage, and Parks Funds. Examples of charges for services include Licensing Fees, Refuse Collection and Disposal Fees, Inspection Fees and Special Event Fees.

This category is an increasingly larger revenue source as the City has focused more attention on full cost recovery from user charges. Unlike the private sector, state laws and related court cases limit City fees to the costs of the services provided, while any additional amounts would be considered to be an unauthorized tax. A comprehensive Water and Sewer Rate Study is prepared annually to ensure compliance with state laws and with bond covenants, and to assure the solvency of the Systems. All other user fees are examined and adjusted on an annual basis by the individual departments.

City Departments have been directed to focus on achieving 100% cost recovery for all services. If achievement of the 100% recovery level will negatively impact the Strategic Plan goals, departments should recommend an alternative cost recovery goal, and identify a source of subsidy for any unrecovered costs.

Group 2 - City Income Taxes

With the approval of Michigan Public Act 284 in 1964, as amended, the State authorized Michigan cities to adopt uniform city income tax ordinances if approved by the City's voters. Income tax receipts are deposited into the General Operating Fund, Capital Reserve Fund, Vital Streets Fund and the Sidewalk Repair Fund.

In 1967, the voters approved a two mill reduction in the City's property tax millage and a new tax on income earned within the City regardless of the residence of the taxpayer. Taxed income includes business net income and individuals' salaries and wages. Up to and including the calendar year ending December 31, 1995, residents paid 1% and non-residents paid 1/2 of 1%.

In 1995, the City's voters authorized an increase in the income tax from 1.0 % to 1.3% for residents and from 0.5% to 0.65% for non-residents effective January 1, 1996. In May, 2010 the City's electorate authorized a temporary increase in the income tax from 1.3% to 1.5% for residents and from 0.65% to 0.75% for non-residents effective July 1, 2010 through June 30, 2015. In May 2014, voters approved extending the temporary income tax increase another 15 years to pay for Vital Streets.

Beginning July 1, 2010, the dependency exemption was lowered from \$750 to \$600 per dependent.

Assumptions are made as to the rate at which taxable income is expected to grow. We then overlay the temporary increase in the income tax rate and the permanent decrease in the exemption rate. The estimated revenues shown in the fiscal plan include the additional revenue from this ballot measure and are shown on the Vital Streets and Sidewalk Repair Fund Statements. Income tax revenue (other than that generated by the May 2014 ballot measure) is divided between the Capital Reserve Fund and the General Operating Fund.

FY2019 year-end income tax revenues trended above FY2018 revenues with a growth rate of 6.62%. The growth trend is expected to cross over into modest declines in both FY2020 and FY2021, with staff anticipating that FY2020 will end the year down 2.0% over FY2019 results due to the COVID-19 outbreak. This budget anticipates a 1.0% decrease in income taxes in FY2021 a 2% increase in FY2022 and then a 2.5% increase each year of the remaining forecast period of FY2023-FY2025. Staff monitor actual income tax receipts weekly and also pay close attention to key economic indicators while making income tax receipt projections for future year Fiscal Plans.

Group 3 - City Property Taxes

Real Property Tax

Property taxes, currently the City's fourth largest overall source of funds, have long been a serious citizen concern in Michigan. The General Property Tax Act, Michigan Public Act 206 of 1893, is regularly amended by State legislators but voters approved major changes in 1978 and 1994 which affect the City of Grand Rapids' property tax revenues on an ongoing basis.

In 1978, the "Headlee Amendment" and enabling legislation, Michigan Public Act 35 of 1979, placed limitations on increases of property tax millage rates by the State. The Headlee Amendment effectively reduces the maximum authorized tax rate that can be levied by a local taxing unit. Under the Headlee Amendment, if taxable property values rise faster than consumer prices, the maximum authorized millage rate is

reduced, or "rolled back" to what would have been calculated if the inflation rate were used for valuation.

Until 1994, property taxes were based on a property's assessed value or an amount equal to 50% of the property's market value. This meant that property taxes went up and down in close relation to an increase or decrease in property value. With the passage of Proposal A, however, the tax was stabilized. In fact, some of the tax burden was shifted from property to sales tax, which was increased from 4% to 6%.

Proposal A created a new basis by which property tax would be calculated: the taxable value of the property. The taxable value of a property can only increase each year by the lesser of the rate of inflation or 5%. This allowed property values to rise in the 1990s without a corresponding rise in taxes. Unfortunately, it can also allow property values to fall without a corresponding decrease in taxes. It should also be noted that new construction and transfers of ownership are exceptions to the cap.

The initial Headlee Amendment permitted rolled back millages to be adjusted upward when property tax values increased by less than the rate of inflation. However, the Legislature eliminated any millage rate recovery for this situation following the passage of Proposal A in 1994.

Pursuant to Michigan Public Act 298 of 1917, as amended, the City is authorized to levy up to 3.0000 mills for refuse collection and disposal activities without seeking voter approval.

Public Act 359 of 1925, as amended authorizes home rule cities, like Grand Rapids, to levy up to \$50,000 for promotional purposes. After collecting these property taxes, the City disburses the funds to Experience Grand Rapids.

City Property Taxes are generated by applying the approved millage rates to the taxable value of a property. One mill equals \$1.00 per \$1,000 of taxable property value. The taxable

value of property may be less than or equal to but cannot exceed the property's SEV. Property tax revenues are deposited into the General Operating, Library, Capital Reserve, Refuse Collection and Disposal, and Parks Millage funds.

Leading up to the 2007/2008 great recession, the gap between the City's SEV and TV peaked at approximately 15%. Viewing this gap in terms of the property tax base indicates that the City was not allowed to collect taxes on 15% of the value on the assessment roll. However, the large gap between SEV and TV allowed the City's property tax base to annually grow by slightly more than the CPI in the years leading up to the great recession.

Due to declines in property values that ensued between 2007 and 2013, the gap between SEV and TV eroded from 15% to less than 4%. During this same time, the City's property tax base declined as TV's of individual properties dropped below SEV's. Since 2015, the City's taxable value has turned positive as the real estate market continues to improve, however Proposal A will continue to limit growth in property tax revenue.

Personal Property

A package of bills passed in 2012, and the subsequent passage by voters of Proposal 1 of 2014, created two personal property exemptions. The first exemption, which began in 2014, is the "Eligible Personal Property" exemption. The second exemption, which began in 2016, is the "Eligible Manufacturing Personal Property" exemption.

The "Eligible Personal Property" exemption, also known as the "Small Taxpayer Exemption" exempts business personal property owned, leased, or in the possession of a business, if the total true cash value is less than \$80,000 in that local unit. Businesses must annually file an affidavit with the local assessor to be eligible for the exemption.

The "Eligible Manufacturing Personal Property" exemption eliminates personal property taxes on personal property which is used either for industrial processing, or direct integrated support of industrial processing. The exemption is phased in over several years beginning in 2016. By 2023, all eligible manufacturing personal property will be exempt in the State of Michigan.

Other features of the bills include a proportion of "Use Tax" revenues be redirected to local units of government to offset revenue losses caused by the exemptions; establishment of a "State Essential Services Assessment" which was levied against exempt personal property in 2016 with the revenue going to the State's general fund; and creation of the "Local Community Stabilization Authority" which will receive and disburse the local communities share of the State "Use Tax." Each municipality's percentage of general operating millage used to fund the cost of essential services (police, fire ambulance or jails) in the municipality's fiscal year ending in 2012 will be used in the calculation of each municipality's Local Community Stabilization Share Revenue Essential Services Distribution starting in 2016. The total amount projected to be received by the City's General Fund in FY2021 for Essential Services is \$408,076.

City Property Tax Conclusion

The effects of the recovering real property market, combined with the expectation of 100% reimbursement for personal property exemption losses, are expected to result in steady property tax revenue increases of slightly under 2.5%. Property taxes are also a key source of funding for most of the City's component units, including the Downtown Development Authority, the Monroe North Tax Increment Financing Authority, the Smart Zone Local Development Financing Authority, the Brownfield Redevelopment Authority, and the various corridor improvement districts.

Group 4 - State Revenues and Grants

State Revenues and Grants include three major sources of revenues. State grants, state shared revenues and gas and weight taxes, are historically the City's third largest source of funds, but rank as the fifth in the FY2021 revenue projections due to the adverse impacts of COVID-19. State revenues and grants are dependent on the State's economic health.

State Grants

State grants support operating and capital activities for City projects ranging from child enrichment programs to street improvements. The amount of State grants received annually fluctuates depending on the timing and purpose of the grant. Like other grants, State grant revenues and expenditures are recognized via budget amendments when award letters or agreements are received from the granting agency.

State Shared Revenues

Revenue Sharing is the State program that previously distributed portions of the 6% total sales tax collected by the State and distributed to the cities according to predetermined formulae. The City historically received revenue sharing payments from the State under both the State Constitution and the Michigan Revenue Sharing Act, P.A. 140 of 1971; however, in FY2012, the State eliminated Statutory Revenue Sharing altogether and replaced it with the Economic Vitality Incentive Program (EVIP) which was later renamed to the City, Village and Township Revenue Sharing Program (CVTRS).

Overall, State Revenue Sharing distributions are well below the highs received in 2002, primarily due to cuts in the statutory (now CVTRS) component of the revenue. The last several years have shown small increases in the Constitutional revenue sharing distributions while the CVTRS payments have remained constant. However, due to the anticipated economic impact associated with the recent COVID-19 outbreak, staff have projected State Revenue Sharing distributions to decline 15% from the most recent State of Michigan guidance (Executive Recommendation updated February 6, 2020). Constitutional Revenue Sharing revenues are deposited to the General Administration Account and CVTRS revenues are split evenly between the General Fund and Capital Reserve Fund.

State Gas and Weight Taxes

The Michigan Constitution provides that certain proceeds of taxes levied by the State on motor vehicle fuels and registered motor vehicles be deposited into the Michigan Transportation Fund. Revenues deposited into the Fund are allocated by a formula established under Public Act 51 of 1951, and transferred to several organizations, including the City, for transportation purposes.

These funds (known as "Gas and Weight Taxes") are distributed to cities and villages, after certain deductions by

the State, on the basis of population and mileage for the type of street when compared to the total for the State.

Staff had anticipated base Gas and Weight taxes to increase by 1% in FY2021. However, a 15% overall reduction from the original forecast has been projected due to the economic impact of the COVID-19 outbreak and the resulting decline in motor fuel consumption. The State of Michigan took action in 2016 (City's FY2017 and beyond) and passed legislation that increased gas and weight taxes, as well as registration and other fees which will provide increased revenues to municipalities across the state. Current estimates call for a phased in approach over the next 6 years which will increase revenues by approximately \$9 million annually to the City. The first \$6 million of the increased revenue will be allocated to Vital Streets as promised in the Investment Guidelines and any amounts exceeding \$6 million will be allocated between Vital Streets Capital and Operations proportionately.

If fully realized, the anticipated new revenues will meet and exceed the projections developed when the investment amounts were established as part of the Vital Streets Income Tax Extension and will allow the City to meet its goal of 70% of streets "good or fair" by the end of the 15 year tax increase.

Group 5 - Investment Earnings

Investment Earnings are the result of investing cash at prevailing interest rates until it is needed to pay for goods and services. The City Treasurer is authorized by State statute and City ordinance to invest surplus monies belonging to and under the control of the City. Surplus funds must be invested in accordance with Michigan Public Act 66 of 1977, as amended, (MCL 129.91 et seq.); Chapter 18 of the Grand Rapids City Code and the City of Grand Rapids Investment Policy. In summary, the City Treasurer may invest in the following investment instruments:

- Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.
- Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a financial institution, subject to a variety of criteria.

- Commercial paper rated at the time of purchase within the two highest classifications established by not less than two of the standard ratings services and that matures not more than 270 days after date of purchase.
- United States or federal agency or instrumentality obligation repurchase agreements.
- Bankers' acceptances of United States Banks.
- Obligations of Michigan or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- Mutual funds registered under the federal Investment Company Act of 1940 (title I of chapter 686, 54 Stat. 789, 15 USC 80a-1 to 80a-3 and 80a-4 to 80a-64) composed of investment vehicles which are legal for direct investment by local units of government in Michigan. These investments are also subject to a variety of criteria.
- Investment pools organized under the Local Government Investment Pools Act (Michigan Public Act 121 of 1985,) as amended, and/or organized under the Surplus Funds Investment Pool Act (Michigan Public Act 367 of 1982.) subject to a variety of criteria.

The above investment instruments and the cash balances in the City's checking accounts are subject to certain risks, as are all investment instruments. By restricting the investment options the City Treasurer has to the investment instruments listed above, State law and City code have greatly reduced the level of risk when investing the City's funds. However, the City's investments are still subject to the risks summarized below. Additional information regarding investment risk is

described in the City's audited Comprehensive Annual Financial Report available online.

-
- **Credit Risk:** The risk that an issuer or other counter-party to an investment will not fulfill its obligations.
 - **Custodial Credit Risk:** The risk that, in the event of a failure of the counter-party, the City may not be able to recover the value of investments or collateral securities that are in the possession of an outside party.
 - **Interest Rate Risk:** This risk is the exposure of investments to changes in market value when interest rates change.
 - **Concentration of Credit Risk:** The City's Investment Policy places limits on the amount that may be invested in any one issuer. The policy allows a maximum investment of 25% of available funds to be invested per financial institution at the time of the investment. In other words, the City Treasurer may not place all of the City's "eggs" in one basket.

Over the last few years, the City took a different approach to investing excess cash balances. The City contracted with three third-party money managers and has been aggressively placing excess funds for more active management by these professional managers. This approach has been paying off with increased overall yields.

Group 6 - Other Sources

Cost Allocation

Other sources of revenue include a multitude of minor items including funds transferred from non-General Operating Funds to the General Operating Fund for centralized support services like human resources and accounting. The amounts are determined by the City's Cost Allocation Plan which is prepared in compliance with the requirements of 2 CFR Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards."

Cost allocation charges to the departments/funds are driven by the amount being allocated from the various central service departments. Annual fluctuations could be the result of either the central service departments incurring higher or lower expenditures or the allocation base increasing or decreasing for a recipient department/fund.

Grants

Normally grant revenues and expenditures are budgeted in their entirety via a budget amendment in the fiscal year they are received. For multiple year grants, these appropriations remain in effect until the grant is closed so there is no subsequent budget activity in future fiscal years. The current year estimate includes only the actual revenue receipts and expenditures that are anticipated to take place during the fiscal year. The following year's proposed grants budgeted in the Fiscal Plan are those new grants that are awarded and not previously budgeted. The budget authority for these new grants will also remain in effect until they are closed.

Fiduciary Funds

The total revenues of the City's budgeted funds include fiduciary funds. These funds are used to account for assets held in trust by the City for the benefit of individuals or other entities.

This section includes two graphical representations of the City's major revenue sources for all budgeted funds.

STATEMENT OF ACQUISITION AND USE OF SURVEILLANCE EQUIPMENT AND SURVEILLANCE SERVICES

THE CITY OF GRAND RAPIDS ADMINISTRATIVE POLICY NUMBER 15-03 DATED MARCH 24, 2015 TITLED ACQUISITION AND USE OF SURVEILLANCE EQUIPMENT AND SURVEILLANCE SERVICES REQUIRES THAT THE CITY, AS PART OF ITS ANNUAL FISCAL PLAN, SHALL SEPARATELY IDENTIFY PUBLIC FUNDS BUDGETED FOR THE ACQUISITION OF NEW SURVEILLANCE EQUIPMENT THAT IS SUBJECT TO THE POLICY.

THE FY2021 FISCAL PLAN DOES NOT INCLUDE FUNDING FOR ANY NEW PROGRAMS OR PROJECTS THAT MEET THE CRITERIA AND DEFINITION OF POLICY NUMBER 15-03.

INTRODUCTION TO FUND SUMMARIES

The City of Grand Rapids accounts for expenditures and revenues according to the generally accepted accounting practices as defined by the Governmental Accounting Standards Board (GASB). These standards require public agencies to maintain separate accountability over financial resources dedicated for specific financial purposes through fund designations. Governmental financial operations will incorporate several different types of funds. In order to have a reasonable structure, funds are classified in generic groups.

The groups budgeted by the City of Grand Rapids, and included in this Fiscal Plan, are governmental fund types and proprietary fund types. These fund types are defined as follows:

GOVERNMENTAL FUND TYPES

The funds used to fund those activities of a government that are carried out to provide services to citizens and that are financed primarily through taxes and intergovernmental revenues. Governmental Fund Types include five types of funds – general, special revenue, debt service, capital projects and permanent.

GENERAL FUND - Normally the most important fund of a municipality, it accounts for all resources not otherwise devoted to specific activities and finances many of the basic municipal functions, such as general administration, fire and police. This fund is the recipient of the bulk of the general tax dollars (e.g. income tax, property tax) paid by the community.

SPECIAL REVENUE - Accounts for receipts from revenue sources that have been earmarked for specific activities. For example, motor vehicle gas and weight taxes shared with local governments by the State for street maintenance might be accounted for in a Street Fund.

PERMANENT - Used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs.

DEBT SERVICE - Accounts for the financing of the interest and retirement of principal of general long-term debt.

CAPITAL PROJECTS - Accounts for the acquisition of capital facilities, which may be financed out of bond issues, grants-in-aid, or transfers from other funds. This type of fund is limited to accounting for the receipts and expenditures on capital projects. Any bond issues involved will be serviced and repaid by the Debt Service Funds.

PROPRIETARY FUND TYPES

These funds are used to account for a government's business-type activities supported, at least in part, by fees or charges.

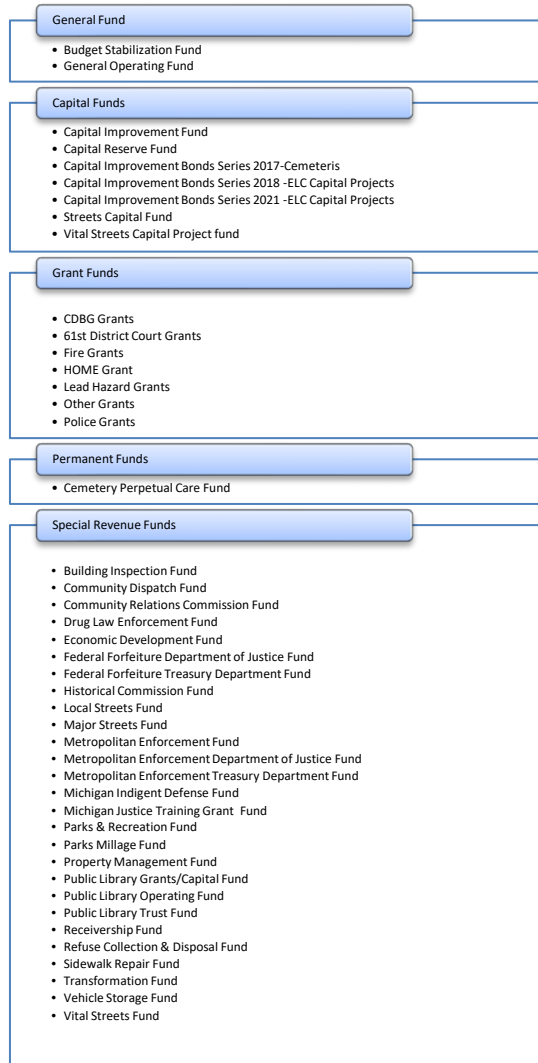

ENTERPRISE - Accounts for business type activities. Municipal utilities, convention centers, parking operations and other activities supported largely by user charges may be accounted for by this type fund.

INTERNAL SERVICE - These funds are similar to enterprise funds except that the services are not rendered to the general public but are for other governmental organization units within the same governmental jurisdiction. The operations of such activities as motor equipment services, data processing and building and grounds maintenance have been placed under this type of fund to account for the cost of such services and to encourage economy in their use.

The individual fund statements supported by supplemental information for each of the budgeted funds follow the combined fund statement. Each fund statement provides a two-year financial history of the fund, as well as an additional five years projection. Statements have been organized by fund type.

It is important to note that, although each fund is a separate entity, certain payments are often made from one fund to another. Such "contributions to other funds" could be made for any number of reasons. Perhaps the most obvious reason would be a subsidy to support the services of the recipient fund. Such a transfer most commonly occurs from the City's General Operating Fund. That fund, as the beneficiary of the general tax dollars of the community, is a resource to support other activities. Also, by design, operations of Internal Service Funds are supported by revenues from other funds. To avoid a distortion of the overall city financial picture, the combined fund statement addresses such transfers under the column titled Inter-Fund Eliminations.

Modified Accrual Basis of Budgeting and Accounting

What are “Budgetary Basis” and “Accounting Basis?”

Budgetary basis is the method used to determine when revenues and expenditures are recognized for budgeting purposes. Accounting basis is used to determine when revenues and expenditures are recognized for financial reporting purposes. These determinations depend on the measurement focus of the individual fund – that is, the types of transactions and events that are reported in a fund’s operating statement. The City of Grand Rapids’ funds use either the modified accrual or accrual measurement focus.

Modified Accrual Basis

Funds that focus on current financial resources use the modified accrual basis which recognizes increases and decreases in financial resources only to the extent that they reflect short-term inflows or outflows of cash. Amounts are recognized as revenue when earned as long as they are collectible within the period or soon enough thereafter to be used to pay liabilities of the current period. These funds are known collectively as “governmental fund types.”

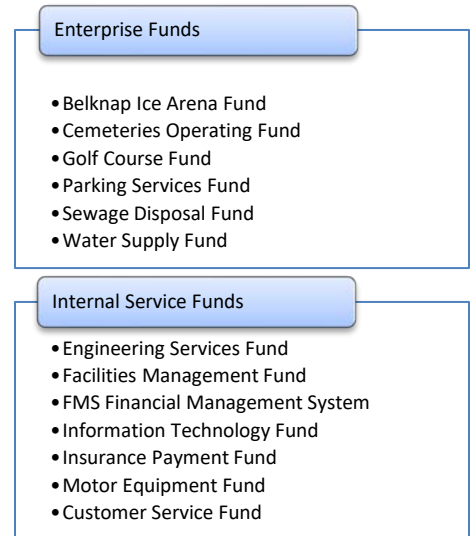

Accrual Basis

Funds that focus on total economic resources employ the accrual basis which recognizes increases and decreases in economic resources as soon as the underlying event or transaction occurs. Revenues are recognized as soon as they are earned and expenses are recognized as soon as a liability is incurred, regardless of the timing of related cash inflows and outflows. In the private sector, the accrual basis is often used by for-profit business enterprises and not-for-profit organizations.

Difference between the City’s Budgetary Basis and Accounting Basis

For funds that use the modified accrual basis, the portion of year-end fund balance reserved for outstanding compensated absence liabilities (for example, unused vacation) is not considered part of budgetary reserves.

FUND DESCRIPTIONS

Budget Stabilization Fund: The purpose of this fund is to serve as the City's "savings" account and to assist in stabilizing revenues during periods of economic recession. The fund provides a safeguard to protect critical programs for the citizens of Grand Rapids when the City experiences an economic downturn. The fund is accounted for as a subfund of the General Fund.

According to the State of Michigan Act 30 of 1978, as amended, money in the budget stabilization fund may be appropriated by an ordinance or resolution adopted by a 2/3 vote of the City Commission. The amount of money in the fund shall not exceed either 20% of the City's most recent General Fund budget, as originally adopted, or 20% of the average of the City's five most recent General Fund budgets, as amended, whichever is less.

This fund may be used for the following purposes:

- To cover a general fund deficit, when the City's annual audit reveals such a deficit.
- To prevent a reduction in the level of public services or in the number of employees at any time in a fiscal year when the City's budgeted revenue is not being collected in an amount sufficient to cover budgeted expenses.
- To cover expenses arising because of a natural disaster, including a flood, fire, or tornado. However, if federal or state funds are received to offset the appropriations from the fund, that money shall be returned to the fund.

Major Revenue Source: Surplus revenues from the General Fund

Fund Balance Policy: Maintain a fund balance equal to 10% of total General Fund expenditures

General Fund: The General Operating Fund is used to account for all financial resources except those required to be accounted for in another fund. The Fund Balance Policy for the General Operating Fund has been established at 15% of appropriations starting with the Fiscal Year that ended on 6/30/2010. This policy was established by the City Commission in prior years during the budget preparation process. See the Revenues Overview Section behind the Budget Basics tab for more details on General Operating Fund revenues.

FUND DESCRIPTIONS

Capital Improvement Fund: This fund accounts for the acquisition and construction of Capital Projects to be used in general Governmental-type operations. Financing is provided by Bonds, Property Tax, and Contributions from Private Sources and Grants. The fund is used when there is a need for appropriation authority to last more than one year.

Major Revenue Source: Bond Proceeds; Transfers from Capital Reserve; and Grants

Fund Balance Policy: To have all funds committed to capital projects.

Capital Reserve Fund: The purpose of the Capital Reserve fund is to receive Property Tax (1.25 mills) and Income Tax (4.25% of total) revenues that have been appropriated for general capital projects as well as for Debt Service on prior capital projects. Major Revenue Source: Property Taxes; Income Taxes, One Half of State Statutory Revenue Sharing
Fund Balance Policy: To have all funds committed to capital projects with approximately \$1 million retained for unforeseen emergency capital requirements.

Capital Improvement Bonds Series 2017 - Cemeteries Fund: The purpose of this fund is to account for bond financed capital improvements at six City cemeteries: Fairplains, Fulton, Greenwood, Oakgrove, Oakhill and Woodlawn. These projects generally consist of pavement or gravel improvements, signage and wayfinding kiosk installation, water spigot system improvements, fence repairs and improvements, maintenance building connection to city sewer system, new asphalt parking area at maintenance building, water seepage investigation and repairs, landscape provisions, retaining wall repairs, building repairs, and drainage improvements. \$3.6M in General Obligation Limited Tax Capital Improvement Bonds, Series 2017 were issued in April 2017. The bonds have a ten-year term with a variable interest rate.

Major Revenue Source: Bond Proceeds.

Fund Balance Policy: To have all funds committed to Cemetery capital projects.

Capital Improvement Bonds Series 2018 - Energy, Lighting and Communications Capital Projects: The purpose of this fund is to account for bond financed capital improvements related to the City's Energy, Lighting and Communications System. These projects generally consist of critical safety improvements, primary circuit repairs and replacement, concrete and wood pole replacements, HPS to LED street light pilot project including 7 Pin Smart Control Technology, 2.4KV to 7.2KV primary circuit conversion, replacement of overhead primary circuits that crossover US131 and I-196, Asset Management in coordination with Vital Streets projects and smart electrical meters \$9M in General Obligation Limited Tax Capital Improvement Bonds, Series 2018 were issued in December 2018. The level debt bonds have a twenty-year term with a variable interest rate.

Major Revenue Source: Bond Proceeds.

Fund Balance Policy: To have all funds committed to Energy, Lighting and Communications capital projects.

Capital Improvement Bonds Series 2021 - Energy, Lighting and Communications Capital Projects: The purpose of this fund is to account for bond financed capital improvements related to the City's Energy, Lighting and Communications System. These projects generally consist of critical concrete pole replacements, LED street lighting conversion (Smart City) and Division Avenue – Fulton Street to Michigan Street (Asset Management in coordination with Vital Streets). \$12.4M in General Obligation Limited Tax Capital Improvement Bonds, Series 2021 are anticipated to be received in March 2021. The level debt bonds will have a twenty-year term with a variable interest rate.

Major Revenue Source: Bond Proceeds.

Fund Balance Policy: To have all funds committed to Energy, Lighting and Communications capital projects.

Streets Capital Fund: This fund is used to account for Streets Capital Projects in the Capital Projects Fund group. Resources have been provided by the Major and Local Streets Funds (Gas & Weight Tax), contributions from the General Operating Fund, and grants. Projects are made up of traffic safety and streets resurfacing and reconstruction projects. Currently, this fund is primarily dormant.

Major Revenue Source: Bond Proceeds; Transfers from Major and Local Streets; General Operating Fund contributions; and Grants

Fund Balance Policy: To have all funds committed to capital projects.

Vital Streets Capital Project Fund: The Vital Streets Capital Project Fund will receive monies from the Vital Streets Operating Fund to be spent on preventative maintenance, rehabilitation and reconstruction projects. This capital fund is required to provide multi-year appropriation authority for projects that span more than one fiscal year.

FUND DESCRIPTIONS

61st District Court Fund: The 61st District Court Fund is used to account for the revenues and expenditures related to the operations of the local branch of the Michigan Trial Court system. The 61st District Court has six judges and one full time magistrate. The Court hears cases which arise within the boundary of the City of Grand Rapids. This fund is unable to sustain itself with revenues and requires support from the General Operating Fund.

Major Revenue Source: Fines and General Operating Fund support

Fund Balance Policy: Maintain an assigned fund balance reserve of 15% for operations, due to GOF support.

FUND DESCRIPTIONS

Belknap Ice Arena Fund: The Belknap Ice Arena Fund is used to account for the City's revenues and expenditures related to the Belknap Ice Arena. Since 1996, the arena has been managed by DP Fox as "Griff's Ice House" and is the official practice ice for the Grand Rapids Griffins. A second sheet of ice was installed in 1997 along with new locker rooms and a community room. The arena is also used for open skating, youth and adult programming, Grand Rapids Griffins Youth Foundation and special events.

Cemeteries Operating Fund: The Cemeteries Operating Fund is responsible for the sale and maintenance of lots in the six City-owned Cemeteries. In addition to sales revenue, interest earnings, and capital support from the Perpetual Care Fund, the Cemetery Fund has historically been supported by a General Operating Fund subsidy.

Golf Course Fund: The Golf Course Fund is used to account for activities of the Indian Trails Golf Course located at 28th Street and Kalamazoo Avenue.

Parking System-Operating Fund: This fund is used to account for the operation and maintenance of major parking facilities, several surface parking lots and over 2,000 parking meters as well as the operation and maintenance cost associated with mobility and transportation. In addition, parking system personnel account for the operation of the parking enforcement and violations function, which processes over 130,000 tickets per year. The cost of enforcement and a small portion of fine revenues are included in this fund. Financing of the Parking System operations is provided primarily through user charges.

Parking System Capital Fund: The Auto Parking System Capital Fund is an "all-years" fund that accounts for capital additions and improvements to the City's major parking facilities including ramps, several surface lots and numerous parking meters. Projects related to mobility and transportation infrastructure are also included in this fund. The revenues and expenditures in any given timeframe will be based on the scope & volume of the capital projects taking place. Projects in this Fund are cash funded from accumulated earnings in the operating fund (or "system cash"). Revenues are 100% restricted for paying expenditures associated with approved capital projects. Expenditures associated with these projects are paid as they are incurred.

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%; Commit the remaining fund balance to future projects and debt service payments.

Sewage Disposal System-Operating Fund: This fund accounts for the operation and maintenance of the municipal sewage disposal system, capital additions / improvements, and debt service. Operating revenue is provided by user charges to residential, commercial, industrial and municipal customers.

Sewage Disposal System-Replacement and Improvement Projects Fund: The Sewage Disposal System Cash Projects Fund is an "all-years" fund and accounts for capital additions and improvements. The revenues and expenditures in any given timeframe will be based on the scope & volume of the construction projects taking place. Projects in this Fund are: 1) cash funded from accumulated earnings in the operating fund (or "system cash"); 2) funded from an outside source, such as financing from a State Revolving Fund (SRF) Loan, a grant, or other agency pass thru funding such as the Michigan Department of

Transportation (MDOT). Revenues are 100% restricted for paying expenditures associated with approved capital projects. Expenditures associated with these projects are paid as they are incurred.

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%.

Sewage Disposal System Bonds Funds: The Sewage Disposal System Bonds Funds are “all-years” funds and account for capital additions and improvements. The revenues & expenditures in any given timeframe will be based on the scope & volume of the construction projects taking place. Projects in these Funds are financed with revenue bond proceeds. Bonds are considered when sewer capital project needs are greater than the available fund cash flow. Revenues are 100% restricted for paying expenditures associated with approved capital projects. Expenditures associated with these projects are paid as they are incurred. These funds must comply with the Internal Revenue Service Code, Section 1.150-2. Each bond issue must be fully expended within a three-year period and projects assigned must comply with bond rules to be eligible for reimbursement.

Water Supply System-Operating Fund: This fund accounts for the operation and maintenance of the municipal water supply system, capital additions / improvements, and debt service. Operating revenue is provided by user charges to residential, commercial, industrial and municipal customers.

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%.

Water Supply System-Replacement and Improvement Fund: The Water Supply System Cash Projects Fund is an “all-years” fund and accounts for capital additions and improvements. The revenues & expenditures in any given timeframe will be based on the scope & volume of the construction projects taking place. Projects in this Fund are: 1) cash funded from accumulated earnings in the operating fund (or “system cash”); 2) funded from an outside source, such as financing from a State Revolving Fund (SRF) Loan, a grant, or other agency pass thru funding such as the Michigan Department of Transportation (MDOT). Revenues are 100% restricted for paying expenditures associated with approved capital projects. Expenditures associated with these projects are paid as they are incurred.

Water Revenue Bonds Funds: The Water Supply System Bond Projects Funds are “all-years” funds and account for capital additions and improvements. The revenues & expenditures in any given timeframe will be based on the scope & volume of the construction projects taking place. Projects in these Funds are financed with revenue bond proceeds. Bonds are considered when water capital project needs are greater than the available fund cash flow. Revenues are 100% restricted for paying expenditures associated with approved capital projects. Expenditures associated with these projects are paid as they are incurred. This fund must comply with the Internal Revenue Service Code, Section 1.150-2. Each bond issue must be fully expended within a three-year period and projects assigned must comply with bond rules to be eligible for reimbursement.

Cemetery Fund (5020) Revenues:

The Cemetery Operating Fund receives a subsidy of \$415,000 from the General Operating Fund, \$731,308 for Charges for Services, and \$58,992 from Perpetual Care interest to support their annual operations. Additionally, the fund receives \$325,000 annually from the Capital Reserve Fund, which supports the Asset Management Plan. Fairplains and Woodlawn are the most active cemeteries representing 38.3% of the total revenue.

Cemetery Fund (5020) Expenditures:

Expenditures for cemeteries operations and maintenance are \$1,235,047. There are planned capital expenditures of \$450,000 from the Cemetery Operating Fund for FY2021. This work is being funded by accumulated fund balance resulting from the annual capital subsidy from the GOF. Other services include a mowing contract and staffing through a temporary agency as well as overhead costs. Other financing represents the transfer of 15% total revenue to perpetual care. Woodlawn and Fairplains are the largest and most active cemeteries representing more than half of the total expenditures. Fulton and Oak Grove are relatively inactive and represent only a small percentage.

Golf Course Fund (5840) Revenues:

Indian Trails Golf Course received significant capital investment between FY2015 and FY2017. Revenue from the redesigned course and driving range is anticipated to be \$629,766 for FY2021. Course operations should generate enough revenue from fees and product sales to be self-sustaining.

Golf Course Fund (5840) Expenditures:

Anticipated Golf Course Expenditures for FY2021 are \$610,066, which includes \$31,000 for land and facility improvements. The season runs from early spring to late fall. In addition to costs for course maintenance, Indian Trails leases their golf carts, operates a small pro-shop and concession. The bulk of personnel costs are for seasonal employees, with one permanent Senior Greenskeeper.

FUND DESCRIPTIONS - GRANTS

Every grant fund is considered an “all year’s fund”, meaning that any budget authorized from the receipt of a grant that is not spent in a current fiscal year continues to carry forward from one fiscal year to the next until the requirements of the grant are fully completed and the grant is closed.

61st District Court Grants Fund: This fund is used to account for grants received for specialized court programs. Funds are allocated to the proper program according to the grant. The grants the District Court receives generally cover costs associated with the Domestic Assault Response Team (DART), Drug and Sobriety Courts.

Major Revenue Source: Federal, State and Local Grants.

Fund Balance Policy: To have all funds committed to fulfill District Court grant requirements.

Community Development Program Fund: This fund is used to account for grants received for housing and community development programs in the Community Development Department. Funds are allocated on an annual basis for projects and services that primarily support low- and moderate-income persons and families. Examples include housing rehabilitation and emergency home repairs, public infrastructure improvements, neighborhood leadership development, and legal assistance and fair housing services.

Major Revenue Source: U.S. Department of Housing and Urban Development (HUD).

Fund Balance Policy: To have all funds committed to eligible housing and community development activities.

Fire Grants Fund: This fund is used to account for grants received that are dedicated specifically to the Grand Rapids Fire Department. The grants received generally cover safety related items such as Self Contained Breathing Apparatus' (SCBA) and Personal Protection Equipment (PPE) for Fire Department personnel, communication equipment and support of the Residential Safety Program for the installation of smoke and carbon dioxide alarms.

Major Revenue Source: Federal Emergency Management Agency (FEMA).

Fund Balance Policy: To have all funds committed to fund grant approved expenses.

HOME Investment Partnership Fund: This fund is used to account for grants received for affordable housing in the Community Development Department. Funds are allocated on an annual basis for programs and projects that maintain, preserve and increase the supply of affordable housing for low-income persons. Examples include rehabilitation and new construction of homeowner and rental properties, homebuyer down payment assistance, and short-term rental assistance.

Major Revenue Source: U.S. Department of Housing and Urban Development (HUD).

Fund Balance Policy: To have all funds committed to eligible affordable housing activities.

Lead Hazard Control/Reduction Fund: This fund is used to account for grants received for lead paint hazard reduction in the Community Development Department. Funds are used to make rental and owner-occupied homes safe from lead paint hazards.

Major Revenue Source: U.S. Department of Housing and Urban Development (HUD).

Fund Balance Policy: To have all funds committed to eligible lead paint hazard reduction activities.

Other Grants Fund: This fund is used to account for all other grants received that are not to be specifically accounted for in any other City grant fund. Examples of grants accounted for in the Other Grants Fund include grants received for the City's Our Community's Children Program, grants received for the City's Parks Department from various sources such as the U.S. Department of Agriculture's (USDA) Forest Service Agency, and Justice Assistance Grants (JAG) received from the U.S. Department of Justice's Bureau of Justice Assistance (BJA) used for crime prevention purposes.

Major Revenue Source: Federal, State, Local and Private Grants.

Fund Balance Policy: To have all funds committed to fulfill grant requirements.

Police Grants Fund: This fund is used to account for grants received that are dedicated specifically to the Grand Rapids Police Department. In general, the City occasionally receives Community Oriented Policing Services (COPS) grants from the U.S. Department of Justice that help temporarily fund the wages of a determined amount of new Community Police Officers. This grant fund also accounts for grants received from the Michigan Department of Justice that support the costs of wages, supplies and equipment of Automobile Theft Prevention Authority (ATPA) and Metropolitan Enforcement Team (MET) grant supported activities.

Major Revenue Source: Federal and State Grants.

Fund Balance Policy: To have all funds committed to fund grant approved expenses.

FUND DESCRIPTIONS

Customer Service Fund: This fund was established as the 3-1-1 Fund in Fiscal Year 2014, replacing the previous Information Technology 311 Sub Fund. The fund is mainly used to account for the operating revenues and expenditures of the 3-1-1 Call Center Program. Revenues are generated by charges for services rendered.

Allocation and recovery of costs: Calls are coded by department and tallied at the end of the year. Percentages are calculated for each department's usage of the 311-call taking service. The Customer Service Department's total operating costs are allocated to the departments/funds according to the calculated percentage of use, and the result is the budget amount for each department/fund.

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%.

Engineering Services Fund: This fund was established in FY2005 to account for engineering services provided to other City funds and departments. Revenues are generated by charges for services rendered as well as monies received from permits issued. The Engineering Department achieved the business plan objectives and the commitments that were made when the activities were removed from the General Operating Fund.

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%.

Facilities Management Fund: Facilities Management oversees daily operations for various types of municipal facilities throughout the City of Grand Rapids. Facilities Management is committed to providing clean, safe, accessible, and sustainable workspaces for City employees, as well as City tenants, community members, citizens, visitors, and guests. Facilities Management offers the highest level of building related services in effort to increase user department's operational effectiveness while simultaneously controlling utilization costs through comprehensive asset management planning and responsible implementation of energy efficient practices.

Facilities Management operates as an Internal Service Fund (ISF) within the City. The department is fully funded based upon direct and indirect operational costs being recovered through an appropriate charge-back and rate setting model. Anticipated operating and maintenance expenses are budgeted and provided to user departments annually.

Fund Balance Policy: Facilities Management's Operating Fund achieves total cost recovery while maintaining a 25% reserve.

Facilities Management Capital Fund: The Facilities Management Capital Fund accounts for the maintenance of public-owned facilities through implementation of a comprehensive Asset Management Plan (AMP). The AMP addresses long-term sustainability, capital improvements and replacements, implementation of green facilities initiatives, and continuous improvement objectives. The AMP includes a 5, 10, and 25 year planned replacement program and adheres to industry best practices to provide well maintained and energy efficient facilities. Facility types include: Municipal Office Spaces, City Archives, Fleet Maintenance/Repair Shop, Car Wash, Public Works Garages, Forestry/Parks Garage, Storage Facilities, Vehicle Impound Lot, Police Department, Police Motor Pool, Police Pistol Range, Fire Stations, Court House, and Public Museums. Revenue is generated from department charges for services and assigned as capital reserve for major repairs and improvements on each building in accordance to the receipt of the funds.

Fund Balance Policy: All funds are 100% assigned to Facilities working capital projects.

Financial Management System Fund: This fund is used to account for a State of Michigan grant that was provided through the Michigan Municipal Services Authority (MMSA) to research and develop a cloud-based Financial Management system that could be made available to all entities in the State of Michigan who wish to partner in a stronger more robust financial system. After significant evaluation, the City of Grand Rapids chose to implement Advantage 360, consisting of Performance Budgeting, Financials, and Human Resources/Payroll/Timekeeping.

Allocation and recovery of costs: Costs are grouped into three categories: Consulting, Implementation, and Incidentals; costs are charged to the appropriate category when incurred.

Fund Balance Policy: The majority of funds were previously allocated to the development of a new financial management system. The remaining balance has been appropriated for a planned system upgrade in FY2021.

Health Insurance Fund: The Health Insurance Fund was established to account for the payment of approved health insurance claims for active employees and for post Medicare retirees over age 65. The City is self-insured for health insurance claims and finances the insurance payments through payroll distributions per employee.

Allocation and Recovery of Costs: After the annual actuarial study on health care is received, the suggested increase/decrease is applied to factors within the Health Care rate study which is prepared by the Budget Office. This study allows total expenditure needs of the City to be calculated for active personnel, opt-outs, and retirees over age 65. Costs for those over 65 are recovered completely from the retirees and the Union Medicare Supplements. Costs for active personnel are budgeted equally for each employee regardless of status but recovered from Premium Sharing and Departmental Contributions based on each active employee's true status (participating or opt-out).

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%.

Information Technology Operating Fund: This fund is used to account for the Information Processing and Telecommunications Services provided to other City funds and Departments. Revenues are generated by charges for services rendered.

Allocation and recovery of costs: Budgetary costs are grouped together by function – Administration, Enterprise Solutions, Shared Solutions, Department Solutions, Dedicated Support, Mainframe, Network, Personal Computer Support, Shared Servers, RDBMS, Printing costs, Email, and Telephony. Costs are allocated to the department's code by use of a proper basis for the function (e.g. the number of employees for email costs). Then the costs for each department code are totaled up and presented as budgetary amounts for each department. Costs are recovered using the following methods: Personal Computer Support is billed on actual support calls when incurred, Telephony is billed on budgetary costs of telephony based upon the number of lines, and all the other functions are billed on budgetary costs based upon the combined amounts and is known as data charges.

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%, commit a capital reserve amount for replacement and upgrade of Information Technology capital infrastructure.

Information Technology Capital Fund: This fund is used to account for the capital needs of the Information Processing and Telecommunications Services provided to other City funds and Departments. Revenues are generated through charges to Departments.

Allocation and recovery of costs: A pre-determined dollar amount based on future capital needs is entered into the IT Allocation Plan outlined in the Information Technology Operating Fund section below. The appropriate percentages are charged to user departments based on this plan, and the revenues received are directly deposited into the Capital fund until they are needed for Capital Replacement, at which time an annual budget is prepared. The replacement cycle for most capital replacement items is approximately five years.

Fund Balance Policy: To have all funds committed to Information Technology capital projects.

Motor Equipment System Operating Fund: Fleet Management is responsible for over 1,400 pieces of equipment with a replacement value of approximately \$50 million. Our Parts Room stocks approximately 76,000 pieces of inventory which is valued at over \$800,000. Fleet Management provides user departments the highest level of fleet related services in effort to increase the City's overall operational effectiveness. Through responsible procurement practices, efficient maintenance and repair services, and exceptional replacement planning, Fleet Management is able to provide user departments with safe, reliable, state-of-the-art, customized equipment to meet the City's diverse operating needs.

Fleet Management is dedicated to implementing continuous improvements, industry best practices, City-wide initiatives and policies, financial responsibility, and environmental stewardship into daily operations.

Fleet Management operates as an Internal Service Fund (ISF) within the City. The department is fully funded based upon direct and indirect operational costs being recovered through an appropriate charge-back model for both pooled and non-pooled equipment. Operating, maintenance, and general administration expenses are analyzed, and rates are established on an annual basis.

Fund Balance Policy: Fleet Management's operating fund achieves total cost recovery while maintaining a 25% general reserve as well as a fuel contingency reserve.

Motor Equipment System Capital Fund: The Fleet Management Capital Fund accounts for the replacement of equipment through implementation of a comprehensive Asset Management Plan (AMP). The AMP addresses environmental responsibility, capitalization on useable life, maximization on returns, implementation of green fleet initiatives, and continuous improvement objectives. In an effort to provide operating departments' safe, reliable, and cost-effective equipment, Fleet Management regularly engages in educational discussions with users regarding right-sizing, alternative fueling equipment (such as CNG, hybrid, electric vehicles, etc.), the importance of preventative maintenance, and overall standardization of the City's Fleet. The AMP includes a replacement guideline along with a 5 and 15 year planned replacement forecast – both of which adhere to industry standards accepted by the National Association of Fleet Administration (NAFA) and the American Public Works Association (APWA).

Fleet Equipment types include: Light Equipment – such as sedans, vans, SUV's, patrol vehicles, motorcycles, pick-ups, small utility and small dump trucks, and other miscellaneous small engine equipment. Heavy Equipment – such as refuse trucks, large utility, dump trucks, vactors, fire apparatus, off-road equipment, and other miscellaneous heavy equipment. Revenue is generated from department charges based on capital costs associated equipment replacement, as planned, and forecasted in the AMP.

Fund Balance Policy: All funds are 100% assigned to motor equipment capital projects.

Risk Management/Other Reserves Fund: This fund is used to account for the payment of approved insurance claims, public liability, life insurance and workers' compensation. The City is self-insured for general liability and finances the insurance payments through budgeted transfers from other funds.

Allocation and Recovery of Costs: Insurance Premiums and other risk costs are grouped into three categories, Liability, Property, and Workers' compensation. Each cost is allocated to the departments/funds according to a stated basis (number of personnel, payroll, etc.) after which the allocations are totaled by department. Fund balance is used to reduce the total revenue requirement if there was excess allocation from the prior year, or an adjustment is made to increase the revenue requirement if there was a shortfall requiring the use of fund balance in the previous year. These adjustments are applied to the department allocations on a percentage basis related to each unit's portion of the allocation costs, and the result is the budget amount for each department/fund.

Fund Balance Policy: Maintain an assigned fund balance reserve of 25%.

FUND DESCRIPTIONS

Firefighter Retiree Health Care Fund: The Firefighter Retiree Health Care fund was established in fiscal year 2008 to account for the costs and funding obligations associated with the City-provided fire retiree health care plan. Contributions charged to departments are accumulated in the fund. The fund issues payments on current retiree health care claims and funds the fire retiree health care trust account for the defined benefit plan, which is closed to new employees. New employees are eligible to participate in a defined contribution program. The fund receives department contributions for the defined contribution plan, which are then deposited into employee's respective retiree health savings accounts.

Fund Balance Policy: Pre-fund actuarially anticipated future health care claims for the defined benefit plan while maintaining level annual City contributions at slowly declining dollar amount.

General Retiree Health Care Fund: The General Retiree Health Care fund was established in fiscal year 2008 to account for the costs and funding obligations associated with the City-provided general retiree health care plan. Contributions charged to departments are accumulated in the fund. The fund issues payments on current retiree health care claims and funds the general retiree health care trust account for the defined benefit plan, which is closed to new employees. New employees are eligible to participate in a defined contribution program. The fund receives department contributions for the defined contribution plan, which are then deposited into employee's respective retiree health savings accounts.

Fund Balance Policy: Pre-fund actuarially anticipated future health care claims for the defined benefit plan while maintaining level annual City contributions at slowly declining dollar amount.

Library Retiree Health Care Fund: The Library Retiree Health Care fund was established in fiscal year 2008 to account for the costs and funding obligations associated with the City-provided library retiree health care plan. The Library Retiree Health Care fund differs from the General, Police, and Fire Retiree Health Care funds in that the library retiree health plan does not include any pre-funding of the defined benefit plan. This plan is funded on a "pay-as-you-go" basis since the defined benefit plan is closed to new employees and the benefit promised is near the end of its obligation. New employees are eligible to participate in a defined contribution program. The fund receives department contributions for the defined contribution plan, which are then deposited into employee's respective retiree health savings accounts.

Fund Balance Policy: To fund library retiree care benefits on an annual basis with no fund balance reserve or pre-funding.

Police Officer Retiree Health Care Fund: The Police Officer Retiree Health Care fund was established in fiscal year 2008 to account for the costs and funding obligations associated with the City-provided police retiree health care plan. Contributions charged to departments are accumulated in the fund. The fund issues payments on current retiree health care claims and funds the police retiree health care trust account for the defined benefit plan, which is closed to new employees. New employees are eligible to participate in a defined contribution program. The fund receives department contributions for the defined contribution plan, which are then deposited into employee's respective retiree health savings accounts.

Fund Balance Policy: Pre-fund actuarially anticipated future health care claims for the defined benefit plan while maintaining level annual City contributions at slowly declining dollar amount.

FUND DESCRIPTIONS

Cemetery Perpetual Care Fund: This fund receives 15% of all revenue generated by the sale of cemetery lots, and 100% of the revenue from sales of repossessed lots, as well as 15% of the net income from Cemetery operations. With the exception of certain capital items, these funds are not expendable, however the interest earned in the fund is transferred to Cemetery Operating Fund for use in the care and maintenance of the City's six cemeteries.

FUND DESCRIPTIONS

Building Inspection Fund: The purpose of this fund is to comply with the State's requirement in Public Act 245 of 1999, that all fees charged for Building Inspections, Licensing and Permitting are used only for operations of the enforcing agency and the Construction Board of Appeals. The Act requires that these enforcement activities be accounted for in a separate fund.

Major Revenue Source: Licenses and Permits

Fund Balance Policy: Maintain an assigned fund balance reserve of 25% for operations

Community Dispatch Fund: The purpose of the fund is to account for the activities in the community dispatch center. The City of Grand Rapids and the City of Wyoming formed a partnership to operate call taking and dispatch operations. The partnership operated as the second public safety answer point (PSAP) in Kent County. Kent County and the remaining communities operate the other PSAP. Funding is provided by the Kent County Dispatch Authority pursuant to an agreement to share charges that are added to 911 cell phone calls. The City of Grand Rapids provides the remaining funding for the operation of the centralized community dispatch center, which provides emergency 911 calls for police and fire department services. Effective July 1, 2016, the City of Wyoming ended the partnership with the City of Grand Rapids and moved their call taking to Kent County.

Major Revenue Source: Funding comes from the City of Grand Rapids and the Kent County Dispatch Authority.

Fund Balance Policy: Maintain an assigned fund balance reserve of 15% for operations.

Community Relations Commission Fund: The Community Relations Commission Fund holds funds raised from donations and sponsorships to recognize local champions every five years through the Helen Jackson Claytor Civil Rights Award. City funds are not requested or used to fund this event.

Drug Law Enforcement Fund: This fund receives revenue from the sales of property forfeited pursuant to the enforcement of controlled substances. Funds are to be used only to enhance drug enforcement laws. Staffing costs supported from this fund include an Office Assistant IV, as well as overtime charges required for drug busts. In addition to funding the ongoing needs of the Vice Department (cell phones, information gathering, etc.), past expenditures have included the partial funding of a new vehicle for the Bomb Disposal Unit; a new van for the Special Response Team; purchase of surveillance and monitoring equipment, radio upgrades, Electronic Control Devices, protective vests and replacement vehicles.

Major Revenue Source: Sales of forfeited property

Fund Balance Policy: Assign fund balance to cover future expenses of this fund

Economic Development Corporation (EDC): The Grand Rapids EDC is a public economic development corporation which does not capture tax increment revenues. The EDC was created to alleviate and prevent conditions of unemployment; to assist and retain local industries and commercial enterprises; to strengthen and revitalize the economy of the City of Grand Rapids and of the State of Michigan; to provide means and methods for the encouragement and assistance of industrial and commercial

enterprises in locating, purchasing construction, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in the City of Grand Rapids; and to encourage the location of commercial enterprises in Grand Rapids to more conveniently provide services and facilities to Grand Rapids businesses and residents. For accounting purposes, the EDC is considered a special revenue fund, which is a governmental fund type.

Major Revenue Source: Program application fees and General Operating Fund support

Fund Balance Policy: Maintain an assigned fund balance reserve of 25% for operations

Federal Forfeitures – Department of Justice: When the Grand Rapids Police Department (GRPD) participates in a drug investigation involving the FBI or DEA and equitable funds are seized, the GRPD will receive a portion based on their efforts in the case. Federal government funds must be separated from other funding sources.

Major Revenue Source: A portion of equitable funds seized by the federal government

Fund Balance Policy: Assign fund balance to cover future expenses of this fund

Federal Forfeitures – Treasury Department: When the Grand Rapids Police Department (GRPD) participates in a drug investigation involving the ATF or IRS and equitable funds are seized, the GRPD will receive a portion based on their efforts in the case. Federal government funds must be separated from other funding sources.

Major Revenue Source: A portion of equitable funds seized by the federal government

Fund Balance Policy: Assign fund balance to cover future expenses of this fund

Historical Commission Fund: The Historical Commission has responsibility for the collection of source materials and other data for the purpose of compiling and keeping current the history of the City of Grand Rapids and such other responsibilities as may be assigned to it from time to time by the City Commission.

Major Revenue Source: Grants and contributions

Fund Balance Policy: To have all funds committed to compiling and keeping current the history of the City of Grand Rapids.

Local Streets Fund: This fund is used to account for the cost of maintaining the City's local highway and street transportation system. The operating activities include snowplowing, pavement management and repair, street and sign maintenance, traffic signal maintenance and capital improvement projects. Any funds for capital improvement projects are provided by the Vital Streets Fund during the 15-year income tax extension period approved by voters in 2014. Vital Street capital dollars and Act 51 monies allocated to Vital Streets are accounted for in a separate unit for tracking and reporting purposes per Act 51 regulations and the investment guidelines.

Major Revenue Source: State Shared Gas & Weight Tax; also transfers from Major Streets Fund

Fund Balance Policy: Assign fund balance reserve of 15% based upon appropriations.

Major Streets Fund: This fund is used to account for the cost of maintaining the City's major highway and street transportation system. The operating activities include snowplowing, pavement management and repair, street and sign maintenance, traffic signal maintenance and capital improvement projects. Any funds for capital improvement projects are provided by the Vital Streets Fund during the 15-year income tax extension period approved by voters in 2014. Vital Street capital dollars and Act 51 monies allocated to Vital Streets are accounted for in a separate unit for tracking and reporting purposes per Act 51 regulations and the investment guidelines.

Major Revenue Source: State Shared Gas & Weight Tax

Fund Balance Policy: Assign fund balance reserve of 15% based upon appropriations.

Metropolitan Enforcement Team (MET) Fund: This fund receives revenue as a result of the public auction and sales of adjudicated forfeited property. This is to include the sales of the property and cash seizures pursuant to the enforcement of controlled substances. Funds are to be used to only enhance drug enforcement laws. Funding supports the operating costs of the MET in the areas of vehicle leasing, cell phones, equipment, office supplies and investigative needs. A portion of the funds is also used as a yearly donation to Silent Observer to assist in their operating needs in support of the mission of MET.

Major Revenue Source: Adjudicated seizure and sales of forfeited property and cash

Fund Balance Policy: Assign fund balance to cover future expenses of this fund

MET - Department of Justice: When the Metropolitan Enforcement Team (MET) participates in a drug investigation involving the FBI or DEA and equitable funds are seized, the MET will receive a portion based on their efforts in the case. Federal government funds must be separated from other funding sources.

Major Revenue Source: A portion of equitable funds seized by the federal government

Fund Balance Policy: Assign fund balance to cover future expenses of this fund

MET - Treasury Department: When the Metropolitan Enforcement Team (MET) participates in a drug investigation involving the ATF or IRS and equitable funds are seized, the MET will receive a portion based on their efforts in the case. Federal government funds must be separated from other funding sources.

Major Revenue Source: A portion of equitable funds seized by the federal government

Fund Balance Policy: Assign fund balance to cover future expenses of this fund

MIDC - Michigan Indigent Defense Commission Fund: This fund receives revenue as a result of indigent defendants in criminal proceeding reimbursing for the cost of court appointed attorneys and MIDC grant funds from the State Licensing and Regulation Administration (LARA).

Funds are to be used only for:

-
- Training and education of counsel.

- Contract with Grand Rapids Bar Association to provide training.
- Tracking initial client interview by attorney.
- City will have to track compliance with 72-hour requirement
- Use of investigation and experts, and
- Additional funds for investigations/expert witnesses
- Counsel at first appearance and other critical stages.
- Counsel at subsequent criminal proceeding for indigent defendants.

Major Revenue Source: Defendant reimbursements, General Operating Fund support and MIDC grant funds.

Fund Balance Policy: Assign fund balance to cover expenses of this fund.

Michigan Justice Training Fund: The purpose of this fund is to manage State funding provided to the City on a “per-officer” formula designated for criminal justice in-service training of Police Officers. It must be used to pay for law enforcement training of sworn officers only, and courses require prior approval from the Michigan Commission on Law Enforcement Standards (MCOLES). The department can bring in speakers on occasion, and out of state training is discouraged.

Major Revenue Source: Reimbursement of actual expenses by the State

Fund Balance Policy: To have all funds committed to eligible training activities

Parks and Recreation Operating Fund: The Parks and Recreation Operating Fund was established in FY2010. The Parks Operating fund accounts for the total revenues and costs associated with maintaining the City’s park facilities, forestry operations and providing a variety of recreational programs for youth through seniors.

Parks Millage Fund: On November 5, 2013 the voters of Grand Rapids approved a seven-year dedicated property tax millage for parks, pools, and playgrounds that will provide funding through FY2021. In FY2015 a new fund was established to account for the temporary millage receipts and related activities. On November 5, 2019 the voters of Grand Rapids approved a permanent dedicated property tax millage for parks, pools, and playgrounds that will start providing funding at the end of the seven-year millage.

The City Commission took the extra step of adopting a series of Parks Investment Guidelines that are promises about how the revenue from the seven-year millage would be invested. The City has since worked with the Parks and Recreation Advisory Board to follow through on each of those commitments. Commitments include:

- The City shall continue to pay for the existing Fiscal Year 2014 base level of park mowing, restroom cleaning, trash collection, sidewalk and parking lot snow plowing, utility costs, and other current expenditures identified as basic²³¹

activities. Additionally, the City shall continue to maintain Fiscal Year 2014 levels of staffing for parks and recreation operations.

- 45% to 55% of the park's millage shall be invested in rehabilitation and repairs, while 25% to 35% shall be invested in park improvements, and 15% to 20% shall be used to operate the City's swimming pools.
- All revenues and expenditures from the park's millage shall be accounted for separately and audited by a professional auditing firm. The annual investments shall be reported to the Parks and Recreation Advisory Board and City Commission and posted on the City's website.
- If future reductions are necessary in the City's General Operating Fund budget during any of the seven years of this millage, beginning with Fiscal Year 2015, the General Operating Fund budget supporting the parks and recreation for that year shall be reduced by a percentage no greater than the percentage reduction of the total City General Operating budget.
- If future increases occur in the City's General Operating Fund budget during any of the seven years of this millage, beginning with Fiscal Year 2015, the General Operating Fund budget supporting the parks and recreation for that year shall be increased at the same rate as the percentage increase of the total City General Operating Fund budget.
- All capital projects planning for investing the parks millage shall engage citizens or neighborhood residents.
- All proposed parks millage expenditures shall be reviewed by the Parks and Recreation Advisory Board and approved by the City Commission prior to any spending.
- The parks millage shall be subject to shared services/overhead costs, consistent with charges to all City departments.
- Parks and recreation activities can be supported by funds other than the City's General Operating Fund and parks millage to maintain Fiscal Year 2014 service levels. All funds, except the parks millage which are used to support parks and recreation activities, shall be considered the same as the City's General Operating Fund support.

The City Commission also took the extra step of adopting a similar series of Parks Investment Guidelines on December 17, 2019 associated with the recently approved permanent millage. The City has worked with members of Neighbors of Parks, Pools and Playgrounds and the Parks and Recreation Advisory Board to create each of those commitments. The new commitments will replace the seven-year commitments listed above in future fiscal plans.

Property Management Fund: This fund was established to account for property transactions, including certain lease arrangements and real-estate sales. This fund also accounts for the funding necessary to execute a contract with the State of Michigan Land Bank Authority to help increase affordable housing supply.

Major Revenue Source: Property sales transactions and General Operating Fund support

Fund Balance Policy: Maintain 25% fund balance reserve for operations

Public Library Grants/Capital Fund: The purpose of this fund is to establish a reserve for long term asset maintenance and capital improvements with transfers from the library operating fund. Prior to fiscal year 2019, this fund had a dedicated voter approved capital millage which was used to repay bonds issued to fund a portion of the capital improvements to library facilities. Bond principal and interest payments are made as they come due from this fund as well as capital expenditures funded by cash reserves.

Public Library Operating Fund: This fund was established to account for the dedicated millages that were voter-approved in 1993. This fund also accounts for a 20-year operating millage approved by voters in the November 2017 election. The fund accounts for the receipt of Property Tax and the disbursement of funds for the operation, maintenance, and capital improvements of the Library system.

Major Revenue Source: Property taxes

Fund Balance Policy: To have all funds committed to library activities.

Public Library Trust Fund: This fund was established to receive donations and bequests made directly to the library. Some donations are restricted for specific purposes; however, the majority is for general purposes.

Receivership Fund: The Receivership Fund was established to account for repairs and rehabilitation of dilapidated structures as a result of Court-ordered receiverships during the code enforcement process and is generally used as a tool of last resort.

Major Revenue Source: Rehab Loan Repayments

Fund Balance Policy: To have all funds committed to rehab activities.

Refuse Collection and Disposal Fund: This fund accounts for the collection and removal of trash and debris. Financing is provided by special tax millage (for FY 2021 at 1.6 mills; maximum allowed is 3.0 mills), cart program revenues, bags/tags, and other miscellaneous fees and charges. The department promotes recycling and composting of yard waste.

Major Revenue Source: Property Taxes, Charges for Services

Fund Balance Policy: To have all funds committed to refuse collection and disposal activities.

Sidewalk Repair Fund: The Sidewalk Repair Fund was established to account for needed sidewalk repairs and replacements not otherwise eligible for Community Development Block Grant Funding. Financing was originally provided by General Operating Fund contributions, which were supplemented by billings to property owners for inspections and work performed.

With passage of the Vital Streets income tax extension in May 2014, up to 16% of the additional revenue is now dedicated to systematic sidewalk investments. The Sidewalk Repair Fund will receive a direct allocation of income tax revenue for sidewalk repair, improvement, and reconstruction. Property owners are no longer responsible for inspection costs and needed repairs.

Transformation Fund: This fund, a special revenue fund, is to account for the temporary income tax rate increase that was approved by voters in 2010. The income tax rate increase began in FY 2011 and ended after FY 2015. The money was used

to invest in elements of the transformation plans that resulted in rapid, tangible monetary return on investment that helped fund the transformational process and created leaner City services.

In 2014 City voters approved a 15-year extension of the temporary income tax for investment in Vital Streets. After 2015, the additional income taxes are being deposited into a Vital Streets Fund which, along with the General Operating Fund, State and Act 51 financial support will be used to invest in Vital Streets, with a goal of having 70% of City streets with good or fair rating by the end of the temporary income tax increase.

In FY2019, the Transformation Fund was adapted for Third Ward Equity investments. A reserve of \$750,000 was established and proposed investments are currently underway or under consideration. Due to the anticipated adverse economic impact of the novel Corona Virus (COVID-19) pandemic, \$232,500 of this reserve is proposed to be allocated specifically to Third Ward equitable economic recovery & resiliency investments in the FY2021 budget.

Vehicle Storage Facility Fund: This fund accounts for revenue and costs associated with the safe storage and disposal of impounded and abandoned vehicles.

Major Revenue Source: Fees from impounding cars and storage

Fund Balance Policy: To have all funds committed to the maintenance of this fund purpose.

Vital Streets Operating Fund: The Vital Streets Operating Fund accounts for all but the Sidewalk Repair Fund portion of income tax continuation revenue as well as amounts committed to Vital Streets from the City's General Operating Fund ("GOF"). This fund will pay debt service on all Capital Improvement Bonds issued by the City as well as provide funding to the Vital Streets Capital Project Fund. All Gas & Weight tax revenue will remain in the Major and Local Street Funds with Vital Street expenditures charged up to this revenue amount due to Act 51 reporting requirements.

Parks Operating Fund (2080) Revenues:

The Parks Operating Fund requires FY2021 revenue of approximately \$7,190,484 to support its activities. The primary source of this revenue is a Maintenance of Effort subsidy from the General Operating Fund (GOF) of \$6,172,056. The Parks Investment Guidelines that were implemented with the affirmative vote for the Parks Millage state that for the duration of the millage, in any year the total GOF budget increases, the GOF Parks Subsidy will increase by that same percentage; and in any year the total GOF budget decreases, the GOF Parks Subsidy will decrease by that same percentage. FY2021 represents the final year of the original seven-year parks millage.

The second greatest source of revenue in this fund comes from Charges for Services which represents recreation programming. Youth programs may be subsidized from the GOF Parks Subsidy; however Adult programs should show that they can achieve full cost recovery.

Parks Operating Fund (2080) Expenditures:

Approximately 40.6% of Operating Fund expenditures are for ongoing Parks Operations and Maintenance, 6.91% for Recreation programs, 36.48% for Forestry Service (which includes Priority 2 Tree work), and 15.97% for department's Administrative Costs.

Parks Millage Fund (2081) Revenues:

The primary source of revenue in the Parks Millage fund is a dedicated Property Tax millage. The millage will be collected for a seven-year period from July 1, 2014 through June 30, 2020. The millage rate is 0.9353 mills and generates approximately \$4,000,000 annually which is used only for the City's park system.

45% to 55% of the parks millage revenue is assigned to rehabilitation and repairs, while 25% to 35% is invested in park improvements, and 15% to 20% being used to operate the City's swimming pools. Depending on the total amount of tax revenue generated in a given year, the pools operating budget may be greater than the 20% allowed by the millage agreement; should this occur, additional revenue support will be provided from the Parks Operating Fund by means of operating transfers. Any revenue generated by user fees from the pool recreation programming will be deposited into the Parks Operating Fund.

Parks Millage Fund (2081) Expenditures:

The Millage Fund's expenditures are mandated by the agreement that 45%-55% of the parks millage shall be invested in rehabilitation and repairs, while 25% to 35% shall be invested in park improvements, and 15% to 20% shall be used to operate the City's swimming pools. This fund continues to be managed according to the millage investment guidelines.

With the closure of pools for the 2020 season due to COVID-19, expenditures planned for pool operations will be shifted to Park Improvements and Park Rehabilitation/Repair capital projects.

The following pages contain concept drawings showing planned park improvements.

Improved Park Entrance and Amenities

Added Vegetative Buffer
-Seeded Woodland Understory Mix

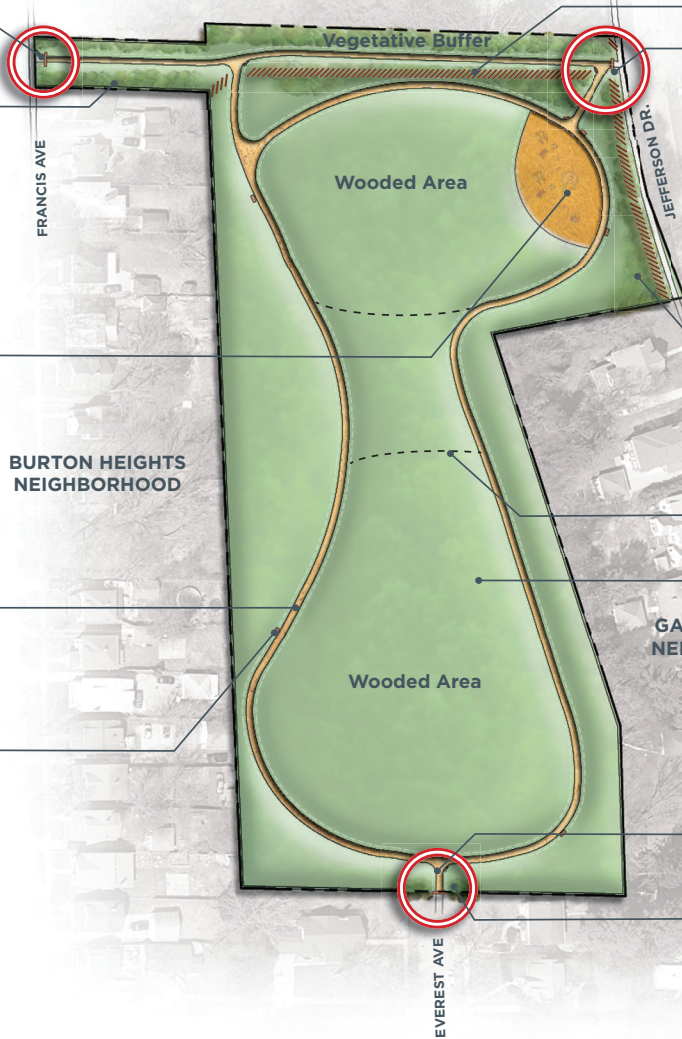

Optional Natural Playground Area
-Made from recycled tree clearing materials

Improved Trails and Pathways
-Selective Tree Clearing/ Trimming
-Removal of Invasive Plant Species

Updated Site Amenities Throughout Park
-Benches & Litter Receptacles

Remove Fence - North & East Side

Improved Park Entrances and Amenities
-Added Signage and Wayfinding
-Park History and Education Signage
-Pet Waste Stations

Added Vegetative Buffer
-Seeded Woodland Understory Mix

Existing Secondary Trails

Native Plant Identification & Signage

Improved Park Entrance and Amenities
-Remove Fence at Entry Point

Added Vegetative Buffer

ROBERTO CLEMENTE PARK **MASTER PLAN**

City of Grand Rapids, Michigan
July 2020

- 1 New Entry Fence and (2) 3' Wide Gates
- 2 Small Dog Area 4' Ht Fence
- 3 Porous Pave Entry Pad
- 4 Shade Structure
- 5 New small dog entry with concrete pad, water spigot, shared drinking fountain, and dog waste station
- 6 New large dog entry with concrete pad, water spigot, shared drinking fountain, and dog waste station
- 7 New Play Components
- 8 Natural Features

DESIGN NARRATIVE

Focus areas for Covell Dog Park improvements address park access for different sized dogs, games and equipment for dogs, as well as shade and basic park needs. Based on neighborhood feedback and surveys, new features include: a fence to separate a large and small dog area, a separate entry gate for larger dogs, a few dog park play features, drinking fountain and waste stations for each area, porous pave surface near the entry to reduce mud, and a new shade structure. These enhance circulation making the park more functional, usable, and enjoyable. New mulch, and a few fallen trees and boulders can also be added as they become available. The existing dog pools, benches and picnic tables will be shared among the 2 areas where needed.

CONCEPT MASTERPLAN

February 2020

- 1 Remove Existing Ramp and Handrail
- 2 Bike Racks (4)
- 3 Basketball Half Court
- 4 Landscape Buffer Screen
- 5 Water Spigot & Bottle Filler for Pavilion
- 6 Grill (1)
- 7 4-Seat Swing Set w/ Expression Swing
- 8 Relocated Ga-ga Pit and Drums
- 9 Bench Seating (3)
- 10 Trash Receptacle (2)
- 11 New ADA Accessible Concrete Pathways
- 12 Accessible Entrance into Park

DESIGN NARRATIVE

Focus areas for Eastern Park improvements address park access, park circulation, and basic park needs. Items that are outdated or unsafe are removed from the park, including the southern ramp and handrail near the existing ICCF parking lot, the baseball backstop fencing, dead or falling trees, and the ramp in disrepair at the east side of the park. Based on neighborhood feedback and surveys, new features include concrete pathways, stairs on the east and west ends, new concrete ADA ramps with handrail, all of which provide appropriate circulation that will make the park more functional, usable, and enjoyable. A basketball half court will replace the one being removed on the ICCF property. Most of the existing fence located at the western edge will remain for safety from the street and basketball play. A much requested swing set is new to the playground, as well as a grill, and water service for a drinking fountain and spigot near the pavilion.

PLANT LEGEND

CONCEPT MASTERPLAN

February 2020

EASTERN PARK

758 Eastern Ave NE Grand Rapids, Kent County, Michigan

ENHANCE KEN-O-SHA PARK

CONCEPT DEVELOPMENT | DECEMBER 2019

- 1 Curb Cut at Pleasant Street SE Crossing
- 2 Spigot for Urn Pots
- 3 Park History Signage on Column
- 4 Relocated DNR Sign onto Column
- 5 Shade Sails Over Playground Equipment
- 6 Swing Set and New Play Surface
- 7 Retaining Seat Wall for Swing Set Area
- 8 Rain Garden Improvements

DESIGN NARRATIVE

Focus areas for Pleasant Park improvements address playground safety, amenities, rain garden maintenance, and basic park needs. Based on neighborhood feedback and surveys, new features include shade sails over the play equipment to mitigate the hot play surface, a new swing set and accompanying play surface, cleaning out and re-planting of the rain garden, new educational signage of the history of the park, a new spigot for ease of watering the urns in the plaza space, and a curb cut on Pleasant Street SE along the walk at the north park property line. These improvements capitalize on the existing open space while providing better amenities that will make the park more functional, usable, and enjoyable for residents.

CONCEPT MASTERPLAN

February 2020

6 ADA Accessible Ramp at Pool Entry

PLANT LEGEND

- 1 Sledding hill stairs and fence
- 2 Concrete walk around pond
- 3 Bench seating around pond (4 total)
- 4 Pedestrian access path into park
- 5 ADA accessible grills (3 total)
- 6 ADA accessible ramp at pool entry
- 7 Trail head signage, rules, mile markers
- 8 Concrete walk with new alignment

DESIGN NARRATIVE

Focus areas for Richmond Park improvements address park access, park circulation, and basic park needs. A few items that are outdated or in disrepair will be removed or replaced, including the walk from the pavilion south to the Richmond St crossing, dead or falling trees, and old grills near the picnic tables. Based on neighborhood feedback and surveys, new features include concrete pathways around the pond and leading into the park for better circulation, permanent stairs and handrail for the sledding hill, new bench seating around the pond and park, trail head signage with rules and mile markers, ADA accessible grills near the picnic area, and a new concrete ADA ramp leading into the pool house entry. These improvements provide enhanced circulation that will make the park more functional, usable, and enjoyable.

(1) Rehabilitation and reconstruction work completed in the Vital Streets Capital Fund in order to retain multi-year appropriation authority.

(2) Allocation between expenditure categories are approximate. Dollar amounts will be modified based on the final program of projects for each fiscal year.

Diversity and Inclusion

The Office of Equity & Engagement (OEE) is the new name of the office formerly called the Office of Diversity and Inclusion. This name reflects the new focus on institutional change to embed equity throughout all government operations through training, strategic leadership and change in policy, practice and organizational culture to eliminate barriers caused by systemic injustice. Diversity and inclusion remain important values and strategies to the organization. However, alone, diversity and inclusion are insufficient to help us reach the lasting organizational and community-level outcomes we desire. We must transform government operations to conduct power analysis, disaggregate data by race, ethnicity, gender identity and geographic location, take a targeted universalism approach by centering those furthest away from positive outcomes and opportunities, and create policy to embed equity in all aspects of City work.

The Office of Equity & Engagement is in the process of innovating the traditional pillars of the former Office of Diversity & Inclusion (community diversity, supplier & workforce diversity and the Community Relations Commission) and the work that transitioned from the Executive Office (Grand Rapids Neighborhood Summit, Neighborhood Leadership Academy, Neighborhood Match Fund and Neighborhood Economic Connections (NEC) grant from the W.K. Kellogg Foundation) to have stronger alignment with the City's Strategic Plan and to create data metrics.

In addition, the OEE will work to do the following in FY2021:

- Co-create policy recommendations in support of Employee Resource Groups (ERGs)
- Liaison and support ERGs – National Forum for Black Public Administrator (NFBPA), Local Government Hispanic Network (LGHN) and Prism GR
- Create language access policy recommendations
- Incorporate City-related recommendations from the Immigrant Welcome Plan
- Create and provide informative Lunch & Learn opportunities for equity skill building and awareness
- Iterate the budget process to further embed and identify equity in budget requests
- Create and maintain a new local business guide as a strategy to increase utilization of MLBEs and diverse local vendors
- Educate on and enforce the new Human Rights Ordinance
- Create informational videos on Equal Employment Opportunity compliance and other policies the OEE enforces to increase staff awareness, reduce violations and to use staff time more efficiently

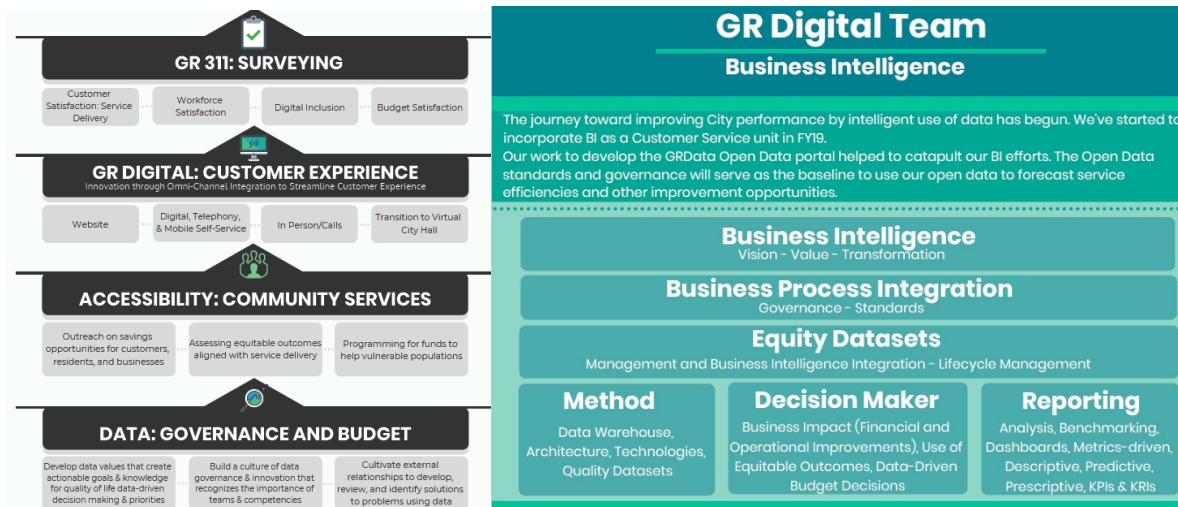

- Create OEE webpage that serves as an equity hub of City information – such as updated equity geographic data, NOF maps, local business directory, MLBE information, and other pertinent information
- Equity analysis and leadership on the Grand River Restoration project
- Create and formalize the Equity Champions program comprised of internal staff with specialized and ongoing training to advance equity in their departments and work groups.
- Create and coordinate a comprehensive equity training curriculum
- Create the framework (metrics, strategy, data collection process, training needs) for a united and coordinated City approach to authentic community engagement
- Provide strategic thought partnership to City departments on equity, community engagement and on practices to increase utilization of MLBEs
- Coordinate strategic planning for the Community Relations Commission to establish shared understanding of their role and to align CRC efforts and programming to the City's Strategic Plan and CRC purpose as outlined in the new Human Rights Ordinance.
- Innovate and restructure the mygrcitypoints program to advance OEE related Strategic Plan objectives
- Expand and structure OEE financial support of community table events to focus on organizations that center population segments experiencing the highest inequities and advocate for institutional change to advance equity.

3-1-1

Leveraging our design and development best practices used to launch GR311 and our website, the Customer Service and Innovation Department will scale our focus to continue to design the best services for and with our community. Using the collaborative methodology, a digital-first, customer-focused approach, we will continue to digitize services that affect the customers we serve. Working with our civic user testing group and departments we will expand digital services with a goal of adding seventy more digital services and twenty more mobile application service request and work orders. We will focus on leveraging internal and community relationships to build programmatic means to address adversities customers and local businesses face. We will conduct a resident technology survey (Digital Inclusion) to develop a profile of the information and communications technology means, skills and needs in the City. To ensure that our community is technology ready, the survey assessment and results will evaluate the access for our residents to technology resources and literacy and training programs. Building on our innovative digital service practices and business intelligence model, we will manage innovation-focused projects that center on both the community and City staff. We will continue to implement robust data standards and governance to understand and align to the priorities of our community and this organization. We will continue to design business intelligence tools that enable staff to get actionable information both at a glance and through in-depth analyses. Such tools include static data visualizations, interactive dashboards, predictive data models, and automated periodic reports. Through continuous monitoring, we will maintain an understanding of where we currently are, identify areas where we need to improve, and plan. A modern data analytics program benefits both our community and this organization.

The following section provides information on Key Performance Indicators (KPI's) currently being tracked within the Department.

Customer Service Key Performance Indicators (KPIs)

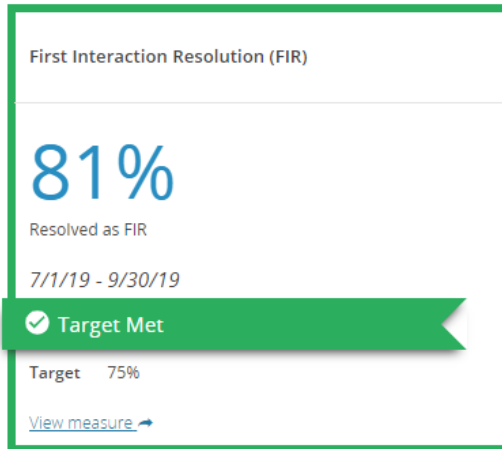

Our mission is clear: To elevate the quality of life through excellent City Services.

City of Grand Rapids customers expect and deserve high quality and reliable service delivery. Regardless of the channel the customer chooses to interact with the City, they can expect that the issues they report and the inquiries they ask are addressed succinctly and accurately.

GR311 key performance indicators (KPIs) link directly to the City's strategic plan priorities and objectives for government excellence, engaged and connected community, health and environment, and satisfaction of our customer interactions. Our responsibility to our customers must exceed their expectations, one interaction at a time.

First Interaction Resolution (FIR)

What is FIR?

Directly linked to satisfaction, a customer contacts the City to find resolution to their issues. FIR refers to those contacts with customers that result in a one-call and done scenario that requires no further interaction with the City (checking their account balance, self-serve payment options, meeting information or program information).

This KPI doesn't include any reports that require further action by a department such as potholes, tree trimming, refuse misses, sewer backup, street light out, etc.

When surveyed, customers who receive the correct information on their first interaction without having to contact the City another time are more satisfied with 311 service support. This KPI is correlated to scripts provided by the departments that are direct, standardized and provide the information staff needs to address the inquiry.

Our Target: > 75% Resolved as First Interaction Resolution

Call Back Percentage

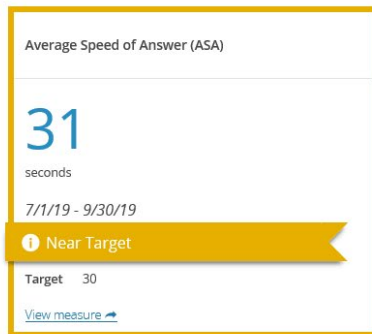

What is Call Back Percentage?

(As related to service requests, work orders, service messages, inspections scheduled, refuse misses, etc.) When customers report issues through 311 that require action by a partner department, the expectation is that the issue will be completed in the time frame (service level agreement – SLA) provided at the time of the report. When the issue is not completed by the SLA time frame, the customer calls back requesting an update.

311 works with departments to assist with SLA time frames based on call backs. Customers calling back to check on a report that hasn't been addressed affects customer satisfaction. 311 works with departments to manage expectations on the first call.

Our Target: < 5% Customers Calling Back

Average Handle Time and Speed of Answer

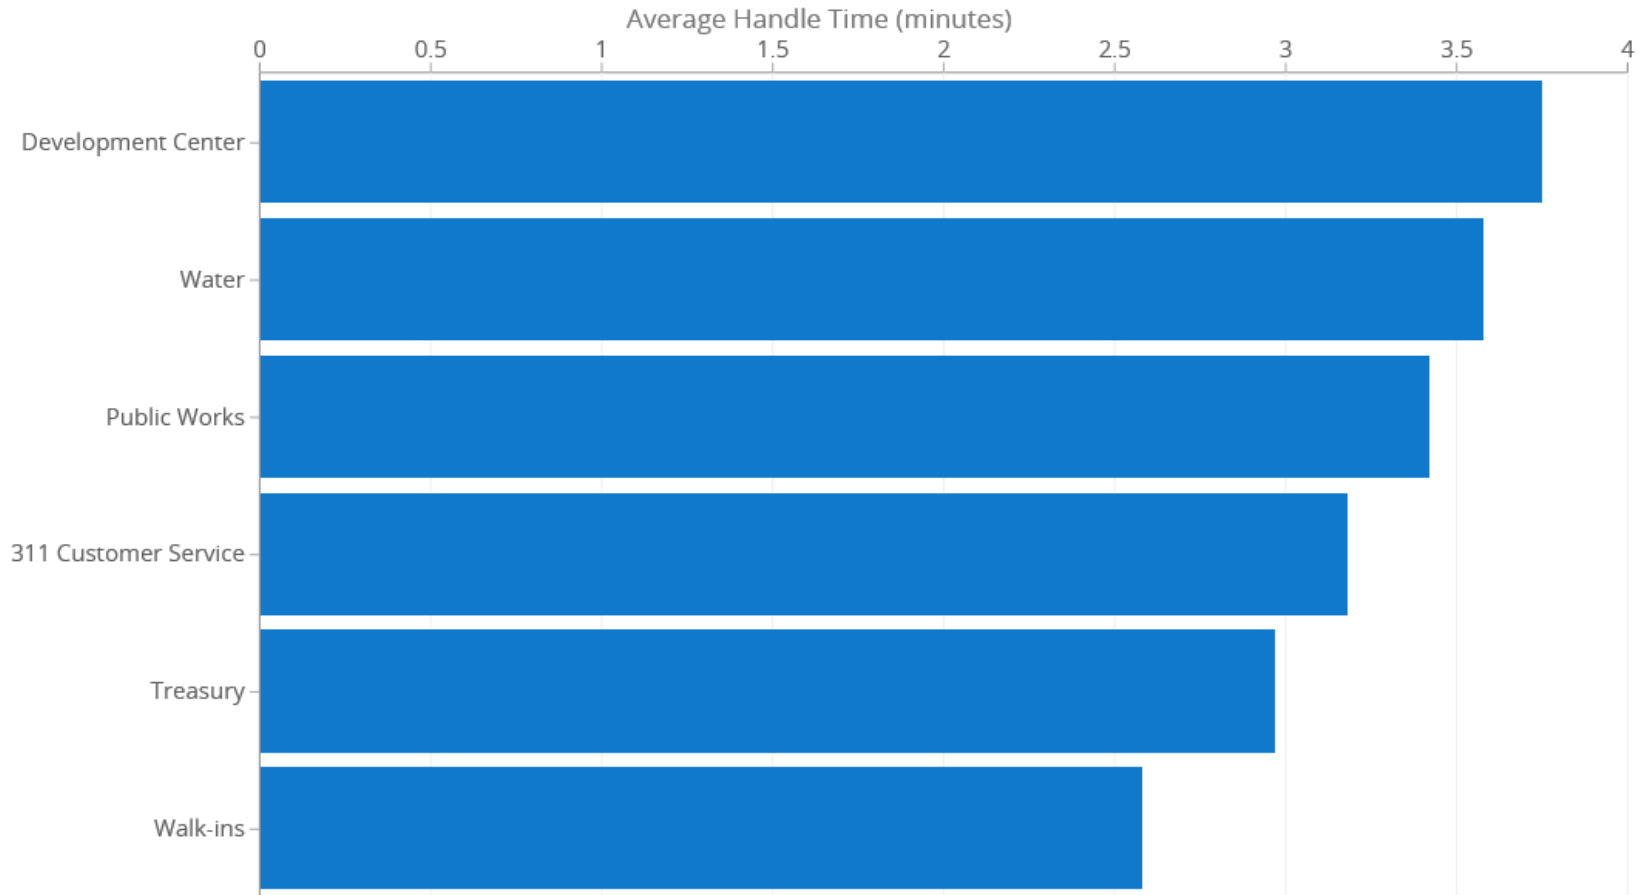

What are AHT and ASA?

When measuring customer satisfaction, these two measures directly impact each other. A customer call answered, on average, 30 seconds or less impacts how a customer feels about service delivery by the City.

When average call handle time increases, the ASA increases. The time to handle calls impacts how many calls can be handled in a 60 minute interval. A shared KPI with partner departments, it's important that scripts are succinct, that checks/fields in an application are measured for workload (each check/field can add 5-10 seconds to a call) and streamlined to assist customers and departments.

Partner Department Average Call Handle Time

FY2020

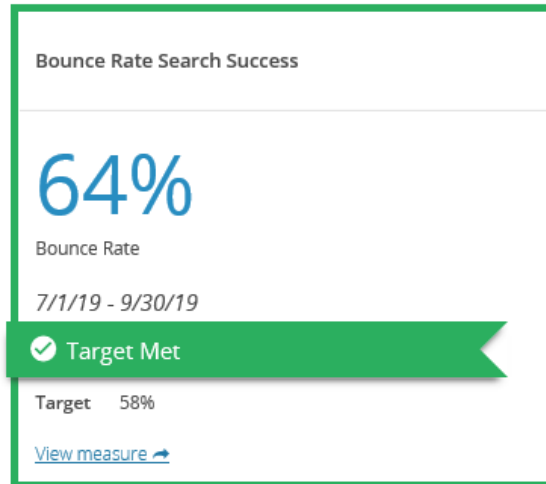

[View Source Data](#) →

Our Target Average Handle Time: < minutes metric changed FY2020 to 3.5 (3 minutes 30 seconds)

Our Target Average Speed of Answer: < 30 seconds (aka Queue wait time)

Bounce Rate Search Success

What is Search Success?

This is a measure of how easily users can find what they need from our site using Google, Bing, and other search engines. Since we launched, 55% of our users come from search engines. This is a good thing. It doesn't cost us anything to get customers to the site this way. If users get to our site by direct link, it usually means they got the link from a mailed promotion or bill, or they called 311. We want the total share of traffic from search to increase by about 10%. This means customers are coming to us naturally -- without a letter in the mail or a call to the City.

Our Target: > 58%

Law Department

The Department of Law performs legal services for the City and provides legal counsel for every aspect of City government. This includes providing advice and opinions to the Mayor, City Commission and all city departments.

The General Administration section captures the budgeted costs for computer services, telephone, building rentals or lease and other costs of day-to-day operations.

The Civil Litigation Division defends the City, its officers and employees in State and Federal courts and administrative proceedings both as plaintiff and defendant. This includes but is not limited to general litigation claims, police litigation matters, employment discrimination claims, workers compensation claims, auto accident lawsuits, zoning and planning appeals, inverse condemnation lawsuits, and FOIA lawsuits, to name only a few categories.

The Municipal Affairs Division provides legal advice and counsel to all departments and boards and commissions, including the City Commission, Library Board, Planning Commission, Zoning Board of Appeals, Police Civilian Appeals Board, and other similar boards. The Municipal Affairs Division is responsible for drafting ordinance amendments, charter amendments, drafting ballot language, reviewing and drafting contracts and policies, FOIA compliance and defense of the City's property tax valuations in the Michigan Tax Tribunal and any other legal issue that may arise affecting municipal operations.

The Code Enforcement Division prosecutes City Ordinance Violations (Misdemeanor charges) and Traffic Code Violations (under the City Code and Michigan Motor Vehicle Code) in Grand Rapids 61st District Court and Kent County 17th Circuit Court (Juvenile/Family Division). The Code Enforcement Division also provide training and consultation to other city departments.

Clerk Department

The City Clerk's Office administers various operations which include Business Licensing, Passports, Voter Registration/Elections, Boards and Commissions, Contract Administration, Community Archive and Records Center, and assists with City Commission Agenda preparation. This office continues to implement transformative ideas to create enhancements and efficiencies to the service delivery model in each division.

The Business Licensing and Boards and Commission operations will undergo a mixture of policy enhancements in an effort to provide more information to the public and to create a user-friendly, self-serve environment.

In FY2021, there will be a continued concentration in the Voter Registration/Elections Division as we prepare staff, election workers, and the community for the 2020 Presidential Elections. There will be increased staffing levels, material costs, and purchase/lease of equipment which are both necessary with these election cycles to meet the administration demands of the elections.

Lastly, the organization recognizes the entrenched value of its Community Archive and Records Center and the regarded services it delivers to City departments and the greater Grand Rapids Community. We are continuing to offer our services to neighboring communities to take advantage of this embedded competency.

Community Development

The mission of the Community Development Department is Building Great Neighborhoods! This is accomplished through direct programs and services, and valuable community partnerships. The Grants Management Office is responsible for administration of federal, state and local grants that primarily benefit low- and moderate-income individuals and families. These programs help create and preserve affordable housing, support neighborhood improvements and safety, and provide economic opportunities and housing related services. The Housing Rehabilitation Office provides grants and loans for emergency repairs, significant home improvements, and making homes lead safe. The Community Development Department also operates the Homebuyer Assistance Fund (HAF) Program to provide eligible homebuyers down payment and closing cost assistance for homes purchased citywide.

The Community Development Department received Community Development Block Grant Coronavirus (CDBG-CV) and Emergency Solutions Grants Coronavirus (ESG-CV) funds from the U.S. Department of Housing and Urban Development (HUD) totaling over \$3.3 million. This allocation was authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, which was signed by President Trump on March 27, 2020.

This supplemental funding was allocated by formula under the CDBG and ESG entitlement programs to prevent, prepare for, and respond to the coronavirus (COVID-19) pandemic and support low-income families and vulnerable populations. CDBG funds can be used broadly to include economic recovery activities, while ESG is to support individuals and families who are homeless or receiving homeless assistance and homelessness prevention activities.

Our Community's Children

Our Community's Children (OCC) is a shared partnership with the City of Grand Rapids and the Grand Rapids Public Schools dedicated to improving the lives of young people to ensure they are ready for college, work and life. The office values authentic youth voice and active participation in city projects and promotes access and opportunities for youth through afterschool and leadership programs, training and employment, and post-secondary success. The office engages in system-building work with community partners and has garnered national attention for its results. Its efforts have resulted in effective outcomes including a reduction in juvenile delinquency and an increase in degree attainment. Youth are better prepared for the workplace and for securing a better economic future for themselves.

Parks and Recreation

The Parks and Recreation Department budget priorities are built around several of the City’s strategic priorities including governmental excellence, engaged and connected community, health and environment, and safe community.

The department is committed to continued investment in our resident by offering inspirational experiences through the collaborative stewardship of our natural, educational, and cultural resources. We believe that by so doing, we are helping to elevate the quality of life through the services we provide.

Grand Rapids Parks and Recreation will continue contributing to Grand Rapids’ livability and reputation as a healthy, active, sustainable city long into the future. It is our goal and our intent to invest in our residents and in our public spaces to meet resident expectations for safe, clean, accessible public park spaces and recreational program offerings.

Comptroller

The Comptroller Department provides a variety of important services to vendors, other city departments, as well as the entire City government. Significant activities in the Office of the City Comptroller include:

- Processing payroll and related taxes
- Processing payments to all vendors
- Completing the Comprehensive Annual Financial Report with an unmodified opinion and the Government Finance Officers Association Certificate of Achievement Award
- Auditing City services and processes
- Publishing the Popular Annual Financial Report (PAFR), available in English and Spanish on the City’s web site
- Completing the Schedule of Expenditures of Federal Awards Required by Uniform Guidance

Design, Development and Community Engagement

BUILDING INSPECTIONS

The Building Inspections Division and Development Center, within the Design, Development and Community Engagement Department, facilitates the physical development of the City by providing professional, efficient, and customer-focused services that include pre-application consultations, development plan review, permitting, construction inspections, and occupancy certificates. Other key services include contractor licensing, as well as construction code enforcement inspections and case management. The Development Center, which was established 20 years ago, is the City’s “one-stop” office for development-related services. It remains focused on innovation, with the recent introduction of electronic plan review technology for building and land use permitting, deployment of operational dashboards to improve consistency and timeliness, and shift from reactive to proactive customer service and issue resolution.

PLANNING

The Planning Division, within the Design, Development and Community Engagement Department, engages with the entire community to listen, understand, contribute expertise, and implement a shared vision for Grand Rapids. This vision is articulated in the Master Plan, focused plans including Area Specific Plans (ASPs), and other foundational documents and policies. Planning works to implement the community’s vision through proactive updates to the Zoning Ordinance and City policies – most recently those related to housing and medical marijuana. Planning also provides staff support to the Board of Zoning Appeals (BZA), Planning Commission, and Historic Preservation Commission; performs staff-level project reviews; permits and inspects signs; reviews business license applications; and helps to guide City infrastructure investments.

CODE COMPLIANCE

The Code Compliance Department seeks to protect the health, safety and general welfare of residents through enforcement of property maintenance and zoning codes intended to preserve housing stock and quality of life in neighborhoods. While enforcement actions are sometimes necessary, a new case management approach is used along with a variety of community partnerships to assist homeowners having difficulty making repairs.

61st District Court

The 61st District Court budget is used to account for the revenues and expenditures related to the operations of the local court division of the Michigan Trial Court system. The 61st District Court handles matters that occur within the city limits of Grand Rapids. It is a court of limited jurisdiction, handling civil, criminal, and traffic cases. The court has jurisdiction over civil cases up to \$25,000, small claims and landlord-tenant issues, misdemeanor criminal cases, and felony cases until preliminary examination.

It is one of five third class District Courts located in large urban communities in Michigan. Typically these courts cost their funding units more proportionately in general fund monies for operations than first and second class District Courts in rural and suburban settings who also receive state funds to help offset the costs of their operations.

Economic Development Department

The Economic Development Department (EDD) provides services in three key areas: real estate development, business development, and neighborhood business districts. The department manages the Economic Development Project Team and 10 different boards, including the Brownfield Redevelopment Authority, the Economic Development Corporation (EDC), the SmartZoneSM Local Development Finance Authority, six Corridor Improvement Authorities (CIAs), and one Business Improvement District (BID). The EDD works cooperatively with other City departments and many external partners on various public-private projects. Tax incentive programs are utilized to support real estate and business development. In addition, the EDC assists in financing of projects through tax-exempt or taxable bond debt. The EDD also supports small business development through various service contracts with local service providers. Implementation of the CIAs' Tax Increment Financing (TIF) and Development Plans strengthen and provide financial support to the neighborhood business districts. The EDD is also responsible for managing the City's real estate inventory and undertakes projects related to property acquisition and disposition, including tax foreclosures.

Through implementation of the City's Strategic Plan, the EDD plays a vital role in ensuring residents, employees and businesses have pathways to financial growth and security.

Engineering Department

The Engineering Department is part of the Public Services Group and performs project services for Vital Streets, road maintenance and reconstruction, sidewalks, utilities, and city facilities. The department also provides support for permitting, surveying, city GIS data, and asset management. In addition to primary department functions, staff continues to provide crucial support in the on-going design, coordination, and permitting efforts associated with the Grand River Revitalization Project. Over the past 3 fiscal years, the Department has initiated an average of 125 new Capital Projects and awarded an average of \$93.5 million in projects annually. The completion of these projects furthers the objectives and strategies of the Mobility, Health and Environment, and Economic Prosperity and Affordability priorities as outlined in the City's Strategic Plan.

In conjunction with fulfilling the departmental mission of “practicing a holistic approach to project development and delivery to build an efficient and collaborative culture to assure value for our stakeholders”, the department will seek to further advance equitable outcomes and opportunities in FY2021. This will be accomplished by enhancing outreach efforts to diverse contractors and vendors, developing electronic and multilingual options for sidewalk contractor license testing, and furthering the inclusivity of our workplace. These efforts support the department's values of Customer Service, Leadership, Teamwork, Development, Sustainability, and Accountability as well as the City's broader Strategic Plan priorities of Governmental Excellence and Economic Prosperity and Affordability.

Vital Streets and Sidewalks

With the trail blazing work of the Sustainable Streets Task Force, the voter's approval of an income tax extension for 15 years for Vital Streets and Sidewalks and the sustaining work of the Vital Streets Oversight Commission, there is now a clear pathway to the goal of 70% of our City streets in good and fair condition by 2030. Action by the State towards their needed \$6 million/year investment in our City streets makes reaching of that goal significantly more likely.

The Vital Streets Capital plan continues to follow asset management principles and investment strategies and reflects a level of investment that along with other sources (State of Michigan, General Fund) puts us on track to reach the goal of 70% good and fair condition.

The Sidewalk program will resume systematic repair contracts in FY2021. Systematic repairs will be performed in all three wards. The owner-requested repair contracts will also continue in FY2021 to address sidewalk deficiencies that present safety hazards in areas not addressed by this year's systematic contracts.

*Denotes Vital Streets Program

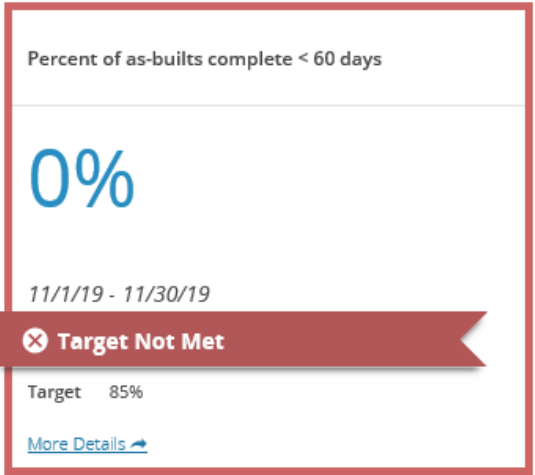

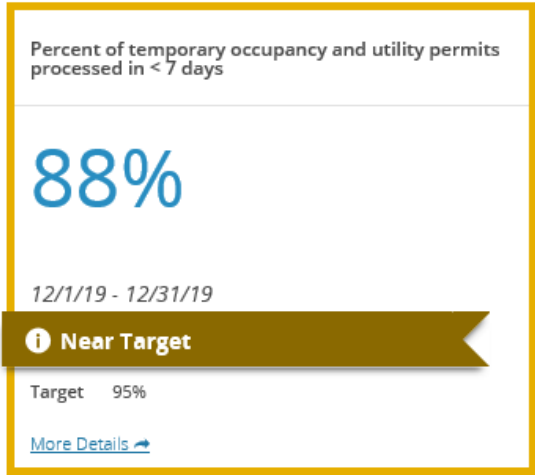

The following section provides information on Key Performance Indicators (KPI's) currently being tracked within the Department.

Key Performance Indicators (KPIs)

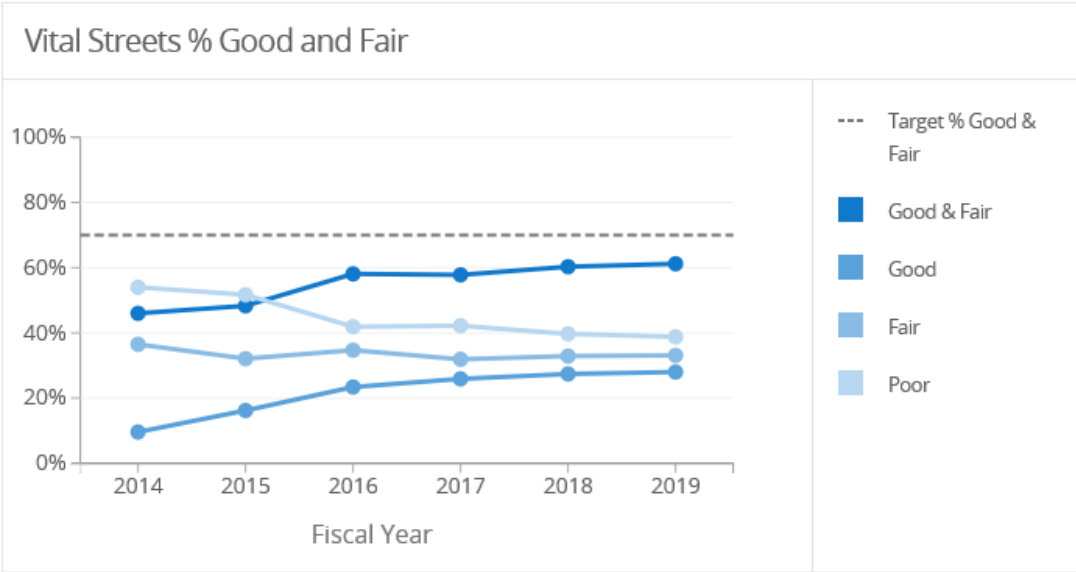

Engineering Mission & Services

The Engineering Department is dedicated to preserving and enhancing the physical assets of our community. It is our mission to drive effective project development and delivery within a collaborative culture, provide consistent and exceptional service to the community, and administration of various municipal boards and authorities. This requires a holistic focus on an equitable approach in assuring value for stakeholders. The community and City departments that utilize Engineering services are dependent on comprehensive and reliable delivery of project and non-project services. The Engineering Department's key performance indicators (KPIs) are reflections of the varied nature of our customer and client department interactions. The goal of our operations is to provide thorough administrative support, effective project oversight, and exceptional levels of service. The equity lens is a factor in the use of the KPIs as an assessment tool in assessing the existence of barriers and to ensure that Engineering operations serve customers, client departments, and community partners in a just and equitable way.

Vital Streets % Good and Fair

Water Department

Our mission is to produce and deliver excellent quality water to our customers that will protect public health, support the local economy, and contribute to the overall quality of life. We serve roughly 300,000 customers, monitor over 80,000 water accounts, and maintain more than 1,260 miles of water distribution piping. Our goal is to promote inclusivity, and equity among all customers of the Grand Rapids Water System while advocating for public health. Our strategies to reach our goal are:

- Develop public awareness tools that promote transparency, and advocate for public health through public engagement and the Water Advisory Council.
- Meet with neighborhood associations and other community groups to promote education and public awareness.
- Eliminate all lead services lines in the next 20 years.
- Create an innovative solution to avoid the shutoff of water services.
- Maintain a steady water rate by evaluating costs and implementing efficiencies within operations.

Environmental Services Department

The Environmental Services Department works to improve the quality of life for our citizens. We use sustainable practices to protect the environment, and public health and welfare.

The Water Resource Recovery Facility (WRRF) treats about 18 billion gallons annually with a daily average of 40 million gallons with a peak hydraulic capacity of 90 million gallons per day. We are recognized as a Utility of the Future by leading water agencies in the country. This designates us as a clean water utility leader, pioneering innovative technologies and cutting-edge practices, with a focus on resource recovery, efficiency and sustainability.

Staff in the department are also responsible for:

- Market Avenue Retention Basin with has a storage capacity of 30 million gallons and treatment capacity of 1.1 billion gallons a day.
- Primary Effluent Retention Basin with a storage capacity of 10 million gallons.
- 54 Sanitary Sewage Lift Stations.
- 11 Stormwater Stations.
- 5 Meter Stations.
- 10 Rain Gauges.
- 1,100 miles of sanitary sewer.
- 23,347 sanitary sewer manholes.
- 383 miles of storm sewer.
- 11,355 storm sewer manholes.
- 17,800 Catch basins.
- Industrial Pretreatment Program with 85 signification industrial user permits and track activities of over 6,000 non-domestic users throughout the system in 8 outlying jurisdictions.
- Laboratory that performs around 90,000 analyses a year.
- The Grand River Revitalization project.
- Construction of a Biodigestion system to manage municipal solids and higher strength wastes. We expect the system to be up and running by the spring of 2021 and includes:
 - Renewable Natural Gas (RNG) Conditioning System
 - Phosphorous Recovery System to prevent the accumulation of struvite in the digestion system.
- Stormwater management and green infrastructure implementation across the city.
- PFAS monitoring and mitigation practices

Energy, Lighting and Communications

The Energy, Lighting and Communications Department is responsible for operating and maintaining the City's electrical utility system valued at approximately \$110,000,000.

Our energy system includes a substation, primary switchgear, and primary and secondary electrical distribution systems that deliver approximately 26,000,000 Kilowatt-hours of power on an annual basis to City owned assets. These assets include office buildings, garages, parking lots, parking ramps, parks, street lights and traffic signals.

We own and operate a street lighting system that includes over 18,000 street lights that provide industry standard lighting levels for our citizens and visitors as they move about through our City after dark.

Our communications infrastructure is better explained as a shared Pole Line and Duct System. This network of utility poles, conduits, duct banks, vaults and manholes are in our street right-of-ways and are used as the support infrastructure to deliver our utility services throughout the City. We intentionally built extra capacity into these systems to allow other utilities to lease and use these assets. This partnership is formed so other utilities can provide services like phone/data, internet, cable TV, 5G networks and fiber optics to our citizens and businesses without recurring excavation in our streets.

The Energy, Lighting and Communications Department's operations and maintenance are funded through the City's General Operating Fund and supplemented from revenue we generate through electricity delivered to other city departments as well as our Pole Line and Duct System leases.

*The following section provides information on Key Performance Indicators (KPI's) currently being tracked within the Department.

Our Mission

To enhance the quality of life of our community today and in the future by providing significant and innovative leadership in services dedicated to protecting our environment, public health and welfare, energy reliability, lighting, digital communication and resource recovery in an affordable and sustainable manner.

Energy KPI: Upgrade 108 Existing Electrical Meters to Smart Electrical Meters

Background

Energy, Lighting and Communications Department has started the implementation of Smart Technology Electrical Metering. The first phase of this project will be the design, installation, and commissioning of 108 Wireless Smart Electrical Meters. Our current process of gathering electrical usage data involves sending staff out to each meter location and manually writing down meter readings. The goal of this project is to increase staff efficiency and to increase the accuracy of electrical usage data for all users.

The Smart Technology Electrical Metering system will communicate on our Wireless FlexNet Network, leveraging existing smart technologies. This new system will allow accurate real-time electrical usage data for us as well as our customers. We're using \$108,000 of Bond 1 funds for this project.

Smart Technology Electrical Meters Installed

Implementation

Our target is to upgrade 108 existing electrical meters with new Smart Technology Electrical Meters by June 30, 2020. This KPI will be measured quarterly.

Lighting KPI: LED Street Lights with Smart Technology Implementation

Background

Energy, Lighting and Communications Department has started deploying LED Street Lights with 7 pin Wireless Control Modules for our Operations/Maintenance and our Capital Projects. We have discontinued repairing and/or replacing street lights with High Pressure Sodium (HPS) fixtures and photo eyes. This LED transition will be a multi-year strategy focusing on energy reduction, standardizing inventories, equitable deployment, quality lighting with real-time controls and diagnostics to improve our operational efficiency.

Our LED street lighting fixtures will be 4000K which produces a color very similar to natural moon light. We understand there can be varying individual preferences on color, however, after completing our research, 4000K has been selected. This color temperature provides improved visibility for pedestrians, drivers and bicyclists promoting safety in the street right-of-way. Additionally we are estimating a 30-40% reduction in energy consumption. The Smart Technology Vantage Lighting Control Software is utilizing Control Modules on each light fixture to communicate on our Wireless FlexNet Network. This new system is providing on/off, dimming, flashing and dusk/dawn controls per fixture or zone. We also have real-time data on voltage, current, alarms, etc. for troubleshooting and analytics. Each fixture has a specific GPS location, providing detailed and pinpoint location accuracy. The Control Module is 7 pin and provides 2 additional control points for future Smart Technologies. We are scheduled to complete the provisional testing of LED Street Lights with Smart Technology Controls by the end of December 2020. The bulk of our testing is being accomplished through Capital Funds (Bond 1) on several Vital Streets projects and a 500 fixture provisional test across all 3 wards of our city. Our Operations and Maintenance activities are also contributing as we replace HPS fixture failures. The City-wide LED replacement is planned to be funded by Bond 2 and start in 2021.

Smart Controlled LED Street Lights in the City of Grand Rapids

Communications KPIs

Background

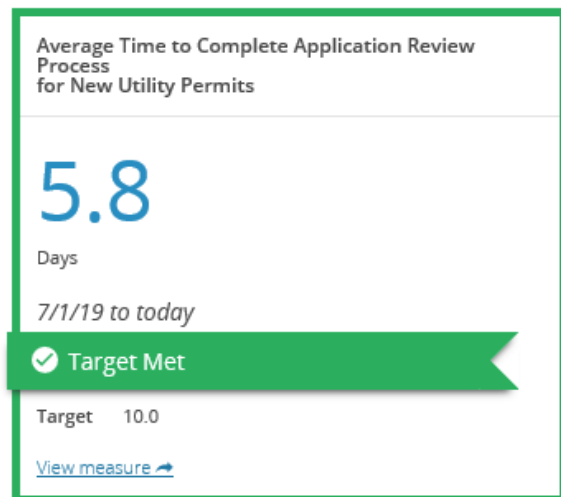

Energy, Lighting and Communications Department is the owner and operator of the City's Pole Line and Duct System (PLDS), which includes Small Cell Wireless Facilities. Small Cell Wireless Facilities are small cell towers that provide increased cellular and data capacity in high usage areas for customers. ELC has received over 100 applications from communication companies requesting to install Micro-Cells on our wood utility poles, fiberglass street light poles and decorative street light poles as well as ground mounted equipment in the ROW. This has been challenging for us to develop applications, approvals, permitting, engineering, inventory records, rates, etc. and to handle this new business in a timely fashion. The communications companies desire rapid deployment of the Micro-Cells and this has led to Senate Bill 637 being approved and Public Act 365 becoming law in March 2019. One of the aspects of the new Act is the establishment of a "Shot Clock" on our process on receiving applications (10 days) and approving applications (60 days).

The communication service providers are dealing with capacity issues in Grand Rapids and many other cities of the county. The capacity issue is frequently related to a large volume of people using their smart phones in the same area. i.e. ArtPrize, Festival of the Arts, concerts at the VanAndel, Riverbank Run, etc. A common issue is no service or very slow service, which can lead to public safety concerns if people cannot call for help. Another Micro-Cell issue is the location of the infrastructure buildout in the ROW. Most businesses support the improved cellular and data service, however do not want the equipment in front of their building. ELC has now established guidelines and best practices that all the communication companies need to follow, this has significantly improved our review and approval process.

Implementation

Our target is to be in compliance with the “shot clocks” in PA 365. We have 10 days after receiving the application to notify the applicant whether the application is complete and we have 60 days after receiving the application to approve or deny the application. This KPI will be measured weekly.

Small Cell Wireless Facilities - Application Complete Review Process for 32 New Utility Permits in FY2020

Small Cell Wireless Facilities - Approve/Deny Process for 31 New Utility Permits in FY2020

Average Time to Approve/Deny New Utility Permits

Mobile GR & Parking Services/Traffic Safety

Mobility and parking are crucial elements in creating an accessible future for Grand Rapids as it continues to grow. The Department’s focus is to provide residents with quality transportation options and services. Core services provided include traffic operations and safety, traffic engineering, signage, transportation planning and policy, on and off-street parking operations and enforcement, bicycle and pedestrian support, and mobility innovation.

Executive Office

The Executive Office is responsible for leading the day-to-day operations of the organization and for implementing policy directives of the City Commission. Led by the City Manager, the Office provides leadership and guidance on organizational culture, values, strategy and accountability across all operational departments. This includes development and implementation of the Strategic Plan that is used to guide present and future investments through the city's budget.

Facilities Management

Facilities Management oversees daily operations for various types of municipal facilities throughout the City of Grand Rapids. Facilities Management is committed to providing clean, safe, accessible and sustainable work spaces for City employees, as well as City tenants, community members, citizens, visitors, and guests. Facilities Management offers the highest level of building related services in effort to increase user department's operational effectiveness while simultaneously controlling utilization costs through comprehensive asset management planning and responsible implementation of energy efficient practices.

Facilities Management operates as an Internal Service Fund (ISF) within the City. The department is fully funded based upon direct and indirect operational costs being recovered through an appropriate charge-back and rate setting model. Anticipated operating and maintenance expenses are budgeted and provided to user departments annually. Facilities Management's Operating Fund achieves total cost recovery while maintaining a 25% reserve.

The Facilities Management Capital Fund accounts for the maintenance of public-owned facilities through implementation of a comprehensive Asset Management Plan (AMP). The AMP addresses long-term sustainability, capital improvements and replacements, implementation of green facilities initiatives, and continuous improvement objectives. The AMP includes a 5, 10, and 25 year planned replacement program and adheres to industry best practices to provide well maintained and energy efficient facilities. Facility types include: Municipal Office Spaces, City Archives, Fleet Maintenance/Repair Shop, Car Wash, Public Works Garages, Forestry/Parks Garage, Storage Facilities, Vehicle Impound Lot, Police Department, Police Motor Pool, Police Pistol Range, Fire Stations, Court House, and Public Museums. Revenue is generated from department charges for services and assigned as capital reserve for major repairs and improvements on each building in accordance to the receipt of the funds. Facilities Management's Capital Fund maintains a 25% reserve. All funds are 100% assigned to Facilities working capital projects.

Fleet Management

Fleet Management is responsible for over 1,400 pieces of equipment with a replacement value of approximately \$50 million. Our Parts Room stocks approximately 76,000 pieces of inventory which is valued at over \$800,000. Fleet Management provides user departments the highest level of fleet related services in effort to increase the City's overall operational effectiveness. Through responsible procurement practices, efficient maintenance and repair services, and exceptional replacement planning, Fleet Management can provide user departments with safe, reliable, state-of-the-art, customized equipment to meet the City's diverse operating needs.

Fleet Management is dedicated to implementing continuous improvements, industry best practices, City-wide initiatives and policies, financial responsibility, and environmental stewardship into daily operations.

Fleet Management operates as an Internal Service Fund (ISF) within the City. The department is fully funded based upon direct and indirect operational costs being recovered through an appropriate charge-back model for both pooled and non-pooled equipment. Operating, maintenance, and general administration expenses are analyzed, and rates are established on an annual basis. Fleet Management's operating fund achieves total cost recovery while maintaining a 25% reserve.

The Fleet Management Capital Fund accounts for the replacement of equipment through implementation of a comprehensive Asset Management Plan (AMP). The AMP addresses environmental responsibility, capitalization on useable life, maximization on returns, implementation of green fleet initiatives, and continuous improvement objectives. In effort to provide operating departments' safe, reliable, and cost-effective equipment, Fleet Management regularly engages in educational discussions with users regarding right-sizing, alternative fueling equipment (such as CNG, hybrid, electric vehicles, etc.), the importance of preventative maintenance, and overall standardization of the City's Fleet. The AMP includes a replacement guideline along with a 5 and 15 year planned replacement forecast – both of which adhere to industry standards accepted by the National Association of Fleet Administration (NAFA) and the American Public Works Association (APWA).

Fleet Equipment types include: Light Equipment – such as sedans, vans, SUV's, patrol vehicles, motorcycles, pick-ups, small utility and small dump trucks, and other miscellaneous small engine equipment. Heavy Equipment – such as refuse trucks, large utility and dump trucks, Vactors, off-road equipment, and other miscellaneous heavy equipment. Revenue is generated from department charges based on capital costs associated equipment replacement, as planned and forecasted in the AMP. Fleet Management's Capital Fund maintains a 25% reserve.

Vehicle Storage

In conjunction with the City of Grand Rapids Police Department and Purchasing Department, the Vehicle Storage Fund is responsible for recovering costs associated with operating and managing the City's Impound Lot. Approximately 3,000 vehicles are impounded on a yearly basis of which approximately 25% are deemed abandoned and are eventually sold at a public auction, per the City and State's Abandoned Vehicle Code. The Vehicle Storage Fund operates as a Special Revenue Fund. Revenue is generated by both the Impound and Storage fees, as set in the City's Omnibus Fee Schedule, as well as through the sale of abandoned vehicles at public auction. The fee structure ensures total cost recovery in addition to maintaining a reserved 25% fund balance. Revenue is used to cover operating and maintenance expenses as well as other administrative costs such as Police and Impound Lot management's staff time. Planned capital improvements to the lot, and existing infrastructure, are included in the fee structure and annual budget.

The following section provides information on Key Performance Indicators (KPI's) currently being tracked within the Department.

Fire Department

The Grand Rapids Fire Department FY2021 Budget is designed to assure our internal strategic plan aligns with the City’s strategic objectives to build a safe community while demonstrating governmental excellence. This budget will address sustainability through the replacement of our aging facilities, provide superior customer service by ensuring the fleet is adequate for emergency responses, and support equity by funding our diverse recruitment efforts. We will focus on innovation and training for our Water Rescue and Dive Rescue teams, preparing for our redeveloped river environment. This budget will continue to promote accountability to our mission of valuing people by saving lives, protecting property, and responding to the needs of the community.

Assessor

The core responsibility of the City Assessor's Office is to administer those provisions of the Michigan General Property Tax Act which are to be carried out at the local level in accordance with the scope and manner set forth by the Michigan State Tax Commission. Additional responsibilities include administration of special assessment rolls as prescribed in Chapters 10 and 23 of the City Code.

Goals of the City Assessor's Office

- Annually value all assessable real and personal property located within the City of Grand Rapids resulting in fair and equitable assessments at the lawful level of assessment.
- Consistent interpretation and application of property tax exemption statutes.
- Prepare credible valuation disclosures in defense of all valuation appeals filed in the Michigan Tax Tribunal.
- Efficient and timely processing of all principal residence exemption affidavits, deeds, property transfer affidavits, exemption applications, personal property statements, and customer service inquiries.
- Timely completion of all assessment rolls, tax warrants, special assessment rolls, internal reports, external reports, and annual department budget.
- Provide excellent customer service and treat all customers with dignity and respect.

Core Service

The core service performed by the City Assessor's Office is the preparation and maintenance of the City's various assessment rolls.

Income Tax

The Income Tax Department is responsible for collecting and administering the income tax collections for the City. The City’s base income tax rate is .65% for non-residents and 1.3% for residents. Currently there is also a .20% 15-year temporary increase in the income tax rate that is allocated for Vital Streets work

Income Tax has implemented extended Saturday hours to help the community during March and April and are continually looking for ways to break down communication barriers. Simplification and taxpayer satisfaction is still a priority for the Income Tax Department.

Purchasing

The Purchasing Department continues to focus on implementing best practices to foster, fair, equal and open competition for the procurement of goods and services for the City. The Purchasing Department actively seeks ways to improve current operations and processes to reduce processing times and achieve procurement savings. The Purchasing Department also focuses on improving services for both internal and external customers through vendor outreach, procurement training for internal customers and growth and development of procurement staff

Human Resources Department

The Human Resources Department is comprised of six divisions: Human Resources Administration; Employee Benefits; Recruitment & Selection; Training and Organizational Development; Labor Relations; and Risk Management.

The Administration division oversees strategic planning and initiatives related to the workforce as well as employee events and programs.

The Employee Benefits division oversees and administers the entire City's benefits plans, associated payroll deductions, administers City wellness programming, and ensures compliance with relevant reporting and legal requirements.

The Recruitment and Selection division facilitates the hiring process, maintains the classification and compensation system, and administers the contractual layoff process.

The Training and Organizational Development division works to align team member training and development around the City's strategic plan and the organization's values.

The Labor Relations division negotiates and administers the City's thirteen collective bargaining agreements, administers the grievance process, and handles employee complaints, investigations, and discipline.

The Risk Management division administers a comprehensive safety program for employee, recommend appropriate risk financing strategies; administer insurance purchasing, claims settlement and the workers compensation program, and manages the City's liability and property insurance loss control programs.

Library

The FY2021 budget cycle represents the beginning of the first year of the Library's three-year Strategic Framework. The Library has planned substantial investment tied to certain initiatives for FY2021 in terms of programming, and the tools necessary to maintain and improve upon our programming standards. Additionally, this first year is intended to be used for an assessment of spaces and receiving feedback from the communities we serve, in order to execute our framework based on what the demands of our patrons are determined to be.

Police Department

<https://www.grandrapidsmi.gov/GRData/Police-Budget>

In Fiscal Year 2020, Eric Payne was hired as our Police Chief. Our Police Department's mission is to provide professional, progressive and responsive services in collaboration with the community to ensure a safer Grand Rapids.

Our Police Department continues to work diligently to align its operations with the City's Strategic Plan. Every day, the department strives to ensure all people feel safe and are safe at all times throughout our community. Here are some highlights of that work:

- Our Police Department has maintained national Commission on Accreditation for Law Enforcement Agencies accreditation and is in the process of obtaining accreditation from the Michigan Associations of Chiefs of Police (MACP) for its Forensics Unit, 911 Dispatch Center and sworn personnel.
 - The department continues to receive "very good" scores in Elucd – a digital platform that collects community sentiment data on how different populations feel about police and their level of trust in police. For example, in the last quarter of 2019, the department achieved scores of 68 in trust and 69 in safety on a scale of 0 to 100, with 100 being the best.
 - The department's 911 Dispatch Center answers 95% of calls within 15 seconds.
 - There are 13 police personnel certified to complete Community Policing Through Environmental Design (CPTED) surveys for residents and businesses.
 - During the current fiscal year, the department plans to continue to hire quality and diverse police recruits and sponsor them through the police academy. The department will continue to utilize its Youth Police Academy and Police Explorer and internship programs to enhance recruitment. These programs align with the City's grow your own initiative. Most importantly, our Police Department will continue to be accountable, collaborative, community-oriented, equitable, innovative and sustainable.
-

Police Department Units

Administration - Chief's Office

The Chief's Office includes the Chief of Police, Deputy Chief of Police in charge of operations (uniformed divisions of the police department), Deputy Chief of Police in charge of investigations and administration. The Chief's Office manages and supervises all department personnel and directs all department operations. The research and planning unit is also housed in the Chief's Office.

Community Engagement Unit

This team develops, coordinates and carries out the department's community engagement efforts. It also helps the City's Human Resources Department in the recruiting and hiring of sworn and nonsworn personnel.

Internal Affairs Unit

This team receives and investigates allegations of misconduct by Police Department personnel, including use of excessive force, falsification/lying, civil rights violations, hostility, discourtesy or other conduct unbecoming an officer when such conduct is committed in a context of racial animosity or prejudice.

Patrol Unit/Community Policing Specialist

This team – the department's largest – is tasked with all the traditional duties of a law enforcement officer. This includes responding to emergency and non-emergency calls for police services, traffic enforcement and addressing quality-of-life issues for community members throughout the city.

Patrol Unit Special Services/Traffic Unit

The Traffic Unit responds to and investigates fatal and serious personal injury accidents. It reviews vehicle crash reports and completes related investigations. It also manages the department's Fleet Safety Program and serves as a liaison between the department and the City's traffic engineer. Members of this unit are responsible for training all department personnel in conducting accident investigations and other traffic violation enforcement.

Neighborhood Patrol-Special Response Team

This team assumes resolution responsibility for all high-risk tactical operations to include but not be limited to hostage situations, barricaded individuals, weapons of mass destruction and criminal hazardous materials situations, suicidal individuals, high-risk search warrants, armed fugitives, high-risk K-9 track support, mobile team tactical support and dignitary protection.

Team members are assigned to address service area problems as identified by the respective Service Area Commander, utilizing a variety of patrol and investigative methods. This includes uniform and plain-clothes patrol, surveillance and vehicle, bike and foot patrols.

Forensic Services Unit

This team is staffed with non-sworn personnel who respond to crime scenes for the purpose of identifying, locating, collecting and documenting physical evidence.

Property Management Unit/Fleet

This team receives, secures and stores all custodial property and evidence. It also acquires, stores, controls and issues all department supplies and equipment.

Record-Information Technology

This team is responsible for all computer-related equipment in the Police Department and its vehicles. It is responsible for evaluating, purchasing and developing software programs used by the department. It also is the keeper of all department records and data.

Support Services

This team oversees the Police Department's budget and payroll. All costs associated with running the Police Department are evaluated and approved or denied through this office. The team's commander is in charge of the Training Bureau, Property Management, Financial Services and Communications Bureau.

Training Bureau

This team is responsible for developing and implementing the training needs for all sworn personnel. It also ensures that all sworn personnel are equipped with the latest techniques and best practices to serve all community members.

Communications Bureau (Radio Services)

This team is comprised of civilian staff who install, maintain and repair police radio communications equipment. It assesses and repairs police alarm, radar, telephone, video and dispatch antenna towers and all electronic police vehicle equipment.

Detective Unit

This unit consists of five teams: Major Case Team I, Major Case Team II, Family Services Team, General Case Team and Auto Theft/Financial Crimes Team. The Major Case Teams investigate homicides, life-threatening assaults, all robberies, weapon offenses, abductions, extortion, explosive devices or bomb threats, serious assaults and stalking. The Family Services Team investigates sexual assaults, sexually motivated abductions, indecent exposure, parental kidnappings, domestic assaults, child abuse and neglect, runaways, missing persons and stalking – domestic related. The General Case Team investigates burglaries, larcenies, malicious destruction of property, embezzlement, telephone offenses, minor assaults and receiving and concealing stolen property. The Auto Theft/Financial Crimes Team investigates auto thefts and attempts, pawn shops, precious metal dealers and second-hand shops, check law violations and fraud.

Vice Unit

This team is tasked with conducting investigations involving narcotics and controlled substance violations, prostitution and commercial sex offenses, gambling and organized criminal activity. It monitors the sale and distribution of alcoholic beverages while enforcing the rules of the Michigan Liquor Control Commission.

Public Works

The Department of Public Works comprises two main functional areas; Street Maintenance and Materials Management.

Street Maintenance maintains 211 miles of major streets and 394 miles of local streets. This work includes pothole patching, asphalt overlays, spray patching, crack sealing, cape seal prep, roadside mowing, alley maintenance, trench repairs, minor concrete curb repair, guardrail repair, street sweeping, graffiti abatement, snow and ice control (first attentions, local streets, alleys, dead ends, cul-de-sacs), anti-icing and asset management.

The Materials Management operations include Pay As You Throw refuse collection, Single Stream recycling collection, yard waste collection and composting, bulk item collection, appliance collection, neighborhood cleanups, special events, yard waste drop-off location and the closed Butterworth Landfill.

Services provided by the Department of Public Works are supported by three separate funds: Refuse Fund, Major Streets Fund and Local Streets Fund. The primary revenue source for the Refuse Fund is a Refuse Millage levy of 1.60 mills. Additional revenue sources include refuse cart tips, refuse and yard waste bags/tags and bulk stickers. The primary revenue source for the Major and Local Streets Funds is Public Act 51 Gas and Weight Tax. In addition, the Traffic Safety Department and Environmental Services Department provide services within the street right of way that are supported by the Major and Local Streets Funds.

Information Technology

The Department of Information of Technology (DOIT) is continuing its mission of delivering a strategic and sustainable IT program with its submitted FY2021 budget. This budget and allocation metrics reflect a recompute of a number of services, software frameworks, and support operations. Rates allocated to departments have also been updated.

Capital management to sustain current technology architectures continue to be a part of the overall IT budgeting process. DOIT is continuing its strategic initiatives around the expansion of Information Technology as a Service (ITaaS), Infrastructure as a Service (IaaS), a Cloud First Strategy (SaaS), and a focus around Cyber Security and a proactive defense. These strategic initiatives will promote increased support levels of departmental and SCADA networks, increase the availability of technical resources as well as build long term sustainability and reliability with the engagement of compute resources in both private and public clouds.

Treasurer

The City Treasurer, appointed by the Grand Rapids City Commission, oversees the operations of the Treasurer's department. The primary mission of the City's Treasurer's department is the collection of monies owed to the City and for the investment of those funds to ensure the security of principal while seeking to earn a competitive return on the investments. Other duties include credit card payment processing, managing banking relationships, grpayit (internet/mobile app), parking enforcement, and working with various executive management teams.

ECONOMIC DEVELOPMENT – AUTHORITIES AND DISTRICTS

Like other cities in Michigan, Grand Rapids uses a variety of economic development programs to attract businesses and individuals. Some programs encourage business and residential capital investment by abating the property tax increases resulting from increased property values. These types of programs include abatements for industrial and commercial buildings and equipment, obsolete property redevelopment, neighborhood enterprise zones, and renaissance zones. Other economic development programs provide access for businesses to the tax-exempt bond market via the City's Economic Development Corporation or provide guidance to the business or individual in order to access the State's economic development programs and agencies.

Another tool which may be used to encourage economic development is direct investment in the City's public, business, technology, and residential infrastructure. Revenues for these investments are provided when City Commission targets specific areas within the City then diverts property tax revenues, usually known as 'capturing,' resulting from increasing property values within those boundaries. This type of revenue program is called, "tax increment financing" or "TIF." Investing TIF revenues in infrastructure and redevelopment programs creates a culture of business district and neighborhood capital investment. This increases property values and the numbers of jobs in the various TIF districts and spills into surrounding areas, inspiring other property improvements that attract new residents and businesses. The oldest of the City's TIF districts is the Downtown Development Authority and the newest is the South Division / Grandville Avenue Corridor Improvement Authority which began capturing TIF revenues in Fiscal Year 2020.

The City Commission appoints residents and business owners to serve as board members for the City's economic development authorities and districts. The entities included in this section of the Fiscal Plan operate independently but in compliance with each entity's authorizing statute and applicable City policies and procedures. For accounting purposes, the special assessment districts are "special revenue funds" and the TIF authorities are "discretely presented component units," according to criteria established by the Governmental Accounting Standards Board.

BROWNFIELD REDEVELOPMENT AUTHORITY ("BROWNFIELD")

The Grand Rapids Brownfield was created by the City in 1998 under the provisions of Act 381, Public Acts of 1996 of the State of Michigan, as amended. The purpose of the Authority is to promote the revitalization of environmentally distressed areas and functionally obsolete properties within the City. The entire City of Grand Rapids has been designated as a brownfield district. However, Brownfield tax increment revenues are captured only from specific development projects approved by City Commission and the State of Michigan. Brownfield projects may capture all local and school tax increment revenues except debt-related millages.

BUSINESS IMPROVEMENT DISTRICT – UPTOWN ("UPTOWN BID")

The Uptown BID is a special assessment district created by the City in June, 2013 after property owners within the district voted in favor of self-assessment. BID operations began in fiscal year 2014 under the provisions of Act 120, Public Acts of 1961 of the State of Michigan, as amended. The purpose of the BID is to provide a program of enhanced services within the district boundaries. The special assessments relieve property owners of common area maintenance services and provide funding to draw customers to the district's businesses via special events, marketing, and neighborhood development.

The current BID Special Assessment authorization is for two years – Fiscal Year 2020 and 2021. Therefore, revenues and expenditures included in the BID fund statement for fiscal years 2022 through 2025 are estimated and are likely to change.

CORRIDOR IMPROVEMENT AUTHORITIES (“CIA”) – MICHIGAN STREET, NORTH QUARTER, SOUTH DIVISION/GRANDVILLE, SOUTHTOWN, UPTOWN, AND WESTSIDE

Under the provisions of Act 280, Public Acts of 2005 of the State of Michigan, as amended, the City has created several Corridor Improvement Authorities (“CIA.”) The CIA capture tax increment revenues which are used to correct and prevent deterioration in the business districts; encourage historic preservation; authorize the acquisition and disposal of interests in real and personal property; authorize the creation and implementation of development plans in the districts; promote the economic growth of the districts; authorize the issuance of bonds and other evidence of indebtedness; and authorize the use of tax increment financing.

The Uptown CIA was created in 2009 and first captured tax increment revenues in Fiscal Year 2012. The Southtown CIA (formerly known as “Madison Square”) was originally created in 2009, then the initial values were re-set and the district expanded in 2016. The North Quarter CIA was created in 2012, then initial values were re-set in 2018. The WestSide CIA was created in 2014. The Michigan Street CIA was created in 2015. The South Division/Grandville CIA was created in 2018 and first captured tax increment revenues in FY2020.

In Fiscal Year 2017, only the Uptown CIA was able to capture tax increment revenues due to changes in State tax law which impacted personal property values. For Fiscal Years 2018 and 2019, all CIA, except North Quarter, capture tax increment revenues. As these CIA districts illustrate, tax increment revenues are not a guaranteed revenue source, particularly for smaller and newer districts.

DOWNTOWN DEVELOPMENT AUTHORITY (“DDA”)

The Grand Rapids DDA was created in 1979 by the City of Grand Rapids under the provisions of Act 197, Public Acts of 1975 of the State of Michigan, as amended. The purpose of the DDA is to correct and prevent deterioration in the downtown business district / neighborhood; encourage historic preservation; authorize the acquisition and disposal of interests in real and personal property; authorize the creation and implementation of development plans in the districts; promote the economic growth of the districts; authorize the levy and collection of taxes; authorize the issuance of bonds and other evidences of indebtedness; and authorize the use of tax increment financing. The DDA’s initial property tax increment revenue capture was in 1981.

Until December, 2016 the DDA district was bounded roughly by Newberry Street, N.W. on the north; Lafayette Avenue, or Prospect Avenue on the east; Logan Street or Wealthy Street on the south; and Lexington Avenue, N.W. or Seward Avenue, N.W. on the west. In December, 2016 City Commission approved an expansion of the development district which is now bounded by Leonard Street, N.W. on the north; Division Avenue, Lafayette Avenue, or Prospect Avenue on the east; Century Street, Chestnut Street, Logan Street or Wealthy Street on the south; and Lexington Avenue, Turner Avenue, or Seward Avenue on the west.

The DDA captures tax increment revenues from two sources, local tax increments and school tax increments. Local tax increment (LTI) revenues are captured from millages levied by the City of Grand Rapids, County of Kent, Interurban Transportation Partnership (“The Rapid”), and Grand Rapids Community College. School tax increment (STI) revenues are captured from millages levied by the State of Michigan Education Tax; Grand Rapids Public Schools; and Kent Intermediate School District. State law restricts the DDA’s use of STI revenues for payment of debt service and other eligible obligations in existence prior to January 1, 1995 or for obligations which refund those eligible obligations. (Note, the Fiscal Year ending June 30, 2022 will be the DDA’s final year of STI capture.) The DDA’s expenditures for debt obligations issued after December 31, 1994 and for all of the DDA’s operations and development projects and

programs are funded with either LTI or non-tax increment revenues, the latter which are derived primarily from interest and parking revenues generated by facilities located on property owned by the DDA.

DOWNTOWN IMPROVEMENT DISTRICTS (“DID”)

The Grand Rapids DID was created by the City as a special assessment district in August, 2000 after downtown property owners voted to support self-assessment. DID operations began in fiscal year 2001 under the provisions of Act 120, Public Acts of 1961 of the State of Michigan, as amended. The purpose of the DID is to provide a program of enhanced services within the district boundaries. Services provided by the DID relieve property owners from providing common outdoor maintenance services. DID revenues also fund events, marketing, and promotions to draw tourists, businesses, employees, and residents to the downtown business district.

In May, 2020 the DID Board adopted a motion recommending that the City Commission declare necessity for special assessments beginning July 1, 2020 and ending June 30, 2021. As a result, the DID Fund Statement includes only FY2021 revenues and expenditures.

GRAND RAPIDS ECONOMIC DEVELOPMENT CORPORATION (“EDC”)

The Grand Rapids EDC is a public economic development corporation which does not capture tax increment revenues. The EDC was created to alleviate and prevent conditions of unemployment; to assist and retain local industries and commercial enterprises; to strengthen and revitalize the economy of the City of Grand Rapids and of the State of Michigan; to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in locating, purchasing construction, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in the City of Grand Rapids; and to encourage the location of commercial enterprises in Grand Rapids to more conveniently provide services and facilities to Grand Rapids businesses and residents. For accounting purposes, the EDC is considered a special revenue fund, which is a governmental fund type. Please go to the “Special Revenue Funds,” tab in this Fiscal Plan to locate the EDC’s fund statement.

MONROE NORTH TAX INCREMENT FINANCING AUTHORITY (“MNTIFA”)

The MNTIFA was created by the City in December, 1985 and began operations in fiscal year 1987 under the provisions of Act 450, Public Acts of 1980 of the State of Michigan, as amended. The purpose of the Authority is to provide for the development of the Monroe North Development Area, which is bounded roughly by Coldbrook Street, N.W. on the north, Ionia Avenue, N.W. on the east, the Grand River on the west and the south line of Newberry Street, N.W. on the south.

The MNTIFA captures local tax increment revenue but, unlike the DDA, may not capture school tax increment revenue since the MNTIFA did not have eligible debt obligations outstanding prior to January 1, 1995.

SMARTZONE LOCAL DEVELOPMENT FINANCING AUTHORITY (“SMARTZONE”)

The Grand Rapids SmartZone LDFA Certified Technology Park (“CTP”) was created by the City in 2002 under the provisions of Act 281, Public Acts of 1986 of the State of Michigan, as amended. The mission of the SmartZone is to enhance resources entrepreneurs and inventors need to leverage technology, create companies, and establish new industries in Grand Rapids and West Michigan. The SmartZone captures local tax increment revenue but may capture only half of school millage-related tax increment revenue from the districts. The SmartZone may not capture any debt-related millages.

The initial SmartZone boundaries were established in 2001 in the northeastern area of downtown Grand Rapids to take advantage of the synergy created by adjacent medical, research, educational, financial, governmental and non-profit institutions including the City of Grand Rapids, the Van Andel Institute, Grand Valley State University, Grand Rapids Community College, and The Right Place, Inc.

On April 26, 2016, City Commission approved an amended Development Plan and Tax Increment Financing Plan (“the Plan.”) The Plan expanded the Grand Rapids SmartZone District to encompass the entire City, added 62 parcels to the CTP, eliminated the Plymouth Satellite CTP, designated the Holland SmartZone LDFA as a satellite of the Grand Rapids SmartZone, adjusted which extra voted mills are subject to capture, and expanded the area available for investment of tax increment revenues. Approval of the Plan by the Michigan Economic Development Corporation and the State Treasurer allows the CTP to continue to capture 50% of school millage-related tax increment revenues for another 15 years beyond the originally approved 15 year term which was schedule to expire after FY2017.

BUDGETING AND FINANCIAL MONITORING FOR ECONOMIC DEVELOPMENT AUTHORITIES

TIF revenues can fluctuate significantly from year to year compared to other governmental revenue sources. As a result, the City’s TIF authority budgets are prepared later than other City funds and follow a separate budget approval process, which begins after the City Assessor finalizes the upcoming year’s taxable values at the March Board of Review. The Assessor calculates captured assessed values (“CAV”) for the various TIF districts using the MBOR taxable values. Using the CAV, the Debt & Authority Finance Officer calculates tax increment and other revenues for the next five years. Operating and project expenditure requests depend upon the amounts of forecasted revenues remaining after debt obligations are considered. Staff submits the five-year budget forecasts, known as priority plans, to the appropriate board in April for their review and recommendation to City Commission. Upon recommendation by the board, City Commission considers the budget request for the upcoming fiscal year. Once City Commission approves the request, the budget returns to the appropriate board for adoption. Only the upcoming fiscal year is appropriated. The remaining four years of the priority plans are used for development project planning.

The DDA and MNTIFA budgets for Fiscal Year 2021 were approved by City Commission on April 28, 2020. The SmartZone, Brownfield, and CIA Fiscal Year 2021 budgets were approved by City Commission on May 12, 2020. The DID Fiscal Year 2021 budget was approved by City Commission on June 16, 2020. Following City Commission approval, each authority and district board adopted the Fiscal Year 2021 budgets at their next scheduled meetings.

The following fund statements have been formatted to match the City’s budget format. However, authority and district budgets are typically approved and monitored at the project level so board members and staff can determine whether priorities have been accomplished. Boards receive monthly, bi-monthly, quarterly, or ad hoc interim financial statements depending on the volume of financial transactions. For example, the DDA, the largest and busiest of the authorities, receives monthly interim financial statements whereas the Downtown Improvement District is provided with quarterly interim financial statements. Interim financial statements include a Balance Sheet, Statement of Revenues and Expenditures, and Schedule of Expenditures, also known as the “warrant.” The DDA and the Brownfield also receive Statements of Project Expenditures as part of their interim financial statements. The Schedules of Expenditures are reviewed and submitted for board approval each time financial statements are presented.

CITY DEBT

Statutory and Constitutional Debt Provisions

Section 21 of Article VII of the State Constitution establishes the authority, subject to statutory and constitutional limitations, for municipalities like the City to incur debt for public purposes:

“The legislature shall provide by general laws for the incorporation of cities and villages. Such laws shall limit their rate of ad valorem property taxation for municipal purposes, and restrict the powers of cities and villages to borrow money and contract debts. Each city and village is granted power to levy other taxes for public purposes, subject to limitations and prohibitions provided by this constitution or by law.”

In accordance with the authority granted to the State Legislature, the Michigan Home Rule City Act limits the amount of debt a city may have outstanding at any time. Section 4(a) of this Act provides:

“... the net indebtedness incurred for all public purpose may be as much as but shall not exceed the greater of the following:

- (a) Ten percent of the assessed value of all real and personal property in the city.
- (b) Fifteen percent of the assessed value of all the real and personal property in the city if that portion of the total amount of indebtedness incurred which exceeds 10% is or has been used solely for the construction or renovation of hospital facilities.”

Significant exceptions to these legal debt limitations are permitted by the Home Rule City Act for certain types of indebtedness which include: special assessment bonds and State Transportation Fund Act 175 bonds (formerly, motor vehicle highway fund bonds), even though they are general obligations; revenue bonds payable from revenues only, whether secured by a mortgage or not; bonds issued or contract obligations or assessments incurred to comply with an order of the Water Resources Commission of the State or a court of competent jurisdiction, and obligations incurred for water supply, sewage, drainage or refuse disposal or resource recovery projects necessary to protect the public health by abating pollution.

The State's legal debt limit exemptions apply to all of the City's Sanitary Sewer System bond issues, Water Supply System bond issues, Michigan Revolving Fund Sewer and Water Systems Junior Lien bond issues, and Grand Valley Regional Biosolids Authority bond issues. Please see the next page for the City's legal debt margin calculation.

Legal Debt Margin

Pursuant to the statutory and constitutional debt provisions described above, the following table calculates the amount of new principal, the “Legal Debt Margin,” which the City may legally issue as of July 2, 2020.

Debt Limitation ⁽¹⁾	\$646,227,090
Principal Outstanding.....	\$564,233,353
Less: Exempt Debt.....	(443,071,740) <u>\$121,161,613</u>
Legal Debt Margin	<u>\$525,065,477</u>

(1) 10% of \$6,462,270,900, which is the City’s Total SEV for the fiscal year ending June 30, 2020. “Total SEV” includes real and personal ad valorem property values as well as the SEV of real and personal property granted property tax abatements.

Grand Rapids Municipal Bond Ratings

The City’s financial status is regularly reviewed by nationally recognized municipal bond rating agencies. The City’s most recent Sanitary Sewer System revenue bonds were issued in February, 2020 and received ratings of Aa2 Stable Outlook from Moody’s and AA Stable Outlook from Standard & Poor’s. The City’s Water Supply System received ratings of Aa2 Stable Outlook from Moody’s and AA Stable Outlook from Standard & Poor’s for its most recent issue in June, 2020. The City’s most recent limited tax general obligation (LTGO) bond ratings were issued in November, 2018 and received ratings of Aa2 Stable Outlook from Moody’s and AA Stable Outlook from Standard & Poor’s.

A

ACCRUAL BASIS OF ACCOUNTING

Method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

AD VALOREM

A direct tax determined according to the appraised value of property. Counties, school districts, municipalities, and special tax districts are typically authorized by law to levy ad valorem tax on property.

APPROPRIATION

The legal authorization granted by the City Commission to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in amount and the time it may be expended.

ASSESSED VALUATION

A percent of appraisal value assigned to real estate and certain personal property for use as a basis for levying property taxes.

B

BOND

Most often, a written promise to pay a specified sum of money at a specified date or dates in the future, together with periodic interest payments at a specified rate.

BUDGET ORDINANCE

The formal legislative enactment by the City Commission that establishes a fiscal plan and the authority to expend funds.

C

CAPITAL IMPROVEMENT FUNDS

Funds established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and Trust Funds).

CAPITAL EXPENDITURE

Expenditures on durable items (fixed assets) with a long-term lifespan.

COST ALLOCATION

A method of distributing indirect City costs incurred in the General Operating Fund to other departments that benefit from the services rendered by the General Fund.

D

DEBT SERVICE FUNDS

Funds to account for the accumulating of resources for, and the payment of general long-term debt principal and interest. See the Fund Summaries section for more information.

DEFICIT

The excess of a fund's liabilities over its assets and/or the excess of expenditures over revenues during an accounting period.

DEPARTMENT

A major unit of organization in the City comprised of subunits named divisions or bureaus and responsible for the provision of a specific package of services.

DEPRECIATION

The portion of the cost of a fixed asset charged as an expense over a given time period to account for its assumed physical and functional obsolescence.

E

ENCUMBRANCE

Financial commitments related to unperformed contracts for goods or services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures to result if the financial commitment is ultimately completed.

ENTERPRISE FUNDS

Funds to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. See the "Fund Summaries" section for more information.

F

FISCAL PLAN

A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Usually the term indicates a financial plan for a single fiscal year.

FISCAL YEAR

A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations.

FUND

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE

The difference between assets and liabilities of a fund.

FUND TYPE

Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

G

GASB

Governmental Accounting Standards Board

GENERAL OPERATING FUND (GENERAL FUND) (GOF)

A fund to account for all resources not otherwise devoted to specific activities and which finances many of the basic municipal functions. See the "Funds Summaries" section for more information.

GAAP - GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

GFOA

Government Finance Officers Association

GOVERNMENTAL FUNDS

This includes the general, special revenue, debt service and capital project funds. They are accounted for on a financial flow basis, measuring available spendable resources and changes in net current assets.

H

HEADLEE AMENDMENT

A voted State of Michigan amendment limiting the dollar growth of property tax collections for existing properties to the rate of inflation. That growth limit once calculated is accomplished by reducing millage rates accordingly.

HOMESTEAD, i.e., MICHIGAN HOMESTEAD EXEMPTION

(Principal Residence Exemption)

An exemption from a portion of local school operating taxes for Homestead Property in Michigan. To qualify, a citizen must own and occupy the property for which an exemption is being sought. "Owning" means the legal title to the homestead is held by the claimant; "occupying" means it is the claimant's principal residence and the residence listed on the claimant's driver license and/or voter registration.

I

IFT – INDUSTRIAL FACILITY TAX

In lieu of Ad Valorem Taxes, an eligible facility will pay an industrial facilities or commercial facilities tax at a lower rate, to encourage restoration or replacement of obsolete facilities and to attract new facilities to the area.

INFRASTRUCTURE

Public domain fixed assets such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems and similar assets that are immovable and the responsibility of the governmental unit.

INTERNAL SERVICE FUNDS

Funds to account for the financing of goods or services provided by one department to other departments of the governmental unit on a cost-reimbursement basis. See the Fund Summaries section for more information.

M

MDOT

Michigan Department of Transportation

MILL

One one-thousandth of a dollar.

MILLAGE

Rate used in calculating taxes based upon the value of property, expressed in mills per dollar of property value.

MODIFIED ACCRUAL

Revenue is recognized when measurable and available and expenditures are recognized when the liability is liquidated.

N

NET INCOME

Proprietary fund excess of operating revenues, non-operating revenues and operating transfers in over operating expenses, non-operating expenses and operating transfers out.

NEZ – Neighborhood Enterprise Zone

Areas of the City where property taxes are abated for rehabilitation of an existing property and new construction. NEZs are aimed at promoting home ownership and investment where the greatest impact would occur and where such improvements may trigger additional investment in adjacent neighborhoods..

O

OPERATING INCOME

The excess of operating revenues over operating expenses.

P

PERMANENT FUNDS

Permanent Funds are used "to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs."

PROPRIETARY FUNDS

These include the enterprise and internal service funds. They are accounted for in a manner similar to businesses, measuring costs for services and including total assets and liabilities.

R**RENAISSANCE ZONES**

Areas within the City that are free of City and State property and income taxes. This program is designed to promote economic development.

RESOURCES

Cash and other assets that, in the normal course of operations, will become cash.

RETAINED EARNINGS

An equity account reflecting the accumulated earnings of an enterprise.

REVENUE BONDS

Bonds payable from a specified source of revenue which does not represent a pledge of the full faith and credit of an issuer. These bonds are ordinarily backed by a pledge of revenues from the operation of the project which the bonds finance or other special assessments or excise taxes.

S**SEV**

State Equalized Value, the market value assigned to real or personal property through an assessment process for property tax calculation. (See also Taxable Value).

SPECIAL REVENUE FUNDS

To account for the proceeds of specific revenue sources (other than expendable trusts, or major capital projects) that are legally restricted to expenditure for specified purposes. See the Fund Services section for more information.

T**TAX INCREMENT**

The excess taxes generated after taking into account the historic yield.

TAXABLE VALUE

The assessed value assigned to "homestead" real property for property tax calculation with increases in any one year limited to an inflation index. (See also SEV).

TIFA

Tax Increment Financing Authority - An "authority" created to support a specified geographical area financed by property taxes from new or improved facilities within that area.

U**USER FEES**

Charges of a voluntary nature paid by persons receiving a service in exchange for the fee (such as recreation activities or water sales).
